Sec. 1201.162. DISCLOSURE BY RETAILER AND LENDER. (a) Before the completion of a credit application or more than one day before
entering into any agreement for a sale, exchange, or the exercise of the lease purchase option that will not be financed, the retailer must provide to the consumer a written disclosure in the form promulgated by the board. The disclosure shall be in at least 12-point type and must address matters of concern relating to costs and obligations that may be associated with home ownership, matters to be considered in making financing decisions, related costs that may arise when purchasing a manufactured home, and such other matters as the board may deem appropriate to promote informed purchase, financing, and related decisions regarding the acquisition and ownership of a manufactured home. The form shall also conspicuously disclose the consumer's right of rescission.

(b) A federally insured financial institution or lender approved or authorized by the United States Department of Housing and Urban Development as a mortgagee with direct endorsement underwriting authority that fully complies with federal Truth in Lending disclosures concerning the terms of a manufactured housing transaction is exempt from the disclosure provisions of this section.

(c) The right of rescission described in Subsection (a) shall apply only to the sale transaction between the retailer and the consumer. Failure by the retailer to comply with the disclosure provisions of this section does not affect the validity of a subsequent conveyance or transfer of title of a manufactured home or otherwise impair a title or lien position of a person other than the retailer. The consumer shall continue to have the right of rescission with regard to the retailer until the end of the third day after the retailer delivers a copy of the disclosure required by Subsection (a). The consumer's execution of a signed receipt of a copy of the disclosure required by Subsection (a) shall constitute conclusive proof of the delivery of the disclosure. If the consumer grants a person other than the retailer a lien on the manufactured home, the right of rescission shall immediately cease on the filing of the lien with the department.

The delivery of the contract, with all required information included, signed by the retailer constitutes a firm offer by the retailer. Except as provided for in Subsection (b), the consumer may accept the offer not earlier than 24 hours after the delivery of the contract. If the consumer has not accepted the offer within 72 hours after the delivery of the contract, the retailer may withdraw the offer.

(b) The consumer may modify or waive the right to rescind and the deadlines for disclosures before the execution of the contract that are provided by Subsection (a) if the consumer determines that the purchase of the manufactured home is needed to meet a bona fide personal emergency. If the consumer has a bona fide personal emergency that necessitates the immediate purchase of the manufactured home, the consumer shall give the retailer a dated written statement that describes the emergency, specifically modifies or waives the notice periods and any right of rescission, and bears the signature of all of the consumers entitled to the disclosures and right of rescission. In such event the retailer shall immediately give the consumer all of the disclosures required by this code and sell the manufactured home without the required waiting periods or the right of rescission. Printed forms for this purpose are prohibited except in a county that has been declared by the governor to be a major disaster area. SUBCHAPTER E. MANUFACTURED HOME STATEMENTS OF OWNERSHIP AND LOCATION

Sec. 1201.201. DEFINITIONS. In this subchapter:

(1) "Debtor" has the meaning assigned by Section 9.102, Business & Commerce Code.

(2) "Document of title" means a written instrument issued solely by and under the authority of the director before September 1, 2003, that provides the information required by Section 1201.205, as that section existed before that date. Beginning September 1, 2003, a document of title is considered to be a statement of ownership and location and may be exchanged for a statement of ownership and location as provided by Section 1201.214.

(3) "First retail sale" means a consumer's initial acquisition of a new manufactured home from a retailer by purchase, exchange, or lease-purchase. The term includes a bargain, sale, transfer, or delivery of a manufactured home for which the director has not previously issued a statement of ownership and location, with intent to pass an interest in the home, other than a lien.

(4) "Identification number" means the number permanently attached to or imprinted on a manufactured home or section of the home as prescribed by department rule.

(5) "Inventory" has the meaning assigned by Section 9.102, Business & Commerce Code.

(6) "Lien" means:

(A) a security interest created by a lease, conditional sales contract, deed of trust, chattel mortgage, trust receipt, reservation of title, or other security agreement if an interest other than an absolute title is sought to be held or given in a manufactured home; or

(B) a lien on a manufactured home created by the constitution or a statute.

(7) "Manufacturer's certificate" means a document that meets the requirements prescribed by Section 1201.204.

(8) "Secured party" has the meaning assigned by Section 9.102, Business & Commerce Code.

(9) "Security agreement" has the meaning assigned by
Section 9.102, Business & Commerce Code.

(10) "Security interest" has the meaning assigned by Section 1.201, Business & Commerce Code.

(11) "Subsequent sale" means a bargain, sale, transfer, or delivery of a manufactured home, with intent to pass an interest in the home, other than a lien, from one person to another after the first retail sale and initial issuance of a statement of ownership and location.

Sec. 1201.202. APPLICATION OF CHAPTER TO CERTAIN CERTIFICATES OF TITLE OR LIENS. (a) This chapter applies to a certificate of title to a manufactured home issued before March 1, 1982, under Chapter 501, Transportation Code.

(b) A lien recorded before March 1, 1982, with the Texas Department of Transportation or a predecessor agency of that department is recorded with the department for the purposes of this chapter.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1201.203. FORMS; RULES. (a) The board shall adopt rules and forms relating to:

(1) the manufacturer's certificate;
(2) the statement of ownership and location;
(3) the application for a statement of ownership and location; and
(4) the issuance of an initial or revised statement of ownership.

(b) The board shall adopt rules for the documenting of the ownership and location of a manufactured home that has been previously owned in this state or another state. The rules must protect a lienholder recorded with the department.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003. Amended by Acts 2003, 78th Leg., ch. 338, Sec. 13, eff. June 18,
Sec. 1201.204. MANUFACTURER'S CERTIFICATE. (a) A manufacturer's certificate must show:

(1) on a form prescribed by the director, the original transfer of a manufactured home from the manufacturer to the retailer; and

(2) on a form prescribed by the director, each subsequent transfer of a manufactured home between retailers and from retailer to owner, if the transfer from retailer to owner involves a completed application for the issuance of a statement of ownership and location.

(b) At the first retail sale of a manufactured home, a manufacturer's certificate automatically converts to a document that does not evidence any ownership interest in the manufactured home described in the document. A security interest in inventory evidenced by a properly recorded inventory finance lien automatically converts to a security interest in proceeds and cash proceeds.

(c) After the first retail sale of a manufactured home, the retailer must submit the original manufacturer's certificate for that home to the department. If an application for an initial statement of ownership is made without the required manufacturer's certificate and the retailer does not provide it as required, the department shall, on or before the issuance of the requested statement of ownership and location, send written notice to each party currently reflected on the department's records as having a recorded lien on the inventory of that retailer with respect to that home. Failure to include the original manufacturer's certificate with such an application does not impair a consumer's ability to obtain, on submittal of an otherwise complete application, a statement of ownership and location free and clear of any liens other than liens created by or consented to by the consumer.

Sec. 1201.205. STATEMENT OF OWNERSHIP AND LOCATION FORM. A statement of ownership and location must be evidenced by a board-approved form issued by the department setting forth:

(1) the name and address of the seller and the name and, if it is different from the location of the home, the mailing address of the new owner;

(2) the manufacturer's name and address and any model designation, if available;

(3) in accordance with the board's rules:
   (A) the outside dimensions of the manufactured home when installed for occupancy, as measured to the nearest one-half foot at the base of the home, exclusive of the tongue or other towing device; and
   (B) the approximate square footage of the home when installed for occupancy;

(4) the identification number for each section or module of the home;

(5) the physical address where the home is installed for occupancy, including the name of the county, and, if it is different from the physical address, the mailing address of the owner of the home;

(6) in chronological order of recordation, the date of each lien, other than a tax lien, on the home and the name and address of each lienholder, or, if a lien is not recorded, a statement of that fact;

(7) a statement regarding tax liens as follows:
   "On January 1st of each year, a new tax lien comes into existence on a manufactured home in favor of each taxing unit having jurisdiction where the home is actually located on January 1st. In order to be enforced, any such lien must be recorded with the Texas Department of Housing and Community Affairs - Manufactured Housing Division as provided by law. You may check that division's records through its website or contact that division to learn any recorded
tax liens. To find out about the amount of any unpaid tax liabilities, contact the tax office for the county where the home was actually located on January 1st of that year."

(8) a statement that if two or more eligible persons, as determined by Section 1201.213, file with the application for the issuance of a statement of ownership and location an agreement signed by all the persons providing that the home is to be held jointly with a right of survivorship, the director shall issue the statement of ownership and location in all the names;

(9) the location of the home;

(10) a statement of whether the owner has elected to treat the home as real property or personal property;

(11) statements of whether the home is a salvaged manufactured home and whether the home is reserved for business use only; and

(12) any other information the board requires.

Acts 2007, 80th Leg., R.S., Ch. 863 (H.B. 1460), Sec. 25, eff. January 1, 2008.

Sec. 1201.2055. ELECTION BY OWNER. (a) In completing an application for the issuance of a statement of ownership and location, an owner of a manufactured home shall indicate whether the owner elects to treat the home as personal property or real property. An owner may elect to treat a manufactured home as real property only if the home is attached to:

(1) real property that is owned by the owner of the home; or

(2) land leased to the owner of the home under a long-term lease, as defined by department rule.

(b) Repealed by Acts 2009, 81st Leg., R.S., Ch. 77, Sec. 15(2), eff. September 1, 2009.

(c) If the department issues a statement of ownership and location to an owner who has elected to treat a manufactured home as personal property, the statement of ownership and location on file
with the department is evidence of ownership of the home. A lien, charge, or other encumbrance on a home treated as personal property may be made only by filing the appropriate document with the department.

(d) If an owner elects to treat a manufactured home as real property, the department shall issue to the owner a certified copy of the statement of ownership and location that on its face reflects that the owner has elected to treat the manufactured home as real property at the location listed on the statement. Not later than the 60th day after the date the department issues a certified copy of the statement of ownership and location to the owner, the owner must:

(1) file the certified copy in the real property records of the county in which the home is located; and

(2) notify the department and the chief appraiser of the applicable appraisal district that the certified copy has been filed.

(e) A real property election for a manufactured home is not considered to be perfected until a certified copy of the statement of ownership and location has been filed and the department and the chief appraiser of the applicable appraisal district have been notified of the filing as provided by Subsection (d).

(f) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 46, Sec. 8(1), eff. September 1, 2011.

(g) After a real property election is perfected under Subsection (e):

(1) the home is considered to be real property for all purposes; and

(2) no additional issuance of a statement of ownership and location is required with respect to the manufactured home, unless:

(A) the home is moved from the location specified on the statement of ownership and location;

(B) the real property election is changed; or

(C) the use of the property is changed as described by Section 1201.216.

(h) The provisions of this chapter relating to the construction or installation of a manufactured home or to warranties for a manufactured home apply to a home regardless of whether the home is considered to be real or personal property.

(i) Notwithstanding the 60-day deadline specified in Subsection (d), if the closing of a mortgage loan to be secured by real property including the manufactured home is held, the loan is funded, and a
deed of trust covering the real property and all improvements on the property is recorded and the licensed title company or attorney who closed the loan failed to complete the conversion to real property in accordance with this chapter, the holder or servicer of the loan may apply for a statement of ownership and location electing real property status, obtain a certified copy of the statement of ownership and location, and make the necessary filings and notifications to complete such conversion at any time provided that:

(1) the record owner of the home, as reflected on the department's records, has been given at least 60 days' prior written notice at:

(A) the location of the home and, if it is different, the mailing address of the owner as specified in the department records; and

(B) any other location the holder or servicer knows or believes, after a reasonable inquiry, to be an address where the owner may have been or is receiving mail or is an address of record;

(2) such notification shall be given by certified mail; and

(3) the department by rule shall require evidence that the holder or servicer requesting such after-the-fact completion of a real property election has complied with the requirements of this subsection.

Sec. 1201.206. APPLICATION FOR ISSUANCE OF STATEMENT OF OWNERSHIP AND LOCATION. (a) At the first retail sale of a manufactured home, the retailer shall provide for the installation of
the home and ensure that the application for the issuance of a statement of ownership and location is properly completed. The consumer shall return the completed application to the retailer. In accordance with Section 1201.204, the retailer shall surrender to the department the original manufacturer's statement of origin at the same time that the retailer applies for the first statement of ownership and location.

(b) Not later than the 60th day after the date of the retail sale, the retailer shall provide to the department the completed application for the issuance of a statement of ownership and location. (f) If the owner of a manufactured home relocates the home, the owner shall apply for the issuance of a new statement of ownership and location not later than the 60th day after the date the home is relocated. The department shall require that the owner submit evidence that the home was relocated in accordance with the requirements of the Texas Department of Motor Vehicles.

(g) When an application for the issuance of a statement of ownership and location for a used manufactured home that is not in a retailer's inventory is filed, a statement from the tax assessor-collector for the taxing unit having power to tax the manufactured home shall also be filed with the department. The statement from the tax assessor-collector must indicate that there are no personal property taxes due on the manufactured home that may have accrued on each January 1 that falls within the 18 months before the date of the
(h) If a person selling a manufactured home to a consumer for residential use fails to file with the department the application for the issuance of a statement of ownership and location and the appropriate filing fee before the 61st day after the date of the sale, the department may assess a fee of at least $100 against the seller. The department shall have the authority to enforce the collection of any fee from the seller through judicial means. The department shall place on the application for the issuance of a statement of ownership and location the following legend in a clear and conspicuous manner:

"THE FILING OF AN APPLICATION FOR THE ISSUANCE OF A STATEMENT OF OWNERSHIP AND LOCATION LATER THAN SIXTY (60) DAYS AFTER THE DATE OF A SALE TO A CONSUMER FOR RESIDENTIAL USE MAY RESULT IN A FEE OF UP TO ONE HUNDRED DOLLARS ($100.00). ANY SUCH APPLICATION THAT IS SUBMITTED LATE MAY BE DELAYED UNTIL THE FEE IS PAID IN FULL."

(i) When a properly completed notice of installation on the department's promulgated form is filed that relates to a secondary move, the notice must be accompanied by either:

(1) one true and correct copy of the original notice of installation; or

(2) a certification that a true and correct copy of the notice of installation has been provided to the chief appraiser for the county in which the home was installed; the delivery of the copy of the notice to the chief appraiser may be accomplished either by certified mail or by electronic mailing of the electronically reproduced document in a commonly readable format.

(i-1) If the method specified in Subsection (i)(2) is used to report the installation, the department may adopt a discounted fee for the filing of the notice of installation.

(j) In addition to providing each chief appraiser the monthly report required by Section 1201.220, the department shall, on request, provide the tax collector one copy of any requested reported notice of installation.

(k) Notwithstanding any provision in this chapter to the contrary, if a person has acquired a manufactured home and the owner of record or any intervening owners of liens or equitable interests cannot be located to assist in documenting the chain of title, the department may issue a statement of ownership and location to the person claiming ownership if the person can provide a supporting
affidavit describing the chain of title and such reasonable supporting proof as the director may require.

Sec. 1201.207. ISSUANCE OF STATEMENT OF OWNERSHIP AND LOCATION.
(a) Except as provided for in Subsection (a-1), the department shall process any completed application for the issuance of a statement of ownership and location not later than the 15th working day after the date the application is received by the department. If the department rejects an application, the department shall provide a clear and complete explanation of the reason for the rejection and instructions on how to cure any defects, if possible.

(a-1) For the period immediately following June 30 of each year, the department shall, except for applications relating to new manufactured homes and applications accompanied by a tax certificate, cease issuing statements of ownership and location until all tax liens filed with the department before June 30 have been processed and either recorded or rejected. During this period the department will post on its website a notice as to when it is anticipated that processing statements of ownership and location will resume and when it is anticipated that such processing will be within the 15-working-day time frame provided by Subsection (a).

(b) If the department issues a statement of ownership and
location for a manufactured home, the department shall maintain a record of the issuance in its electronic records and shall mail a copy to the owner and each lienholder.

(c) Except with respect to any change in use, servicing of a loan on a manufactured home, release of a lien on a manufactured home by an authorized lienholder, or change in ownership of a lien on a manufactured home, but subject to Section 1201.2075, if the department has issued a statement of ownership and location for a manufactured home, the department may issue a subsequent statement of ownership and location for the home only if all parties reflected in the department's records as having an interest in the manufactured home give their written consent or release their interest, either in writing or by operation of law, or the department has followed the procedures provided by Section 1201.206(k) to document ownership and lien status. Once the department issues a statement of ownership and location, the department shall not alter the record of the ownership or lien status, other than to change the record to accurately reflect the proper owner's or lienholder's identity or to release a lien if an authorized lienholder files with the department a request for that release, of a manufactured home for any activity occurring before the issuance of the statement of ownership and location without either the written permission of the owner of record for the manufactured home, their legal representative, or a court order.

(d) Notwithstanding any other provision of this chapter, if the consumer purchases a new manufactured home from a licensed retailer in the ordinary course of business, whether or not a statement of ownership and location has been issued for the manufactured home, the consumer is a bona fide purchaser for value without notice and is entitled to ownership of the manufactured home free and clear of all liens and to a statement of ownership and location reflecting the same on payment by the consumer of the purchase price to the retailer. If there is an existing lien on the new manufactured home perfected with the department, the owner of the lien is entitled to recover the value of the lien from the retailer.

(e) Notwithstanding any other provision of this chapter, if the consumer purchases a used manufactured home from a retailer in the ordinary course of business, the consumer takes the manufactured home free and clear of any liens created by the selling retailer even if they are recorded.
Sec. 1201.2075. CONVERSION FROM PERSONAL PROPERTY TO REAL PROPERTY. (a) Except as provided by Subsection (b) or Section 1201.206(k), the department may not issue a statement of ownership and location for a manufactured home that is being converted from personal property to real property until:

1. each lien on the home is released by the lienholder; or
2. each lienholder gives written consent, to be placed on file with the department.

(b) The department may issue a statement of ownership and location before the release of any liens or the consent of any lienholders as required by this section if the department releases a certified copy of the statement to:

1. a licensed title insurance company that has issued a commitment to issue a title insurance policy covering all prior liens on the home in connection with a loan that the title company has closed; or
2. a federally insured financial institution or licensed attorney who has obtained from a licensed title insurance company a title insurance policy covering all prior liens on the home.
Sec. 1201.2076. CONVERSION FROM REAL PROPERTY TO PERSONAL PROPERTY. (a) The department may not issue a statement of ownership and location for a manufactured home that is being converted from real property to personal property until the department has inspected the home and determined that it is habitable and:

(1) each lien, including a tax lien, on the home is released by the lienholder; or

(2) each lienholder, including a taxing unit, gives written consent, to be placed on file with the department.

(b) For the purposes of Subsection (a)(1), the department may rely on a commitment for title insurance, a title insurance policy, or a lawyer's title opinion to determine that any liens on real property have been released.

Sec. 1201.208. PAYMENT OF TAXES REQUIRED FOR ISSUANCE OF STATEMENT OF OWNERSHIP AND LOCATION. (a) Any licensee who sells, exchanges, or lease-purchases a new manufactured home to any consumer is responsible for the payment of all required sales and use tax on such home.

(b) If it is determined that a new manufactured home was sold, exchanged, or lease-purchased without the required sales and use tax being paid, the payment shall be made from the fund, up to the available penal amount of the licensee's bond or the remaining balance of the security for the license, and a claim for reimbursement shall be filed with the licensee's surety or the amount deducted from the security for the license.

Sec. 1201.209. GROUNDS FOR REFUSAL TO ISSUE OR FOR SUSPENSION OR REVOCATION OF STATEMENT OF OWNERSHIP AND LOCATION. The department may not refuse to issue a statement of ownership and location and may not suspend or revoke a statement of ownership and location unless:

(1) the application for issuance of the statement of ownership and location contains a false or fraudulent statement, the applicant failed to provide information required by the director, or the applicant is not entitled to issuance of the statement of ownership and location;

(2) the director has reason to believe that the manufactured home is stolen or unlawfully converted, or the issuance of a statement of ownership and location would defraud the owner or a lienholder of the manufactured home;

(3) the director has reason to believe that the manufactured home is salvaged, and an application for the issuance of a new statement of ownership and location that indicates that the home is salvaged has not been filed;

(4) the required fee has not been paid;

(5) the state sales and use tax has not been paid in accordance with Chapter 158, Tax Code, and Section 1201.208; or

(6) a tax lien was filed and recorded under Section 1201.219 and the lien has not been extinguished.

Sec. 1201.210. PROCEDURE FOR REFUSAL TO ISSUE OR SUSPENSION OR REVOCATION OF STATEMENT OF OWNERSHIP AND LOCATION. (a) If the director refuses to issue or suspends or revokes a statement of ownership and location, the director shall give, by certified mail, written notice of that action to:
(1) the seller and purchaser or transferor and transferee, as applicable; and
(2) the holder of a lien or security interest of record.
(b) An action by the director under Subsection (a) is a contested case under Chapter 2001, Government Code.
(c) A notice of appeal and request for hearing must be filed with the director not later than the 30th day after the date of notice of the director's action. If appeal is not timely made, the revocation or suspension described in the notice of the director's action becomes final.
(d) Until a revocation or suspension has become final, the department shall place a hold on any activity relating to the statement of ownership and location other than the recordation of liens, including tax liens.

Sec. 1201.212. TRANSFER OF OWNERSHIP BY OPERATION OF LAW. (a) If the ownership of a manufactured home in this state is transferred by inheritance, devise, or bequest, by bankruptcy, receivership, judicial sale, or other involuntary divestiture of ownership, or by any other operation of law, the department shall issue a new statement of ownership and location after receiving a certified copy of:
(1) the order or bill of sale from an officer making a judicial sale;
(2) the order appointing a temporary administrator;
(3) the probate proceedings;
(4) the letters testamentary or the letters of administration; or
(5) if administration of an estate is not necessary, an affidavit by all of the heirs at law showing:
(A) that administration is not necessary; and
(B) the name in which the statement of ownership and
location should be issued.

(b) The department may issue a new statement of ownership and location in the name of the purchaser at a foreclosure sale:

(1) for a lien or security interest foreclosed according to law by nonjudicial means, if the lienholder or secured party files an affidavit showing the nonjudicial foreclosure according to law; or

(2) for a foreclosed constitutional or statutory lien, if the person entitled to the lien files an affidavit showing the creation of the lien and the resulting divestiture of title according to law.

(c) The department shall issue a new statement of ownership and location to a survivor if:

(1) an agreement providing for a right of survivorship is signed by two or more eligible persons, as determined under Section 1201.213; and

(2) on the death of one of the persons, the department is provided with a copy of the death certificate of that person.

Sec. 1201.213. ELIGIBILITY TO SIGN RIGHT OF SURVIVORSHIP AGREEMENT. (a) A person is eligible to sign a right of survivorship agreement under this subchapter if the person:

(1) is married and the spouse of the signing person is the only other party to the agreement;

(2) is unmarried and attests to that unmarried status by affidavit; or

(3) is married and provides the department with an affidavit from the signing person's spouse that attests that the signing person's interest in the manufactured home is the signing person's separate property.

(b) If the statement of ownership and location is being issued in connection with the sale of the home, the seller is not eligible to sign a right of survivorship agreement under this subchapter unless the seller is the child, grandchild, parent, grandparent, or sibling of each other person signing the agreement. A family relationship required by this subsection may be a relationship
established by adoption.

Sec. 1201.214. DOCUMENT OF TITLE. (a) Effective September 1, 2003, all outstanding documents of title are considered to be statements of ownership and location.

(b) An owner or lienholder may provide to the department a document of title and any additional information required by the department and request that the department issue a statement of ownership and location to replace the document of title. The department shall mail to the owner or lienholder a copy of the statement of ownership and location issued under this subsection.

Sec. 1201.216. CHANGE IN USE. (a) If the owner of a manufactured home notifies the department that the owner intends to treat the home as real property or to reserve its use for a business purpose or salvage, the department shall indicate on the statement of ownership and location for the home that:

(1) the owner of the home has elected to treat the home as real property or to reserve its use for a business purpose or salvage; and

(2) except as provided by Section 1201.2055(h), the home is no longer a manufactured home for purposes of regulation under this
chapter or of recordation of liens, including tax liens.

(b) On application and subject to Sections 1201.2076 and 1201.209, the department shall issue for the structure described in the application a new statement of ownership and location restoring the structure's designation as a manufactured home only after an inspection and determination that the structure is habitable as provided by Section 1201.453.

Sec. 1201.217. MANUFACTURED HOME ABANDONED. (a) The owner of real property on which a manufactured home owned by another is located may declare the home abandoned as provided by this section if:

(1) the home has been continuously unoccupied for at least four months; and

(2) any indebtedness secured by the home or related to a lease agreement between the owner of the real property and the owner of the home is considered delinquent.

(b) Before declaring a manufactured home abandoned, the owner of real property on which the home is located must send a notice of intent to declare the home abandoned to the record owner of the home, all lienholders at the addresses listed on the home's statement of ownership and location on file with the department, the tax collector for each taxing unit that imposes ad valorem taxes on the real property where the home is located, and any intervening owners of
liens or equitable interests. The notice must include the address where the home is currently located. If the person giving such notice knows that a person to whom the notice is being given no longer resides and is no longer receiving mail at a known address, a reasonable effort shall be made to locate the person and give the person notice at an address where the person is receiving mail. Mailing of the notice by certified mail, return receipt requested, postage prepaid, to the persons required to be notified by this subsection constitutes conclusive proof of compliance with this subsection.

(c) On receipt of a notice of intent to declare a manufactured home abandoned, the record owner of the home, a lienholder, a tax assessor-collector for a taxing unit that imposes ad valorem taxes on the real property on which the home is located, or an intervening owner of a lien or equitable interest may enter the real property on which the home is located to remove the home. The real property owner must disclose to the record owner, lienholder, tax assessor-collector, or intervening owner seeking to remove the home the location of the home and grant the person reasonable access to the home. A person removing a home is responsible to the real property owner for any damage to the real property resulting from the removal of the home.

(d) If the manufactured home remains on the real property for at least 45 days after the date the notice is postmarked:
   (1) all liens on the home are extinguished; and
   (2) the real property owner may declare the home abandoned and may apply to the department for a statement of ownership and location listing the real property owner as the owner of the manufactured home.

(e) A new statement of ownership and location issued by the department under this section transfers, free of any liens, if there is evidence of United States Postal Service return receipt from all lienholders, title to the manufactured home to the real property owner.

(f) This section does not apply if the person who owns the real property on which the manufactured home is located and who is declaring that the home is abandoned, or any person who is related to or affiliated with that person, has now, or has ever owned, an interest in the manufactured home.
Sec. 1201.219. PERFECTION, EFFECT, AND RELEASE OF LIENS. (a) A lien on manufactured homes in inventory is perfected only by filing the lien with the department on the required form. Once perfected, the lien applies to the manufactured homes in the inventory as well as to any proceeds from the sale of those homes. The department may suspend or revoke the license of a retailer who fails to satisfy a perfected inventory lien.

(b) Except as provided by Subsection (a) and subject to Subsection (d), a lien on a manufactured home is perfected only by filing with the department the notice of lien on a form provided by the department. The department shall disclose on its website the date of each lien filing. A lien recorded with the department has priority, according to the chronological order of recordation, over another lien or claim against the manufactured home.

(b-1) Notwithstanding any other law, a lien perfected with the department may be released only by filing a request for the release with the department on the form provided by the department or by following the department's procedures for electronic lien release on the department's Internet website. This subsection does not apply to the release of a tax lien perfected with the department.

(c) Notwithstanding any other provision of this section or any other law, the filing of a lien security agreement on the inventory of a retailer does not prevent a buyer in the ordinary course of business, as defined by Section 1.201, Business & Commerce Code, from acquiring good and marketable title free of that lien, and the department may not consider that lien for the purpose of title issuance.

(d) A tax lien on a manufactured home not held in a retailer's inventory is perfected only by filing with the department the notice
of the tax lien on a form provided by the department in accordance with the requirements of Chapter 32, Tax Code. The form must require the disclosure of the original dollar amount of the tax lien and the name and address of the person in whose name the manufactured home is listed on the tax roll. The department shall disclose on its Internet website the date of each tax lien filing, the original amount of the tax lien claimed by each filing, and the fact that the amount shown does not include additional sums, including interest, penalties, and attorney's fees. The statement required by Section 1201.205(7) is notice to all persons that the tax lien exists. A tax lien recorded with the department has priority over another lien or claim against the manufactured home. Tax liens shall be filed by the tax collector for any taxing unit having the power to tax the manufactured home. A single filing by a tax collector is a filing for all the taxing units for which the tax collector is empowered to collect.

(e) A tax lien perfected with the department may be released only by:

(1) filing with the department a tax certificate or tax paid receipt in accordance with Section 32.015, Tax Code;
(2) filing a request for the release with the department on the form provided by the department;
(3) following the department's procedures for electronic tax lien release on the department's Internet website;
(4) a tax collector filing a tax lien release with the department as provided by Subsection (f); or
(5) the department in the manner provided by Subsection (h).

(f) On request by any person, a tax collector shall file a tax lien release with the department if the four-year statute of limitations to file a suit for collection of personal property taxes in Section 33.05(a)(1), Tax Code, has expired.

(g) The department may request that a tax collector confirm that no tax suit has been timely filed on any manufactured home tax lien more than four years in delinquency. The department may make a request under this subsection electronically, and a taxing authority may provide notice of the existence or absence of a timely filed tax suit electronically.

(h) The department shall remove from a manufactured home's statement of ownership and location a reference to any tax lien
delinquent more than four years for which no suit has been timely filed in accordance with Section 33.05(a)(1), Tax Code, if:

(1) a tax collector confirms no suit has been filed; or
(2) the department:
    (A) has submitted to a tax collector two requests under Subsection (g) sent not fewer than 15 days apart; and
    (B) has not received any response from the tax collector before the 60th day after the tax collector's receipt of the second request.

Sec. 1201.220. REPORT TO CHIEF APPRAISER. The department shall make available in electronic format, or in hard-copy format on request, to each chief appraiser of an appraisal district in this state a monthly report that, for each manufactured home reported as having been installed during the preceding month in the county for which the district was established and for each manufactured home previously installed in the county for which a transfer of ownership was recorded by the issuance of a statement of ownership and location during the preceding month, lists:

(1) the name of the owner of the home;
(2) the name of the manufacturer of the home, if available;
(3) the model designation of the home, if available;

department on:
(1) the current ownership and location of a manufactured
home; and
(2) the existence of all tax liens on that home for which
notice has been filed with the department.

PROPERTY. (a) A manufactured home is treated as real property only
if:

(1) the owner of the home has elected to treat the home as real property as provided by Section 1201.2055; and

(2) a certified copy of the statement of ownership and location for the home has been filed in the real property records of the county in which the home is located.

(b) Repealed by Acts 2005, 79th Leg., Ch. 1284, Sec. 34(1), eff. June 18, 2005.

(c) Installation of a manufactured home considered to be real property under this chapter must occur in a manner that satisfies the lending requirements of the Federal Housing Administration (FHA), Fannie Mae, or Freddie Mac for long-term mortgage loans or for FHA insurance. The installation of a new manufactured home must meet, in addition to applicable state standards, the manufacturer's specifications required to validate the manufacturer's warranty.

(d) A civil action to enjoin a violation of this section may be brought by:

(1) a purchaser in the county in which the violation occurs; or

(2) the county in which the violation occurs.

SUBCHAPTER F. STANDARDS

Sec. 1201.251. STANDARDS AND REQUIREMENTS ADOPTED BY BOARD.

(a) The board shall adopt standards and requirements for:

(1) the installation and construction of manufactured housing that are reasonably necessary to protect the health, safety, and welfare of the occupants and the public; and

(2) the construction of HUD-code manufactured homes in compliance with the federal standards and requirements established
under the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Section 5401 et seq.).

(b) The standards and requirements adopted under Subsection (a)(1) are the standards code.

(c) The standards adopted under Subsection (a)(1) must ensure that manufactured housing installed on both permanent and nonpermanent foundation systems resists overturning and lateral movement, according to the design loads for the particular wind zone for which the housing was constructed.

(d) In order to ensure that the determinations required by this section are properly made by qualified persons:

(1) the board's rules may provide for the approval of foundation systems and devices that have been approved by licensed engineers; and

(2) any generic installation standards promulgated by rule shall first be reviewed by an advisory committee established by the board comprised of representatives of manufacturers, installers, and manufacturers of stabilization systems or devices, including one or more licensed engineers.

(e) The advisory committee established by Subsection (d) shall make a report to the board setting forth each comment and concern over any proposed rules. The members of the committee shall have no personal liability for providing this advice.

(b) Written notice to the department is deemed to be notice to the manufacturer, retailer, or installer commencing three business days after receipt and forwarding of the notice by the department to the licensee by regular mail or electronic mail of a scanned copy of the notice.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003. Amended by:

   Acts 2007, 80th Leg., R.S., Ch. 863 (H.B. 1460), Sec. 41, eff. January 1, 2008.
Sec. 1201.355. CONSUMER COMPLAINT HOME INSPECTION.  (a) If the manufacturer, retailer, or installer does not provide the consumer with proper warranty service, the consumer may, at any time, request the department to perform a consumer complaint home inspection. The department may not charge a fee for the inspection.

(b) On payment of the required inspection fee, the manufacturer, retailer, or installer may request the department to perform a consumer complaint home inspection if the manufacturer, retailer, or installer:

(1) believes the consumer's complaints are not covered by the warranty of the manufacturer, retailer, or installer, as applicable;

(2) believes that the warranty service was properly provided; or

(3) disputes responsibility concerning the warranty obligation.

(c) The department shall perform a consumer complaint home inspection not later than the 30th day after the date of receipt of a request for the inspection.

(d) Notwithstanding any other provision of this section, the department may make an inspection at any time if it believes that there is a reasonable possibility that a condition exists that would present an imminent threat to health or safety.

Sec. 1201.356. REPORT AND ORDER; AMENDMENT; COMPLIANCE.  (a) Not later than the 10th day after the date of a consumer complaint home inspection, the department shall send a written report and any order to the consumer, manufacturer, retailer, and installer by certified mail, return receipt requested.

(b) The report shall specify:

(1) each of the consumer's complaints; and

(2) whether the complaint is covered by the manufacturer's,
retailer's, or installer's warranty and, if so, which of those warranties.

(c) The director shall issue to the manufacturer, retailer, or installer an appropriate order for corrective action by the manufacturer, retailer, or installer specifying a reasonable period for completion of the corrective action. With regard to new manufactured homes, both the installer and the retailer are responsible for the warranty of installation. If the department determines that a complaint is covered by the installation warranty, the director shall issue the order to the installer for the corrective action. If the installer fails to perform the corrective action, the installer shall be subject to the provisions of Section 1201.357. In that instance, the director shall issue the same order for corrective action to the retailer with a new time frame not to exceed 10 days unless additional time is needed for compliance upon a showing of good cause. If the retailer is compelled to perform corrective action because of the failure of the installer to comply with the director's order, the retailer may seek reimbursement from the installer. The period for the performance of any required warranty work may be shortened by the director as much as is feasible if the warranty work is believed necessary to address a possible imminent threat to health or safety.

(d) The department may issue an amended report and order if all parties receive notice of and are given an opportunity to respond to that report and order. The amended report and order supersede the initial report and order.

(e) The manufacturer, retailer, or installer shall comply with the report and order of the director.

Sec. 1201.357. FAILURE TO PROVIDE WARRANTY SERVICE. (a) If the manufacturer, retailer, or installer, as applicable, fails to provide warranty service within a period specified by the director, the manufacturer, retailer, or installer must show good cause in writing as to why the manufacturer, retailer, or installer failed to
provide the service.

(b) If the manufacturer, retailer, or installer, as applicable, fails or refuses to provide warranty service in accordance with the department order under Section 1201.356, the director shall hold an informal meeting at which the manufacturer, retailer, or installer must show cause as to why the manufacturer's, retailer's, or installer's license should not be suspended or revoked and at which the consumer may express the person's views. Following the meeting, the director shall either resolve the matter by agreed order, dismiss the matter if no violation is found to have occurred, or institute an administrative action, which may include license suspension or revocation, the assessment of administrative penalties, or a combination of such actions.

(b-1) As authorized by Section 1201.6041, the director may order a manufacturer, retailer, or installer, as applicable, to pay a refund directly to a consumer as part of an agreed order described by Subsection (b) instead of or in addition to instituting an administrative action under this chapter.

(c) If the manufacturer, retailer, or installer is unable to provide warranty service in accordance with the department order under Section 1201.356 as a result of an action of the consumer, the manufacturer, retailer, or installer must make that allegation in the written statement required by Subsection (a). The department shall investigate the allegation, and if the department determines that the allegation is credible, the department shall issue a new order specifying the date and time of the proposed corrective action. The department shall send the order to the consumer and the manufacturer, retailer, or installer, as applicable, by certified mail, return receipt requested. If the consumer refuses to comply with the department's new order, the manufacturer, retailer, or installer, as applicable:

(1) is discharged from the obligations imposed by the relevant department orders;

(2) has no liability to the consumer with regard to that warranty; and

(3) is not subject to an action by the department for failure to provide warranty service.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003. Amended by:
Sec. 1201.358. FAILURE TO SHOW GOOD CAUSE; HEARING RESULTS.

(a) Failure by the manufacturer, retailer, or installer to show good cause under Section 1201.357(a) is a sufficient basis for suspension or revocation of the manufacturer's, retailer's, or installer's license.

(b) If the director determines that an order was incorrect regarding a warranty obligation, the director shall issue a final order stating the correct warranty obligation and the right of the manufacturer, retailer, or installer to indemnification from one of the other parties.

(c) The director may issue an order:

(1) directing a manufacturer, retailer, or installer whose license is not revoked, suspended, or subject to an administrative sanction under Section 1201.357(b) and who is not out of business to perform the warranty obligation of a manufacturer, retailer, or installer whose license is revoked, suspended, or subject to an administrative sanction under Section 1201.357(b) or who is out of business; and

(2) giving the manufacturer, retailer, or installer performing the obligation the right of indemnification against another party.

(d) A manufacturer, retailer, or installer entitled to indemnification under this section is a consumer for purposes of Subchapter I and may recover actual damages from the trust fund.

Sec. 1201.359. APPLICATION OF WARRANTIES IF HUD-CODE MANUFACTURED HOME MOVED. (a) The manufacturer's and retailer's warranties do not apply to any defect or damage caused by moving a new HUD-code manufactured home from the initial installation site. (b) Conspicuous notice of the warranty exception under Subsection (a) must be given to the consumer at the time of sale. (c) The warrantor has the burden of proof to show that the defect or damage is caused by the move.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1201.360. WARRANTY FOR HUD-CODE MANUFACTURED HOME PERMANENTLY ATTACHED TO REAL PROPERTY. (a) The seller of real property to which a new HUD-code manufactured home is permanently attached may give the initial purchaser a written warranty that combines the manufacturer's warranty and the retailer's warranty required by this subchapter if:

(1) the statement of ownership and location reflects that the owner has elected to treat the home as real property;
(2) the home is actually located where the statement of ownership and location reflects that it is located; and
(3) a certified copy of the statement of ownership and location has been filed in the real property records for the county in which the home is located.

(b) If a combination warranty is given under this section, the manufacturer and retailer are not required to give separate written warranties, but the manufacturer and retailer are jointly liable with the seller of the real property to the purchaser for the performance of their respective warranty obligations.

Sec. 1201.361. INSTALLER'S WARRANTY. (a) For all installations, the installer shall give the manufactured home owner a written warranty that the installation of the home was performed in accordance with all department standards, rules, orders, and requirements. The warranty for the installation of a new HUD-code
manufactured home is to be given by the retailer, who is responsible for installation. If the retailer subcontracts this function to a licensed installer, the retailer and installer are jointly and severally responsible for performance of the warranty.

(b) The warranty must conspicuously disclose the requirement that the consumer notify the installer of any claim in writing in accordance with the terms of the warranty. Unless the warranty provides for a longer period, the installer or retailer has no obligation or liability under the person's warranty for any defect described in a written notice received from the consumer more than two years after the later of the date of purchase or the date of installation.

Sec. 1201.362. INSPECTIONS NOT LIMITED; CORRECTIONS. (a) Nothing in this chapter shall limit the ability of the department to inspect a manufactured home at any time.

(b) Notwithstanding the limitations and terms of any warranty, the director may, whenever the department identifies any aspect of an installation that does not conform to applicable requirements, order the licensee who performed the installation to correct it, or, if that licensee is no longer licensed, reassign correction to a licensed installer and reimburse the person from the fund for the costs of correction.

(b) The director may issue an order to any person to cease and desist from violating any law, rule, or written agreement or to take corrective action with respect to any such violations if the violations in any way are related to the sale, financing, or installation of a manufactured home or the providing of goods or services in connection with the sale, financing, or installation of a manufactured home unless the matter that is the basis of such violation is expressly subject to inspection and regulation by another state agency; provided, however, that if any matter involves a law that is subject to any other administration or interpretation by another agency, the director shall consult with the person in charge of the day-to-day administration of that agency before issuing an order.

A bond is not required of the director with respect to injunctive relief granted under this subsection.

(f) If a person licensed under this chapter fails to pay an administrative penalty that has become final or fails to comply with an order of the director that has become final, in addition to any other remedy provided by law, the director, after not less than 10 days' notice to the person, may without a prior hearing suspend the person's license. The suspension shall continue until the person has complied with the cease and desist order or paid the administrative penalty. During the period of suspension, the person may not perform any act requiring a license under this chapter, and all compensation received by the person during the period of suspension is subject to forfeiture to the person from whom it was received.

(A) forward the amount assessed to the department for deposit in an escrow account;

(B) in lieu of payment into escrow, post with the department a supersedeas bond for the amount of the penalty, in a form approved by the director and effective until judicial review of the decision is final; or

(C) without paying the amount of the penalty or posting the supersedeas bond, pursue judicial review.

(d) A person charged with a penalty who is financially unable to comply with Subsection (c)(2) is entitled to judicial review if the person files with the court, as part of the person's petition for judicial review, a sworn statement that the person is unable to meet the requirements of that subsection.

(e) If the person charged does not pay the penalty and does not pursue judicial review, the department or the attorney general may bring an action for the collection of the penalty.

(f) Judicial review of the order of the director assessing the penalty is subject to the substantial evidence rule and shall be instituted by filing a petition with a district court in Travis County.

(g) If, after judicial review, the penalty is reduced or not assessed, the director shall remit to the person charged the appropriate amount, plus accrued interest if the penalty has been paid, or shall execute a release of the bond if a supersedeas bond has been posted. The accrued interest on amounts remitted by the
director under this subsection shall be paid at a rate equal to the rate charged on loans to depository institutions by the New York Federal Reserve Bank and shall be paid for the period beginning on the date the assessed penalty is paid to the director and ending on the date the penalty is remitted.

(h) A penalty collected under this section shall be deposited in the trust fund.

(i) All proceedings conducted under this section and any review or appeal of those proceedings are subject to Chapter 2001, Government Code.

(j) If it appears that a person is in violation of, or is threatening to violate, any provision of this chapter or a rule or order related to the administration and enforcement of the manufactured housing program, the attorney general, on behalf of the director, may institute an action for injunctive relief to restrain the person from continuing the violation and for civil penalties not to exceed $1,000 for each violation and not exceeding $250,000 in the aggregate. SUBCHAPTER D. PRACTICE BY SERVICE CONTRACT PROVIDERS, ADMINISTRATORS, AND SELLERS

Sec. 1304.151. FINANCIAL SECURITY REQUIREMENTS; DISTRIBUTION OF FUNDS HELD IN TRUST. (a) To ensure the faithful performance of a provider's obligations to its service contract holders, each provider must:
   (1) insure the provider's service contracts under a
reimbursement insurance policy issued by an insurer authorized to transact insurance in this state or by a surplus lines insurer eligible to place coverage in this state under Chapter 981, Insurance Code;

(2) maintain a funded reserve account covering the provider's obligations under its service contracts that are issued and outstanding in this state and place in trust with the executive director a financial security deposit consisting of:
   (A) a statutory deposit of cash;
   (B) a letter of credit issued by a qualified financial institution; or
   (C) a certificate of deposit issued by a qualified financial institution; or

(3) maintain, or have a parent company that maintains, a net worth or stockholders' equity of at least $100 million.

(b) If the provider ensures its obligations under Subsection (a)(2), the amount maintained in the reserve account may not be less than an amount equal to 40 percent of the gross consideration the provider received from consumers from the sale of all service contracts issued and outstanding in this state, minus any claims paid. The executive director may review and examine the reserve account. The amount of the security deposit may not be less than $250,000. The provider must submit to the executive director on request a copy of the provider's financial statements that must be prepared in accordance with generally accepted accounting principles, be without qualification as to the going concern status of the provider, and be audited by an independent certified public accountant. The commission by rule may require the provider to submit additional financial reports.

(c) If the provider ensures its obligations under Subsection (a)(3), the provider must give to the executive director on request:
   (1) a copy of the provider's or the provider's parent company's most recent Form 10-K or Form 20-F filed with the Securities and Exchange Commission within the preceding calendar year; or

   (2) if the provider or the provider's parent company does not file with the Securities and Exchange Commission, a copy of the provider's or the provider's parent company's audited financial statements showing a net worth of the provider or its parent company of at least $100 million.
(d) If the provider's parent company's Form 10-K, Form 20-F, or audited financial statements are filed to show that the provider meets the financial security requirement, the parent company shall agree to guarantee the obligations of the provider relating to service contracts sold by the provider in this state.

(e) The executive director may not require a provider to meet any additional financial security requirement.

(f) In the event of a provider's bankruptcy or a similar event affecting the ability of the provider to faithfully perform its obligations to its service contract holders, the executive director may distribute any funds held in trust as financial security for the provider under this section to eligible service contract holders as payment for claims. The executive director must distribute the funds in an equitable and cost-effective manner as determined by the executive director.

Sec. 1304.152. REIMBURSEMENT INSURANCE POLICY. (a) A reimbursement insurance policy that a provider uses to comply with Sections 1304.1025 and 1304.151(a)(1) must state that:

(1) the insurer that issued the policy shall:

(A) reimburse or pay on behalf of the provider any covered amount the provider is legally obligated to pay; or

(B) provide the service that the provider is legally obligated to perform according to the provider's contractual obligations under the insured service contract;

(2) if the covered service is not provided to a service contract holder not later than the 60th day after the date of proof of loss, the insurer shall pay the covered amount directly to the service contract holder or provide the required service; and

(3) if a refund is not paid to the service contract holder
or credited to the service contract holder's account as required by
Section 1304.158, the insurer, after receiving written notice, shall
pay the refund amount directly to the service contract holder.

(a-1) For a reimbursement insurance policy to comply with
Section 1304.151(a)(1), the insurer issuing the policy must:

(1) maintain surplus as to policyholders and paid-in
capital of at least $15 million and annually file with the executive
director copies of the insurer's audited financial statements,
National Association of Insurance Commissioners annual statement, and
actuarial certification if the certification is required and filed in
the insurer's state of domicile; or

(2) maintain surplus as to policyholders and paid-in
capital of at least $10 million but not more than $15 million,
demonstrate to the satisfaction of the executive director that the
insurer maintains a ratio of net written premiums, wherever written,
to surplus as to policyholders and paid-in capital of not more than
three to one, and annually file with the executive director copies of
the insurer's audited financial statements, National Association of
Insurance Commissioners annual statement, and actuarial certification
if the certification is required and filed in the insurer's state of
domicile.

(b) The insurer may not cancel the reimbursement insurance
policy until the insurer delivers to the provider and the executive
director a written notice of cancellation that complies with the
notice requirements prescribed by Subchapters B and C, Chapter 551,
Insurance Code, for cancellation of an insurance policy under those
subchapters. Cancellation of the policy does not affect the
insurer's liability for a service contract issued by the provider and
insured under the policy before the effective date of the
cancellation.

(b-1) If the insurer or provider cancels the reimbursement
insurance policy, the provider named on the policy may not issue a
new service contract after the effective date of the cancellation
unless:

(1) the provider files with the executive director a copy
of a new policy that meets the requirements of this section and that
provides coverage after that date; or

(2) the provider complies with other financial security
requirements provided by Section 1304.151(a).

(c) A provider is considered the agent of an insurer that
issues a reimbursement insurance policy for purposes of obligating the insurer to the service contract holder in accordance with the service contract and this chapter. The insurer issuing the reimbursement insurance policy is considered to have received the premium for the policy on the date the service contract holder pays the purchase price of the service contract.

(d) This chapter does not prevent or limit the right of the insurer to seek indemnification or subrogation against a provider for any amount the insurer pays or is obligated to pay to a service contract holder on behalf of the provider.

(e) In this section, "net written premiums" means the sum of direct written premiums and assumed reinsurance premiums, minus ceded reinsurance premiums.

(1) a surety bond issued by an authorized surety;
(2) securities of the type eligible for deposit by an authorized insurer in this state;
(3) a statutory deposit of cash or cash equivalents;

A provider that maintained a funded reserve account may not sell or issue a service contract on or after September 1, 2012, unless the provider is in compliance with this subsection.

(d) A provider that maintained a funded reserve account shall:

(1) continue to maintain the funded reserve account and security deposit at appropriate levels for service contracts that were sold or issued in this state before September 1, 2012, until the contracts are no longer in effect; or

(2) provide financial security for service contracts sold or issued before September 1, 2012, by complying with the financial security requirements of Section 1304.151.

(e) If a provider provides financial security for service contracts sold or issued before September 1, 2012, by complying with the financial security requirements of Section 1304.151, the provider shall give to the executive director satisfactory documentation that the reimbursement insurance policy, funded reserve account and security deposit, or net worth covers all outstanding service contracts issued before September 1, 2012.

(f) A service contract that is sold or issued before September 1, 2012, and is covered under a funded reserve account and security deposit may not be extended or renewed at the end of the service contract term unless the provider provides financial security for those service contracts by complying with the financial security requirements of Section 1304.151 before the extension or renewal.

(c) Unless registered as a provider or administrator, a seller is prohibited from engaging in activities that would require registration as a provider or administrator.

(d) A seller shall process a service contract application and a payment from a consumer in accordance with this chapter and with any sales agreement or contract between the provider and the seller.

(d) A provider that discontinues business in this state shall retain its records until the provider furnishes the executive director with proof satisfactory to the executive director that the provider has discharged all obligations to service contract holders in this state.

(e) An administrator appointed to maintain the provider's records is responsible for compliance with this section to the same extent as the provider.

SUBCHAPTER L. GENERAL PROVISIONS APPLICABLE TO REGULATED PERSONS

Sec. 1702.282. CRIMINAL HISTORY CHECK. (a) The board shall conduct a criminal history check, including a check of any criminal history record information maintained by the Federal Bureau of Investigation, in the manner provided by Subchapter F, Chapter 411, Government Code, on each applicant for a license, registration, security officer commission, letter of approval, permit, endorsement, or certification. As part of its criminal history check, the board may request that the applicant provide certified copies of relevant court documents or other records. The failure to provide the requested records within a reasonable time as determined by the board may result in the application being considered incomplete. An applicant is not eligible for a license, registration, commission, letter of approval, permit, endorsement, or certification if the check reveals that the applicant has committed an act that constitutes grounds for the denial of the license, registration, commission, letter of approval, permit, endorsement, or certification. Except as provided by Subsection (d), each applicant shall submit at the time of application, including an application for the renewal of a license, registration, commission, letter of approval, permit, endorsement, or certification, fingerprints in the manner prescribed by the board accompanied by the fee set by the board.

(b) Before beginning employment as a commissioned security officer, the applicant must be approved by the board based on the results of the check under Subsection (a). To continue employment in a capacity regulated under this chapter other than as a commissioned security officer, the applicant must be approved by the board based on the results of the check under Subsection (a) not later than the 120th day after the date the applicant begins employment in that capacity.

(c) A license, registration, security officer commission, letter of approval, permit, endorsement, or certification issued by the board is conditional on the board's receipt of criminal history record information.

(d) An applicant who is a peace officer is not required to
submit fingerprints with the applicant's application. On request, the law enforcement agency or other entity that employs the peace officer or the entity that maintains the peace officer's fingerprints shall provide the fingerprints for the peace officer to the board. The applicant shall provide sufficient information to the board to enable the board to obtain the fingerprints under this subsection.

(e) On receipt of notice that a check of the applicant's criminal record has uncovered an unresolved and potentially disqualifying arrest that occurred before the 10th anniversary of the date the application is filed, the applicant must provide a letter of reference from the county sheriff, prosecuting attorney, or judge of the county in which the applicant was arrested stating that a record of a disposition related to the arrest does not exist, and to the best of the county sheriff's, prosecuting attorney's, or judge's knowledge the applicant is free of any disqualifying convictions. If the applicant fails to provide either the letter of reference or documentary proof of the final disposition of the arrest, the application is considered incomplete and the applicant may not be issued a license, commission, endorsement, or certificate of registration under this chapter.

Sec. 1702.3615. DIRECT APPEAL IN LIMITED CASES. (a) An applicant may appeal directly to the board the denial of a license, registration, or security officer commission application if:

(1) the sole basis of the denial is the applicant's status as a registered sex offender;

(2) the applicant's status as a sex offender is not based on a criminal conviction that would make the applicant ineligible under Section 1702.113 or 1702.163; and

(3) the applicant waives the applicant's right to a hearing before the State Office of Administrative Hearings.

(b) A proceeding under Subsection (a) is governed by Chapter 2001, Government Code. A hearing must be held at a regular meeting of the board.

(c) In a proceeding held as provided by Subsection (a), the board may approve the application if the board determines the circumstances surrounding the applicant's registration as a sex offender warrant approval based on factors previously established by rule.

Sec. 1702.362. FAILURE TO FILE REQUIRED NOTICE. The board may suspend or revoke a license if the license holder fails to notify the board as required by Section 1702.121 that a manager has ceased to be the manager of the license holder.

Except as provided by Sections 1702.3615(b) and 1702.364, a person regulated under this chapter against whom the board has taken action is entitled to a hearing before the State Office of Administrative Hearings. A proceeding under this section is a contested case that is governed by Chapter 2001, Government Code.

Sec. 1702.364. SUMMARY ACTIONS. (a) On receiving written notice from a law enforcement agency that a person has been charged with or convicted of an offense that would make the person ineligible for a license, certificate of registration, endorsement, or security officer commission under Section 1702.113 or 1702.163, or a rule adopted under Section 1702.004(b), the department shall:

(1) summarily deny the person's application for a license, registration, endorsement, or security officer commission;

(2) in the event of pending charges, summarily suspend the person's license, certificate of registration, endorsement, or security officer commission; or
in the event of a conviction, summarily revoke the person's license, certificate of registration, endorsement, or security officer commission.

(b) To initiate a proceeding to take action under Subsection (a), the department must serve notice to the person. The notice must:

(1) inform the person of the right to a preliminary hearing before the department;
(2) state the basis for the summary action; and
(3) be personally served on the person or the person's authorized representative, or sent to the person by certified or registered mail, return receipt requested, to the person's mailing address as it appears in the department's records.

(c) The action is effective at the time notice is served. The person shall immediately surrender to the department any certificate of registration, security officer commission, pocket card, or other form of identification issued by the department.

(d) At a preliminary hearing, the person must show cause why:

(1) the application should not have been denied;
(2) the registration, license, endorsement, or security officer commission should not have been suspended; or
(3) the registration, license, endorsement, or commission should not have been revoked.

(e) Chapter 2001, Government Code, does not apply to the department's initial action under this section or to a preliminary hearing before the department under this section.

(f) The dismissal of a complaint, information, or indictment or an acquittal releases the person from automatic grounds for a summary denial of an application or summary suspension of a registration, endorsement, or security officer commission under this section. A conviction for the offense giving rise to a summary suspension is automatic grounds for immediate, summary revocation.

(g) The results of the preliminary hearing may be appealed by requesting, in writing, a hearing before an administrative law judge of the State Office of Administrative Hearings. On receipt of the request, the department shall set a hearing and give written notice of the hearing to the person.

(h) The administrative law judge shall make findings of fact and conclusions of law regarding the person's eligibility for a license, registration, or endorsement under this section and promptly
issue to the board a proposal for a decision.

(i) At its earliest possible quarterly meeting, the board shall consider the proposal for decision and promptly issue a final order.

A person who is required to testify or to produce a record or document under this subsection is not subject to indictment or prosecution for a transaction, matter, or thing concerning which the person truthfully testifies or produces evidence.

(d) If a witness refuses to obey a subpoena or to give evidence relevant to proper inquiry by the board, the board may petition a district court of the county in which the hearing is held to compel the witness to obey the subpoena or to give the evidence. The court shall immediately issue process to the witness and shall hold a hearing on the petition as soon as possible.

(e) An investigator employed by the board may take statements under oath in an investigation of a matter covered by this chapter.

(f) A person licensed or otherwise regulated under this chapter who fails without good cause to comply with a subpoena issued under this section may be subject to suspension of a license under Section 1702.361.

(g) If a subpoena issued under this section relates to an ongoing criminal investigation by the department and the department determines that disclosure could significantly impede the investigation, the subpoena may provide that the person to whom the subpoena is directed may not:

Sec. 2001.652. PETITION. (a) A petition for an election to
legalize bingo under this chapter must have a statement substantially as follows preceding the space reserved for signatures on each page:

"This petition is to require that an election be held in (name of political subdivision) to legalize bingo games authorized under the Bingo Enabling Act."

(b) A petition for an election to prohibit bingo under this chapter must have a statement substantially as follows preceding the space reserved for signatures on each page: "This petition is to require that an election be held in (name of political subdivision) to prohibit bingo games authorized under the Bingo Enabling Act."

(c) A petition is valid only if it is signed by a number of registered voters of the political subdivision equal to at least 10 percent of the number of votes received in the political subdivision by all candidates for governor in the most recent general election, or the amount specified in the document governing the administration of the political subdivision, whichever is less. If boundaries of the political subdivision do not coincide with boundaries of election precincts in effect for that general election, the officer verifying the petition may use a reasonable method to estimate the number of votes for governor received in that election in the political subdivision.

(d) A signer must enter beside the signer's signature the date of signing the petition. A signature may not be counted if the signer fails to enter the date or if the date of signing is earlier than the 90th day before the date the petition is submitted to the governing body.

(e) In addition to the signature and date of signing, the petition must include each signer's:

1. current voter registration number;
2. printed name; and
3. residence address, including zip code.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 2001.653. VERIFICATION OF PETITION. (a) Not later than the fifth day after the date the governing body receives a petition for an election, the governing body shall submit the petition for verification to the county clerk if the petition is applicable to a county or justice precinct or to the municipal secretary if the
petition is applicable to a municipality.

(b) The officer to whom the petition is submitted for verification shall determine whether the petition is signed by the required number of registered voters of the political subdivision in which the election is requested.

(c) Not later than the 30th day after the date the petition is submitted to the officer for verification, the officer shall certify in writing to the governing body whether the petition is valid or invalid. If the officer determines that the petition is invalid, the officer shall state all reasons for that determination.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 2001.654. DATE OF ELECTION. (a) If the officer responsible for certifying a petition determines that a petition is valid, the governing body shall:

(1) order that an election be held in the appropriate political subdivision on a date not later than the 60th day after the date of the officer's certification; and

(2) notify the commission by certified mail, return receipt requested, that an election has been ordered.

(b) If a uniform election day as provided by Section 41.001(a), Election Code, does not occur within the 60-day period, the governing body shall order the election to be held on the next uniform election date provided by that section.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 2001.655. BALLOT PROPOSITION. (a) In an election to legalize bingo under this chapter in a political subdivision, the ballot shall be prepared to provide for voting for or against the proposition: "Legalizing bingo games for charitable purposes as authorized by the Bingo Enabling Act in (name of political subdivision)."

(b) In an election to prohibit bingo under this chapter in a political subdivision, the ballot shall be prepared to provide for voting for or against the proposition: "Prohibiting bingo games for charitable purposes as authorized by the Bingo Enabling Act in (name of political subdivision)."
Sec. 2001.656. EFFECT OF ELECTION. (a) If a majority of the qualified voters voting on the question in a legalization election vote in favor of legalization, bingo is legalized throughout the political subdivision beginning on the 14th day after the date the result of the election is officially declared, except as otherwise provided as to a part of the political subdivision for which Section 2001.657 requires a contrary status.

(b) If a majority of the qualified voters voting on the question in a prohibitory election vote in favor of prohibition, bingo is prohibited throughout the political subdivision beginning on the 14th day after the date the result of the election is officially declared, except as otherwise provided as to a part of the political subdivision for which Section 2001.657 requires a contrary status.

(c) If a majority of the qualified voters voting on the question in a legalization election do not favor legalization, or if a majority of the qualified voters voting on the question in a prohibitory election do not favor prohibition, the election has no effect on the status under this chapter of the political subdivision in which the election is held.

(d) The governing body of a political subdivision in which a bingo election has been held shall not later than the 14th day after the date of the election give written notification to the commission of the results of the election. If as a result of the election bingo is legalized in the political subdivision, the governing body shall furnish the commission with a map prepared by the governing body indicating the boundaries of the political subdivision in which bingo may be conducted.

Sec. 2001.657. DETERMINATION OF LOCAL OPTION STATUS. (a) In determining whether bingo under this chapter is permitted in an area, the rules provided by this section apply.
(b) Bingo is permitted in an area only as the result of a successful election held under this chapter.

(c) To the extent that the results of local option elections held by different types of political subdivisions conflict with regard to the same territory, the relative dates of the elections are of no consequence and the following rules apply:
   
   (1) the status of an area as determined by a municipal election prevails over a contrary status as determined by a justice precinct or county election; and
   
   (2) the status of an area as determined by a justice precinct election prevails over the contrary status of the area as determined by a county election.

(d) If two or more local option elections held at the justice precinct level apply to the same territory, the most recent election prevails.

(e) If a municipality has established a status by a municipal election, territory annexed to the municipality after that status is established assumes the status under this chapter of the rest of the municipality. Territory detached from the municipality assumes the status the territory would have had if it had never been a part of the municipality. If the detached territory is added to another municipality that has established a status by a municipal election, the territory assumes the status of the municipality to which it is added.

(f) The addition of territory to or detachment of territory from a justice precinct does not affect the status under this chapter of the added or detached territory, except that in a county with a population of more than 3.3 million the added or detached territory assumes the status of the justice precinct of which it becomes a part. The abolition of a justice precinct does not affect the status under this chapter of the territory formerly within the justice precinct.

Sec. 2301.301. LICENSE TERM AND RENEWAL. (a) Licenses issued under this chapter are valid for the period prescribed by the board.

(b) The department may issue a license for a term of less than the period prescribed under Subsection (a) to coordinate the expiration dates of licenses held by a person that is required to obtain more than one license to perform activities under this chapter.
(c) The board by rule may implement a system under which licenses expire on various dates during the year. For a year in which a license expiration date is changed, the fee for the license shall be prorated so that the license holder pays only that portion of the fee that is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the entire license renewal fee is payable.

(d) A license renewal may be administratively granted unless a protest is made to the board.

(e) If the board prescribes the term of a license under this chapter for a period other than one year, the board shall prorate the applicable annual fee required under this chapter as necessary to reflect the term of the license.

Sec. 2301.352. PROHIBITION: REQUIRING ADDITIONAL EQUIPMENT AFTER RETAIL SALE. A franchised dealer may not require as a condition of the sale and delivery of a new motor vehicle a retail purchaser of the vehicle to purchase special features, equipment, parts, or accessories that the purchaser did not order or desire and that were not already installed on the vehicle at the time of sale.
Sec. 2301.353. PROHIBITION: PERFORMANCE OF OBLIGATION UNDER AGREEMENT WITH MANUFACTURER. A franchised dealer may not fail to perform an obligation placed on:

1. the selling dealer in connection with the preparation and delivery of a new motor vehicle for retail sale as provided in the manufacturer's preparation and delivery agreements that are applicable to the vehicle; or
2. the dealer in connection with the manufacturer's warranty agreements.

Sec. 2301.354. USE OF SIGNS. (a) A franchised dealer may not operate without appropriate signs that:

1. are readily and easily visible to the public; and
2. identify the dealer's place of business and the products the dealer offers for sale.

(b) To the extent of a conflict between this section and another law, including an ordinance, this section prevails.

(c) If a dispute arises under this section:

1. the board has exclusive jurisdiction to determine whether a sign complies with this section; and
2. the board shall uphold an ordinance of a home-rule municipality and protect a franchised dealer from retribution by a manufacturer or distributor for complying with the ordinance.

Sec. 2301.355. USE OF MULTIPLE LOCATIONS. (a) A franchised dealer may conduct business at more than one location, except that the dealer may establish and maintain a separate location for the display and sale of new motor vehicles only if expressly authorized by the dealer's franchise and license.
(b) A franchised dealer must hold a separate license for each separate and distinct dealership as required by Section 2301.257.
Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

(b) For purposes of Subsection (a), an adjustment in the purchase price paid for the lease or leased vehicle is not a fee. This subsection does not authorize a fee for referring leases or prospective lessees.
Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.358. VEHICLE SHOW OR EXHIBITION. (a) A person who holds a license issued under this chapter may not participate in a new motor vehicle show or exhibition unless:
(1) the person provides the department with written notice before the date the show or exhibition opens; and
(2) the department grants written approval.
(b) A person who holds a license issued under this chapter may not sell or offer for sale a new motor vehicle at a show or exhibition, but dealership personnel may be present to aid in showing and exhibiting new motor vehicles.
(c) This section does not prohibit the sale of a towable recreational vehicle, motor home, ambulance, fire-fighting vehicle, or tow truck at a show or exhibition if:
(1) the show or exhibition is approved by the department; and
(2) the sale is not otherwise prohibited by law.
(d) A rule adopted by the board regulating the off-site display or sale of towable recreational vehicles must include a provision that authorizes the display and sale of towable recreational vehicles at a private event in a trade area that would not otherwise qualify for the private event under the application of general participation requirements for organized dealer shows and exhibitions.

Sec. 2301.359. TRANSFER OF OWNERSHIP BY DEALER. (a) A dealer must notify the manufacturer or distributor of a vehicle the dealer is franchised to sell of the dealer's decision to assign, sell, or otherwise transfer a franchise or a controlling interest in the dealership to another person. The notice is the application by the dealer for approval by the manufacturer or distributor of the transfer.

(b) Notice under Subsection (a) must:
   (1) be in writing and include the prospective transferee's name, address, financial qualifications, and business experience; and
   (2) be sent by certified mail, return receipt requested.

(c) The notice must be accompanied by:
   (1) a copy of pertinent agreements regarding the proposed assignment, sale, or transfer;
   (2) completed application forms and related information generally used by the manufacturer or distributor in reviewing prospective dealers, if the forms are on file with the board; and
   (3) the prospective transferee's written agreement to comply with the franchise to the extent that the franchise is not in conflict with this chapter.

(d) Not later than the 60th day after the date of receipt of a notice and application under this section, a manufacturer or distributor shall determine whether a dealer's prospective transferee
is qualified and shall send a letter by certified mail, return receipt requested, informing the dealer of the approval or the unacceptability of the prospective transferee. If the prospective transferee is not acceptable, the manufacturer or distributor shall include a statement setting forth the material reasons for the rejection.

(e) A manufacturer or distributor may not unreasonably withhold approval of an application filed under Subsection (a).

(f) An application filed under this section is approved unless rejected by the manufacturer or distributor in the manner provided by this section.

(g) In determining whether to approve an application filed under Subsection (a), a manufacturer or distributor may consider:

(1) the prospective transferee's financial and operational performance as a franchised dealer, if the prospective transferee is or has been a franchised dealer;

(2) the prospective transferee's moral character; or

(3) the extent to which a prospective transferee satisfies any criteria developed by the manufacturer or distributor and made available to the prospective transferee, specifically to determine the business experience and financial qualifications of a prospective transferee.

(h) A manufacturer or distributor may consider the criteria developed under Subsection (g)(3) only if the criteria are in writing, are reasonable, and are uniformly applied in similar situations.

(i) It is unreasonable for a manufacturer or distributor to reject a prospective transferee who is of good moral character and who satisfies the criteria developed under Subsection (g)(3).

Sec. 2301.360. REVIEW BY BOARD FOLLOWING DENIAL OF TRANSFER.
(a) A dealer whose application is rejected under Section 2301.359 may file a protest with the board. A protest filed under this section is a contested case.
(b) In a protest under this section, the board must determine whether the rejection was reasonable under the criteria described by Section 2301.359. The burden is on the manufacturer or distributor to prove that the prospective transferee is not qualified under the criteria. The board shall enter an order holding that the prospective transferee either is qualified or is not qualified.

(c) If the board's order is that the prospective transferee is qualified, the dealer's franchise is amended to reflect the change in franchisee, and the manufacturer or distributor shall accept the transfer for all purposes.

(d) If the board's order is that the prospective transferee is not qualified, the board may include in the order:
   (1) specific reasons why the prospective transferee is not qualified; and
   (2) specific conditions under which the prospective transferee would be qualified.

(e) If the board's order that a prospective transferee is not qualified includes specific conditions under which the prospective transferee would be qualified, the board may retain jurisdiction of the dispute for a time certain to allow the dealer and prospective transferee to meet the conditions.

   (2) display a new mobility motor vehicle to a person with a disability to fit or equip the vehicle as a mobility motor vehicle for the person; and
   (3) sell or arrange for the sale and delivery of a new mobility motor vehicle to a purchaser at the independent mobility motor vehicle dealer's place of business if the transaction occurs
through or by a franchised dealer of the motor vehicle's chassis line make.

(b) An independent mobility motor vehicle dealer who purchased or acquired a new motor vehicle from a franchised dealer to equip the vehicle as a mobility motor vehicle may not advertise the vehicle for sale until the vehicle is fitted or equipped as a mobility motor vehicle.

(1) that is approved by the division; and
(2) for which a general distinguishing number has been issued.

(b) A dealer may sell or offer to sell a motor vehicle online through an advertisement on the Internet to a buyer who never personally appears at the dealer's established and permanent place of business.

(b) A manufacturer or distributor may not pay or reimburse a dealer an amount of money for warranty work that is less than the amount the dealer charges a retail customer for similar nonwarranty work.

(c) In computing the amount of money a dealer charges a retail customer under Subsection (b), the manufacturer or distributor shall use the greater of:

(1) the average labor rate charged during the preceding six months by the dealer on 100 sequential nonwarranty repair orders, exclusive of routine maintenance; or

(2) the average labor rate charged for 90 consecutive days during the preceding six months by the dealer for nonwarranty repairs, exclusive of routine maintenance.
Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.403. ADJUSTMENT OF WARRANTY LABOR RATE. (a) A dealer may request an adjustment in the dealer's warranty labor rate. (b) Not later than the 60th day after the date of receipt of a request under this section, the manufacturer or distributor shall provide written notice to the requesting dealer of the approval or disapproval of the request. If the request is disapproved, the manufacturer or distributor shall state the reasons for the disapproval.

(c) A requesting dealer may file a protest with the board if the manufacturer or distributor:

(1) disapproves the request; or

(2) fails to respond within the time required by this section.

(d) After a protest is filed, the board may uphold the manufacturer's or distributor's decision only if the manufacturer or distributor proves by a preponderance of the evidence that the disapproval of the request or failure to respond was reasonable.

(e) If the board does not determine that the disapproval of the request or failure to respond was reasonable, the board shall order the requested rate into effect as of the 60th day after the receipt of the request by the manufacturer or distributor.

(f) Except by agreement of the parties, a warranty labor rate established under this subchapter may not be adjusted more often than once a year.

(b) A claim that is not disapproved before the 31st day after
the date of receipt is considered approved.

(c) If a claim is disapproved, the manufacturer or distributor shall provide the dealer written notice of the reasons for the disapproval.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.405. CHARGE BACK TO DEALER. (a) A manufacturer or distributor may not charge back to a dealer money paid by the manufacturer or distributor to satisfy a claim approved and paid under this subchapter unless the manufacturer or distributor shows that:

(1) the claim was false or fraudulent;
(2) repair work was not properly performed or was unnecessary to correct a defective condition; or
(3) the dealer who made the claim failed to substantiate the claim as provided by the manufacturer's or distributor's requirements that were enforceable under Section 2301.401 at the time the claim was filed.

(b) A manufacturer or distributor may not audit a claim filed under this subchapter after the first anniversary of the date the claim is submitted unless the manufacturer or distributor has reasonable grounds to suspect that the claim was fraudulent.

SUBCHAPTER J. MANUFACTURERS, DISTRIBUTORS, AND REPRESENTATIVES

Sec. 2301.451. PROHIBITION: ITEMS NOT ORDERED. A manufacturer, distributor, or representative may not require or attempt to require a franchised dealer to order, accept delivery of,
or pay anything of value, directly or indirectly, for a motor vehicle or an appliance, part, accessory, or any other commodity unless the dealer voluntarily ordered or contracted for the item.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.452. DELIVERY OF MOTOR VEHICLE OR PART. (a) A manufacturer, distributor, or representative shall deliver in a reasonable quantity and within a reasonable time to a franchised dealer who holds a franchise for a motor vehicle sold or distributed by the manufacturer, distributor, or representative any new motor vehicle or part or accessory for a new motor vehicle as covered by the franchise if the vehicle, part, or accessory is publicly advertised as being available for delivery or is actually being delivered.

(b) This section does not apply to a delivery prevented by:
(1) an act of God;
(2) a work stoppage or delay because of a strike or labor dispute;
(3) a freight embargo; or
(4) another cause beyond the control of the manufacturer, distributor, or representative.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.453. TERMINATION OR DISCONTINUANCE OF FRANCHISE. (a) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not terminate or discontinue a franchise with a franchised dealer or directly or indirectly force or attempt to force a franchised dealer to relocate or discontinue a line-make or parts or products related to that line-make unless the manufacturer, distributor, or representative provides notice of the termination or discontinuance as required by Subsection (c) and:
(1) the manufacturer, distributor, or representative receives the dealer's informed written consent;
(2) the appropriate time for the dealer to file a protest under Subsection (e) has expired; or
(3) the board makes a determination of good cause under Subsection (g).
(b) A termination or discontinuance to which this section applies includes a termination or discontinuance of a franchise that results from a change by a manufacturer, distributor, or representative of its:

(1) distributor;
(2) method of distribution of its products in this state; or

(3) business structure or ownership.

(c) Except as provided by Subsection (d), the manufacturer, distributor, or representative must provide written notice by registered or certified mail to the dealer and the board stating the specific grounds for the termination or discontinuance. The notice must:

(1) be received not later than the 60th day before the effective date of the termination or discontinuance; and

(2) contain on its first page a conspicuous statement that reads: "NOTICE TO DEALER: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE TEXAS MOTOR VEHICLE BOARD IN AUSTIN, TEXAS, AND HAVE A HEARING IN WHICH YOU MAY PROTEST THE PROPOSED TERMINATION OR DISCONTINUANCE OF YOUR FRANCHISE UNDER THE TERMS OF CHAPTER 2301, OCCUPATIONS CODE, IF YOU OPPOSE THIS ACTION."

(d) Notice may be provided not later than the 15th day before the effective date of termination or discontinuance if a licensed dealer fails to conduct its customary sales and service operations during its customary business hours for seven consecutive business days. This subsection does not apply if the failure is caused by:

(1) an act of God;
(2) a work stoppage or delay because of a strike or labor dispute;
(3) an order of the board; or
(4) another cause beyond the control of the dealer.

(e) A franchised dealer may file a protest with the board of the termination or discontinuance not later than the latter of:

(1) the 60th day after the date of the receipt of the notice of termination or discontinuance; or

(2) the time specified in the notice.

(f) After a timely protest is filed under Subsection (e), the board shall notify the party seeking the termination or discontinuance that:

(1) a timely protest has been filed;
(2) a hearing is required under this chapter; and
(3) the party may not terminate or discontinue the franchise until the board issues its final order or decision.

(g) After a hearing, the board shall determine whether the party seeking the termination or discontinuance has established by a preponderance of the evidence that there is good cause for the proposed termination or discontinuance.

(h) If a franchise is terminated or discontinued, the manufacturer, distributor, or representative shall establish another franchise in the same line-make within a reasonable time unless it is shown to the board by a preponderance of the evidence that the community or trade area cannot reasonably support such a dealership. If this showing is made, a license may not be issued for a franchised dealer in the same area until a change in circumstances is established.

(i) A manufacturer that changes its distributor or the method of distribution of its products in this state in a manner that results in unlawful termination or discontinuance of a franchise without good cause may not directly or indirectly distribute its products in this state.

Sec. 2301.454. MODIFICATION OR REPLACEMENT OF FRANCHISE. (a) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not modify or replace a franchise if the modification or replacement would adversely affect to a substantial degree the dealer's sales, investment, or obligations to provide service to the public, unless:

(1) the manufacturer, distributor, or representative provides written notice by registered or certified mail to each affected dealer and the department of the modification or replacement; and

(2) if a protest is filed under this section, the board approves the modification or replacement.

(b) The notice required by Subsection (a)(1) must:

(1) be given not later than the 60th day before the date of
the modification or replacement; and

(2) contain on its first page a conspicuous statement that reads: "NOTICE TO DEALER: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE TEXAS MOTOR VEHICLE BOARD IN AUSTIN, TEXAS, AND HAVE A HEARING IN WHICH YOU MAY PROTEST THE PROPOSED MODIFICATION OR REPLACEMENT OF YOUR FRANCHISE UNDER THE TERMS OF CHAPTER 2301, OCCUPATIONS CODE, IF YOU OPPOSE THIS ACTION."

(c) A franchised dealer may file a protest with the board of the modification or replacement not later than the latter of: (1) the 60th day after the date of the receipt of the notice; or (2) the time specified in the notice.

(d) After a protest is filed, the board shall determine whether the manufacturer, distributor, or representative has established by a preponderance of the evidence that there is good cause for the proposed modification or replacement. The prior franchise continues in effect until the board resolves the protest.

Sec. 2301.455. DETERMINATION OF GOOD CAUSE FOR TERMINATION, DISCONTINUANCE, MODIFICATION, OR REPLACEMENT. (a) Notwithstanding the terms of any franchise, in determining whether good cause has been established under Section 2301.453 or 2301.454, the board shall consider all existing circumstances, including:

(1) the dealer's sales in relation to the sales in the market;

(2) the dealer's investment and obligations;

(3) injury or benefit to the public;

(4) the adequacy of the dealer's service facilities, equipment, parts, and personnel in relation to those of other dealers of new motor vehicles of the same line-make;

(5) whether warranties are being honored by the dealer;

(6) the parties' compliance with the franchise, except to
the extent that the franchise conflicts with this chapter; and

(7) the enforceability of the franchise from a public policy standpoint, including issues of the reasonableness of the franchise's terms, oppression, adhesion, and the parties' relative bargaining power.

(b) The desire of a manufacturer, distributor, or representative for market penetration does not by itself constitute good cause.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.456. USE OF ADVERTISING. A manufacturer, distributor, or representative may not:

(1) use any false, deceptive, or misleading advertising; or

(2) notwithstanding the terms of any franchise, require that a franchised dealer join, contribute to, or affiliate with, directly or indirectly, any advertising association.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.457. PROHIBITION: CHANGE OF FRANCHISED DEALER'S CAPITAL STRUCTURE. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not prevent a franchised dealer who meets reasonable capital requirements from reasonably changing:

(1) the capital structure of the dealership; or

(2) the means by or through which the dealer finances the operation of the dealership.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.458. PROHIBITION: CHANGE IN DEALER OWNERSHIP. Notwithstanding the terms of any franchise, except as provided by Section 2301.359 or 2301.360, a manufacturer, distributor, or representative may not fail to give effect to or attempt to prevent the sale or transfer of:

(1) a dealer, dealership, or franchise;
(2) an interest in a dealer, dealership, or franchise; or
(3) the management of a dealer, dealership, or franchise.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.459. PROHIBITION: USE OF PROMISSORY NOTE, SECURITY AGREEMENT, OR INSURANCE POLICY. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not require or attempt to require that a franchised dealer assign to or act as an agent for a manufacturer, distributor, or representative to secure:

(1) a promissory note or security agreement given in connection with the sale or purchase of a new motor vehicle; or
(2) an insurance policy on or having to do with the operation of a vehicle that is sold.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.460. WARRANTY, PREPARATION, OR DELIVERY AGREEMENT OBLIGATIONS. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not, after a complaint and a hearing, fail or refuse to perform an obligation placed on the manufacturer in connection with the preparation, delivery, and warranty of a new motor vehicle as provided in the manufacturer's warranty, preparation, and delivery agreements.

Sec. 2301.461. LIABILITY OF FRANCHISED DEALER. (a) Notwithstanding the terms of any franchise or any other law, a franchised dealer's preparation, delivery, and warranty obligations are the dealer's sole responsibility for product liability as between the dealer and a manufacturer or distributor.
(b) Notwithstanding the terms of any franchise or any other law, a manufacturer or distributor shall reimburse the dealer for any loss incurred by the dealer, including legal fees, court costs, and damages, as a result of the dealer having been named a party in a product liability action, except for a loss caused by the dealer's:

(1) failure to comply with an obligation described by Subsection (a);
(2) negligence or intentional misconduct; or
(3) modification of a product without the authorization of the manufacturer or distributor.

Sec. 2301.462. SUCCESSION FOLLOWING DEATH OF FRANCHISED DEALER.
(a) Notwithstanding the terms of any franchise, except as provided by Subsection (b), a manufacturer, distributor, or representative shall honor the succession to a dealership by a legal heir or devisee under:

(1) the will of a franchised dealer; or
(2) the laws of descent and distribution of this state.

(b) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may refuse to honor a succession if, after notice and hearing, it is shown to the board that the result of the succession will be detrimental to the public interest and to the representation of the manufacturer or distributor.

(c) This section does not prevent a franchised dealer, during the dealer's lifetime, from designating any person as a successor dealer by a written instrument filed with the manufacturer or distributor.

Sec. 2301.463. PROHIBITION: PAYMENT OF REBATE BY FRANCHISED DEALER. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not require a franchised dealer to directly or indirectly pay or assume any part of a refund, rebate, discount, or other financial adjustment made by the manufacturer, distributor, or representative to, or in favor of, a customer of the dealer, unless the dealer voluntarily agrees.

Sec. 2301.464. RELOCATION OF FRANCHISE. (a) Not later than the 60th day before the date a franchised dealer proposes to begin the relocation of a dealership, the dealer must provide written notice of the dealer's intent to relocate to the dealer's manufacturer, distributor, or representative. The notice must be sent by certified mail, return receipt requested. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not deny or withhold approval of a written application to relocate a franchise unless:

(1) the applicant receives written notice of the denial or withholding of approval not later than the 60th day after the date the application is received; and

(2) if the applicant files a protest with the board, the board makes a determination of reasonable grounds under this section.

(b) An application under Subsection (a) to relocate a franchise must contain information reasonably necessary to enable a manufacturer or distributor to adequately evaluate the application.

(c) If the applicant files a protest under Subsection (a)(2), the board shall hold a hearing. After the hearing, the board shall determine whether the manufacturer or distributor has established by a preponderance of the evidence that the grounds for the denial or withholding of approval of the relocation are reasonable.

Sec. 2301.465. PAYMENT TO FRANCHISED DEALER FOLLOWING TERMINATION OF FRANCHISE. (a) In this section:

(1) "Net cost" means the franchised dealer cost for a new, unsold, undamaged, and complete motor vehicle in a dealer's inventory:

(A) plus any charges by the manufacturer, distributor, or representative for distribution, delivery, and taxes; and

(B) less all allowances paid to the franchised dealer by the manufacturer, distributor, or representative.

(2) "Net discount value" is the net cost multiplied by the total mileage, exclusive of mileage placed on the motor vehicle before it was delivered to the dealer, divided by 100,000.

(b) Notwithstanding the terms of any franchise, after the termination of a franchise, a manufacturer, distributor, or representative shall pay to a franchised dealer or any lienholder, in accordance with the interest of each, the following amounts:

(1) the dealer cost of each new motor vehicle in the dealer's inventory with mileage of 5,000 miles or less, exclusive of mileage placed on the vehicle before it was delivered to the dealer, reduced by the net discount value of each vehicle, except that if a vehicle cannot be reduced by the net discount value, the manufacturer or distributor shall pay the dealer the net cost of the vehicle;

(2) the dealer cost of each new, unused, undamaged, and unsold part or accessory that:

(A) is in the current parts catalogue and is still in the original, resalable merchandising package and in an unbroken lot, except in the case of sheet metal, a comparable substitute for the original package may be used; and

(B) was purchased by the dealer either directly from the manufacturer or distributor or from an outgoing authorized dealer as a part of the dealer's initial inventory;

(3) the fair market value of each undamaged sign owned by the dealer that bears a trademark or tradename used or claimed by the manufacturer, distributor, or representative and that was purchased from or at the request of the manufacturer, distributor, or representative;

(4) the fair market value of all special tools, data processing equipment, and automotive service equipment owned by the dealer that:

(A) were recommended in writing and designated as
special tools and equipment;
(B) were purchased from or at the request of the manufacturer, distributor, or representative; and
(C) are in usable and good condition except for reasonable wear and tear;
(5) the cost of transporting, handling, packing, storing, and loading any property subject to repurchase under this section; and
(6) the depreciated value of computer software that was recommended and required in writing by the manufacturer, distributor, or representative.

(c) An amount described by Subsection (b) is due:
(1) for property described by Subsection (b)(1), not later than the 60th day after the date a franchise is terminated; and
(2) for all other property described by Subsection (b), not later than the 90th day after the date a franchise is terminated.
(d) As a condition of payment, a franchised dealer must comply with reasonable requirements provided by the franchise regarding the return of inventory.
(e) A manufacturer or distributor shall reimburse a franchised dealer for the dealer's cost for storing any property covered by this section:
(1) beginning on the 91st day after the date the franchise is terminated; or
(2) before the date described by Subdivision (1) if the dealer notifies the manufacturer or distributor of the commencement of storage charges within that period.
(f) On receipt of notice under Subsection (e)(2), a manufacturer or distributor may immediately take possession of the property by repurchase under this section.
(g) A manufacturer, distributor, or representative who fails to pay an amount within the time required by this section or at the time the dealer and any lienholder proffer good title before the time required for payment, is liable to the dealer for:
(1) the dealer cost, fair market value, or current price of the inventory, whichever amount is highest;
(2) interest on the amount due computed at the rate applicable to a judgment of a court; and
(3) reasonable attorney's fees and costs.
(h) Notwithstanding any other law, this section does not
require a manufacturer, distributor, or representative to repurchase a motor vehicle that:

   (1) at the time of termination of the franchise had been in the dealer's inventory for at least 24 months after the date the dealer took delivery of the vehicle; or
   (2) the dealer purchased not more than 30 days before the date of termination of the franchise solely in anticipation of the termination and, in the ordinary course of business, would not have purchased.

   (i) For purposes of this section, a sale of the assets or stock of a dealership to a buyer who continues the operation of the dealership is not a termination of a franchise.

Sec. 2301.4651. ADDITIONAL PAYMENT TO FRANCHISED DEALER IN CERTAIN SITUATIONS. (a) This section applies to a manufacturer, distributor, or representative that terminates or discontinues a franchise by:

   (1) discontinuing a line-make;
   (2) ceasing to do business in this state; or
   (3) changing the distributor or method of distribution of its products in this state.

   (b) In addition to the duties placed on a manufacturer, distributor, or representative by Section 2301.465, a manufacturer, distributor, or representative to whom this section applies shall pay to the franchised dealer the following amounts as applicable:

   (1) either:
      (A) the dealer's construction costs for a new dealership completed in the two years preceding the date of the termination or discontinuance described by Subsection (a); or
      (B) if the dealer does not have any costs described by
Paragraph (A), the fair monthly rental value of the dealership payable in cash each month beginning on the first day of the first month following the date of the termination or discontinuance described by Subsection (a) and ending on the earlier of:

(i) the first anniversary of the termination or discontinuance date; or

(ii) the date on which the dealer no longer owns the dealership;

(2) the dealer's costs for upgrading or substantially altering a dealership if the upgrades or alterations were completed or added in the two years preceding the date of the termination or discontinuance described by Subsection (a); and

(3) an amount equal to the value of the goodwill associated with the franchise as it existed on the day before the earlier of:

(A) the date of the termination or discontinuance described by Subsection (a); or

(B) the date on which the manufacturer, distributor, or representative announced its intention to terminate or discontinue the franchise in a manner described by Subsection (a).

(c) A franchised dealer receiving money under Subsection (b)(1)(B) shall:

(1) make a reasonable effort to earn income from a dealership after a termination or discontinuance described by Subsection (a); and

(2) inform the manufacturer, distributor, or representative of the dealer's efforts under Subdivision (1) and of any income earned from the dealership.

(d) The amounts to be paid under Subsection (b)(1) or (2) to the dealer by a manufacturer, distributor, or representative shall be based on the percentage of the total square footage of the dealership attributable to sales, service, and parts suggested by a manufacturer or distributor and allocated to the franchise being terminated or discontinued at the time of the termination or discontinuance.

(e) A franchised dealer receiving money under Subsection (b)(1) or (2) shall mitigate damages by listing the dealership for lease or sublease with a real estate broker licensed under Chapter 1101 not later than the 30th day after the effective date of the termination or discontinuance described by Subsection (a) and shall reasonably cooperate with the broker in the performance of the broker's duties.

(f) A manufacturer, distributor, or representative may reduce
the amount of a payment made to a franchised dealer under Subsection (b)(1)(B) by the amount of any income earned by the dealer from the dealership during the month preceding the payment.

(g) The manufacturer, distributor, or representative, as appropriate, shall pay any amount described by Subsection (b)(1)(A), (b)(2), or (b)(3) not later than the 90th day after the date of the termination or discontinuance described by Subsection (a).

(h) An amount payable under Subsection (b)(1)(A) or (b)(2) does not include any tax depreciation benefit received by the franchised dealer or any amount previously paid to the franchised dealer by the manufacturer, distributor, or representative to subsidize the costs incurred by the dealer in performing the activities described by Subsection (b)(1)(A) or (b)(2).

Sec. 2301.466. ARBITRATION. (a) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not require a franchised dealer to submit to arbitration on any issue unless the dealer and the manufacturer, distributor, or representative and their respective counsel agree to the arbitration after a controversy arises.

(b) An arbitrator shall apply this chapter in resolving a controversy. Either party may appeal to the board a decision of an arbitrator on the ground that the arbitrator failed to apply this chapter.

Sec. 2301.467. PROHIBITIONS: SALES STANDARDS, RELOCATIONS, FACILITY CHANGES, PURCHASE OF EQUIPMENT. (a) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not:

(1) require adherence to unreasonable sales or service standards; or
(2) unreasonably require a franchised dealer to purchase special tools or equipment.

(b) Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not unreasonably require a franchised dealer to relocate, or to replace or substantially change, alter, or remodel the dealer's facilities. Except as provided by Subsections (b-1) and (b-2), an act is reasonable if it is justifiable in light of current and reasonably foreseeable projections of economic conditions, financial expectations, and the market for new motor vehicles in the relevant market area.

(b-1) Except as necessary to comply with health or safety laws or to comply with technology requirements necessary to sell or service a line-make, it is unreasonable for a manufacturer, distributor, or representative to require a franchised dealer to construct a new dealership or to substantially change, alter, or remodel an existing dealership before the 10th anniversary of the date the construction of the dealership at that location was completed if the construction was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative.

(b-2) Except as necessary to comply with health or safety laws or to comply with technology requirements necessary to sell or service a line-make, it is unreasonable for a manufacturer, distributor, or representative to require a franchised dealer to substantially change, alter, or remodel an existing dealership before the 10th anniversary of the date that a prior change, alteration, or remodel of the dealership at that location was completed if the change, alteration, or remodel was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative.

(c) This section applies to the relationship between a manufacturer, distributor, or representative and:

(1) a current franchisee of the manufacturer, distributor, or representative;

(2) a successor of a current franchisee of the manufacturer, distributor, or representative; or

(3) a franchised dealer who is seeking to become a franchisee of the manufacturer, distributor, or representative.
Sec. 2301.4671. FRANCHISE PROVISION ESTABLISHING RESTRICTION ON DEALER'S USE OF DEALERSHIP PROPERTY. Notwithstanding the terms of any franchise, a manufacturer, distributor, or representative may not:

(1) unreasonably limit or impair the ability of a franchised dealer to use the dealership property as the dealer considers appropriate;

(2) control the use of the dealership property after the franchise is terminated or discontinued; or

(3) at any time exercise exclusive control over the use of the dealership property.

Sec. 2301.468. INEQUITABLE TREATMENT OF DEALERS OR FRANCHISEES. Notwithstanding the terms of a franchise, a manufacturer, distributor, or representative may not treat franchised dealers of the same line-make differently as a result of the application of a formula or other computation or process intended to gauge the performance of a dealership or otherwise enforce standards or guidelines applicable to its franchised dealers in the sale of motor vehicles if, in the application of the standards or guidelines, the franchised dealers are treated unfairly or inequitably in the sale of a motor vehicle owned by the manufacturer or distributor.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.470. PROHIBITION: CONDITIONS FOR FINANCING MOTOR VEHICLE. A manufacturer, distributor, or representative may not directly or indirectly, or through a subsidiary or agent, require as a condition for obtaining financing for a motor vehicle that:

(1) the purchaser of the vehicle purchase any product other than the motor vehicle from the manufacturer, the distributor, or an entity owned or controlled by the manufacturer or distributor; or

(2) an insurance policy or service contract bought by the purchaser be from a specific source.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.471. USE OF FINANCING SUBSIDIARY. (a) A manufacturer, distributor, or representative may not:

(1) compel a franchised dealer through a financing subsidiary of the manufacturer or distributor to agree to unreasonable operating requirements; or

(2) directly or indirectly terminate a franchise through the actions of a financing subsidiary of the manufacturer or distributor.

(b) This section does not limit the right of a financing entity to engage in business practices in accordance with the usage of trade in retail and wholesale motor vehicle financing.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.472. ADDITION OF LINE-MAKE. (a) Notwithstanding the terms of any franchise, a manufacturer, distributor, or
representative may not deny or withhold approval of a franchised
dealer's application to add a line-make or parts or products related
to that line-make unless:
   (1) the manufacturer or distributor provides written notice
of the denial or withholding of approval to the applicant not later
than the 60th day after the date the application is received; and
   (2) if the applicant files a protest under this section,
the board upholds the denial or withholding of approval.
(b) After receiving notice under Subsection (a)(1), a dealer
may file a protest with the board.
(c) If the dealer files a protest, the board may uphold the
manufacturer's or distributor's decision to deny or withhold approval
of the addition of the line-make only if the manufacturer or
distributor establishes by a preponderance of the evidence that the
denial or withholding of approval was reasonable.
(d) In determining whether a manufacturer or distributor has
established that the denial or withholding of approval is reasonable,
the board shall consider all existing circumstances, including:
   (1) the dealer's sales in relation to the sales in the
market;
   (2) the dealer's investment and obligations;
   (3) injury or benefit to the public;
   (4) the adequacy of the dealer's sales and service
facilities, equipment, parts, and personnel in relation to those of
other dealers of new motor vehicles of the same line-make;
   (5) whether warranties are being honored by the dealer
agreement;
   (6) the parties' compliance with the franchise, except to
the extent that the franchise conflicts with this chapter;
   (7) the enforceability of the franchise from a public
policy standpoint, including issues of the reasonableness of the
franchise's terms, oppression, adhesion, and the parties' relative
bargaining power;
   (8) whether the dealer complies with reasonable
capitalization requirements or will be able to comply with reasonable
capitalization requirements within a reasonable time;
   (9) any harm to the manufacturer or distributor if the
denial or withholding of approval is not upheld;
   (10) any harm to the dealer if the denial or withholding of
approval is upheld;
(11) the manufacturer's or distributor's investment and obligations; and

(12) whether the denial or withholding of approval is justified in light of current and reasonably foreseeable projections of economic conditions, financial expectations, and the market for new motor vehicles in the relevant market area.

Sec. 2301.473. MODELS WITHIN LINE-MAKE. A manufacturer, distributor, or representative may not:

(1) fail or refuse to offer to its same line-make franchised dealers all models manufactured for that line-make; or

(2) require as a prerequisite to receiving a model or series of vehicles that a franchised dealer:

(A) pay an extra fee;

(B) purchase unreasonable advertising displays or other materials; or

(C) remodel, renovate, or recondition the dealer's existing facilities.

(a) A manufacturer, distributor, or representative may not require a franchised dealer to compensate the manufacturer or distributor for any court costs, attorney's fees, or other expenses incurred in an administrative or civil proceeding arising under this chapter.

(b) This section does not prohibit a manufacturer and a franchised dealer from entering into an agreement to share costs in a proceeding in which the dealer and manufacturer have the same or similar interests.

(b) A claim is considered approved unless a manufacturer or distributor rejects the claim not later than the 31st day after the date of receipt of the claim by the manufacturer or distributor.

(c) The manufacturer or distributor shall provide the dealer with written notice of a rejection of a claim and the reasons for the rejection.

Added by Acts 2011, 82nd Leg., R.S., Ch. 137 (S.B. 529), Sec. 8, eff. September 1, 2011.

Sec. 2301.475. MANUFACTURER OR DISTRIBUTOR INCENTIVE PROGRAMS: AUDIT OR CHARGEBACK. (a) Except as provided by Subsection (b), after the first anniversary of the date a manufacturer or distributor pays a claim under Section 2301.4749, the manufacturer or distributor may not:

(1) charge back to a dealer money paid by the manufacturer or distributor as a result of the incentive program;

(2) charge back to a dealer the cash value of a prize or other thing of value awarded to the dealer as a result of the incentive program; or

(3) audit the records of a dealer to determine compliance with the terms of the incentive program, unless the manufacturer or distributor has reasonable grounds to believe the dealer committed fraud with respect to the incentive program.

(b) A manufacturer or distributor may make charge-backs to a dealer if, after an audit, the manufacturer or distributor has reasonable grounds to conclude that the dealer committed fraud with respect to the incentive program.

(c) Money paid by a manufacturer or distributor under an incentive program may only be paid to a dealer, unless the dealer agrees to the payment of the money to another person, including an employee of the dealer, before the payment is made.

Sec. 2301.476. MANUFACTURER OR DISTRIBUTOR OWNERSHIP, OPERATION, OR CONTROL OF DEALERSHIP. (a) In this section, "manufacturer" includes:

(1) a representative; or
(2) a person who:
   (A) is affiliated with a manufacturer or representative; or
   (B) directly or indirectly through an intermediary, is controlled by, or is under common control with, a manufacturer.

(b) For purposes of Subsection (a)(2)(B), a person is controlled by a manufacturer if the manufacturer is directly or indirectly authorized, by law or by agreement of the parties, to direct or influence the person's management and policies.

(c) Except as provided by this section, a manufacturer or distributor may not directly or indirectly:

(1) own an interest in a franchised or nonfranchised dealer or dealership;
(2) operate or control a franchised or nonfranchised dealer or dealership; or
(3) act in the capacity of a franchised or nonfranchised dealer.

(d) A manufacturer or distributor may own an interest in a franchised dealer, or otherwise control a dealership, for a period not to exceed 12 months from the date the manufacturer or distributor acquires the dealership if:

(1) the person from whom the manufacturer or distributor acquired the dealership was a franchised dealer; and
(2) the dealership is for sale by the manufacturer or distributor at a reasonable price and on reasonable terms and conditions.
(e) On a showing of good cause by a manufacturer or
distributor, the board may extend the time limit imposed under
Subsection (d) for a period not to exceed an additional 12 months.
An application for an extension after the first extension is granted
is subject to protest by a dealer of the same line-make whose
dealership is located in the same county as, or within 15 miles of,
the dealership owned or controlled by the manufacturer or
distributor.

(f) For the purpose of determining compliance with Subsection
(d)(2), the price of a dealership and the other terms and conditions
of a contract for the sale of a dealership are reasonable if the
purchaser is a franchised dealer who:

(1) has made a significant investment in the dealership,
subject to loss;

(2) has an ownership interest in the dealership; and

(3) operates the dealership under a plan to acquire full
ownership of the dealership within a reasonable time and under
reasonable terms and conditions.

(g) For the purpose of broadening the diversity of its dealer
body and enhancing opportunities for qualified persons who are part
of a group that has been historically underrepresented in its dealer
body, or other qualified persons who lack the resources to purchase a
dealership outright, but for no other purpose, a manufacturer or
distributor may temporarily own an interest in a dealership if the
manufacturer's or distributor's participation in the dealership is in
a bona fide relationship with a franchised dealer who:

(1) has made a significant investment in the dealership,
subject to loss;

(2) has an ownership interest in the dealership; and

(3) operates the dealership under a plan to acquire full
ownership of the dealership within a reasonable time and under
reasonable terms.

(h) A person who on June 7, 1995, held both a motor home
manufacturer's license and a motor home dealer's license issued under
this chapter may:

(1) continue to hold both licenses; and

(2) operate as both a manufacturer and dealer of motor
homes but of no other type of vehicle.

(h-1) A person who on January 18, 2002, held both a converter's
license to convert buses with a gross vehicle weight rating of 40,000
pounds or more and a franchised dealer's license to sell buses issued under this chapter may:

(1) regain and hold both licenses; and
(2) operate as both a converter and franchised dealer of bus conversions with a gross vehicle weight rating of 40,000 pounds or more but of no other type of vehicle.

(i) Notwithstanding the terms of this chapter, and subject to the limitations set forth in this subsection, a manufacturer or distributor may own an interest in an entity that holds a general distinguishing number if the entity:

(1) is primarily engaged in the business of renting to other persons passenger vehicles or commercial motor vehicles that the entity owns; and

(2) sells or offers for sale no vehicle other than a vehicle that the entity:
   (A) owns and has taken from service in its rental fleet; or
   (B) has taken in trade as part of a transaction involving the sale of a vehicle taken from service in its rental fleet.

(j) This section does not prohibit a manufacturer or distributor that owned, on or before January 1, 2007, an interest in a motor vehicle dealer engaged in the sale of used motor vehicles, and that has not agreed to or been ordered by a court order or ruling to comply with Subsection (c), from continuing to directly or indirectly own an interest in the motor vehicle dealer if the manufacturer's or distributor's ownership and control of the motor vehicle dealer does not increase after January 1, 2007. The exception provided by this subsection:

(1) applies if the motor vehicle dealer is engaged in the business of selling or offering for sale only used trucks that have a gross vehicle weight rating of 16,000 pounds or more;
(2) does not apply if the motor vehicle dealer sells a new motor vehicle;
(3) does not permit an increase in the manufacturer's or distributor's ownership interest in the motor vehicle dealer;
(4) does not grant an exception to this chapter other than the exception expressly provided by this subsection;
(5) applies regardless of whether there is a transfer or relocation of the motor vehicle dealer required by:
(A) an act of God;
(B) the exercise of eminent domain authority; or
(C) another reason approved by the division after a hearing conducted in the same manner as a contested case under Subchapter O; and

(6) does not apply if the manufacturer or distributor no longer owns the interest in the motor vehicle dealer that the manufacturer or distributor owned on or before January 1, 2007.

(k) A motor vehicle dealer under Subsection (j) violates that subsection if the dealer:

(1) sells or offers for sale a motor vehicle with a gross vehicle weight rating of less than 16,000 pounds, other than a motor vehicle the dealer has acquired as a trade-in in a transaction involving the retail sale of a motor vehicle with a gross vehicle weight rating of 16,000 pounds or more and if the trade-in motor vehicle will be sold or offered for sale only to a person who holds a general distinguishing number issued in the category described by Section 503.029(a)(6)(C), Transportation Code;

(2) performs or offers to perform new motor vehicle warranty repair; or

(3) sells or offers for sale a new motor vehicle.

(l) A manufacturer or distributor described by Subsection (j) violates that subsection if the manufacturer or distributor:

(1) sells, assigns, or otherwise transfers an interest in the motor vehicle dealer or a portion of its interest in the motor vehicle dealer to an unaffiliated manufacturer or distributor; or

(2) increases its ownership interest in the motor vehicle dealer.

(m) A person who violates Subsection (j), (k), or (l) is subject to:

(1) a civil penalty under Section 2301.801;

(2) a suit for injunctive relief under Section 2301.804;

and

(3) denial, revocation, or suspension of a license under Section 2301.651.

(n) For purposes of Subsections (j), (k), and (l), a reference to a motor vehicle dealer includes the physical premises, business facilities, and operations where motor vehicle sales occur.

(o) This subsection, Subsections (j) through (n), and the exception provided by Subsection (j) expire September 1, 2023.
Sec. 2301.477. MANUFACTURER DOING BUSINESS IN THIS STATE. A manufacturer whose products are offered for sale in this state under a franchise entered into between its distributor or representative and a dealer is bound by the terms of the franchise and this chapter as if the manufacturer had executed the franchise.

Sec. 2301.478. ACTION ON FRANCHISE. (a) Notwithstanding the terms of any franchise or any other law, an action or proceeding brought by a manufacturer, representative, converter, or distributor against a dealer must be brought in an appropriate forum in this state only, and the law of this state applies to the action or proceeding.

(b) Each party to a franchise owes to the other party a duty of good faith and fair dealing that is actionable in tort.

Sec. 2301.479. ADVERSE ACTION IN CONNECTION WITH EXPORT OF VEHICLE. (a) Except as otherwise provided by this section, a manufacturer, distributor, or representative may not take an adverse action against a franchised dealer because the franchised dealer sells or leases a vehicle that is later exported to a location outside the United States.

(b) A franchise provision that allows a manufacturer, distributor, or representative to take adverse action against a
franchised dealer because the franchised dealer sells or leases a vehicle that is later exported to a location outside the United States is enforceable only if, at the time of the original sale or lease, the dealer knew or reasonably should have known that the vehicle would be exported to a location outside the United States.

(c) A franchised dealer is presumed to have no actual knowledge that a vehicle the dealer sells or leases will be exported to a location outside the United States if, under the laws of a state of the United States:

(1) the vehicle is titled;
(2) the vehicle is registered; and
(3) applicable state and local taxes are paid for the vehicle.

(d) The presumption under Subsection (c) may be rebutted by direct, clear, and convincing evidence that the franchised dealer had actual knowledge or reasonably should have known at the time of the original sale or lease that the vehicle would be exported to a location outside the United States.

(e) Except as otherwise permitted by this section, a franchise provision that allows a manufacturer, distributor, or representative to take adverse action against a franchised dealer because the franchised dealer sells or leases a vehicle that is later exported to a location outside the United States is void and unenforceable.

Added by Acts 2009, 81st Leg., R.S., Ch. 684 (H.B. 2640), Sec. 8, eff. September 1, 2009.

Sec. 2301.480. DISCLOSURE OF CERTAIN INFORMATION. A manufacturer, distributor, or representative may not require that a franchised dealer provide to the manufacturer, distributor, or representative information regarding a customer, except to the extent that a specific item of information is necessary:

(1) for the sale or delivery of a new motor vehicle to a customer;
(2) for reasonable marketing purposes;
(3) to validate a claim and make payment under an incentive program;
(4) to support a dealer's claim for reimbursement for repairs performed under a manufacturer's warranty; or
(5) to satisfy a product recall or safety obligation.

Added by Acts 2011, 82nd Leg., R.S., Ch. 137 (S.B. 529), Sec. 11, eff. September 1, 2011.

Sec. 2301.481. PROPERTY USE AGREEMENT. (a) A manufacturer, distributor, or representative may not require that a dealer enter into a property use agreement as a condition of the manufacturer, distributor, or representative:
(1) entering into a franchise;
(2) approving a franchised dealer's application to add a line-make;
(3) approving a franchised dealer's application to relocate a franchise; or
(4) approving a sale or transfer of a dealer, dealership, or franchise.
(b) The following provisions in a property use agreement are void and unenforceable:
(1) a limitation on the franchised dealer's ability to add a line-make; or
(2) a provision that binds a franchised dealer's successor.
(c) A property use agreement expires on the earlier of:
(1) the date provided by the property use agreement; or
(2) the termination of the franchise between the parties to the property use agreement.
(d) This section applies to a subsidiary of, or a person controlled by, a manufacturer, distributor, or representative.

Added by Acts 2011, 82nd Leg., R.S., Ch. 137 (S.B. 529), Sec. 11, eff. September 1, 2011.

Sec. 2301.482. CERTAIN PROPERTY USE AGREEMENTS. (a) Notwithstanding Section 2301.481(b)(1), and subject to this section, a dealer may enter into a property use agreement for cash consideration that grants the manufacturer or distributor the exclusive rights to direct the use of the dealership.
(b) In the event the dealer breaches the terms of the property use agreement described by Subsection (a) by altering the use of the property during the term of the agreement in violation of the
agreement, the property use agreement is terminated and the dealer must reimburse the manufacturer or distributor in an amount determined by dividing the amount of the manufacturer's or distributor's cash consideration provided under Subsection (a) by the market value of the property identified in the original property use agreement at the time any necessary real estate has been purchased and any necessary construction has been completed, and multiplying the resulting quotient by the market value of the property at the time of the breach.

(c) For purposes of this section, the market value of property is to be determined by three appraisers chosen as follows:

(1) one selected by the affected manufacturer or distributor;
(2) one selected by the affected dealer; and
(3) one selected by mutual agreement of the manufacturer or distributor and the dealer.

Added by Acts 2011, 82nd Leg., R.S., Ch. 137 (S.B. 529), Sec. 11, eff. September 1, 2011.

Sec. 2301.483. SPECIFIC USE AGREEMENTS. (a) In this section:

(1) "Necessary real estate" means real estate that is necessary for the proper operation of a dealership in the dealership's location as determined by the manufacturer's, distributor's, or representative's facility requirements or to comply with any applicable law or zoning requirement.

(2) "Owner" means a manufacturer, distributor, or representative, including an entity owned or controlled by a manufacturer, distributor, or representative.

(3) "Specific use agreement" means a property use agreement that is executed in conjunction with a sale or as part of the terms of a lease by an owner of real property to a transferee for use by the transferee as a dealership under the terms of a franchise executed or to be executed between the owner and the transferee.

(4) "Transferee" means a person who is a purchaser or lessee of real property subject to a specific use agreement.

(b) To the extent of any conflict between this section and another section of this chapter regarding a specific use agreement, this section controls. Notwithstanding any other section of this
chapter and except as provided by this section, a specific use agreement may include provisions that allow an owner to:

(1) limit the transferee's ability to add a line-make after the transferee has opened a franchised dealership on the property to which the specific use agreement applies;

(2) prohibit the sale or sublease of the dealership property by the transferee to a person for a purpose other than the operation of a dealership under a franchise with the owner of the property; or

(3) make the limitations described by Subdivisions (1) and (2) applicable to any successor or sublessee of the transferee.

(c) An owner may not coerce or attempt to coerce an existing franchised dealer of the owner to relocate an existing dealership of the same line-make to property that is subject to a specific use agreement. If it is proven in a civil suit that a person entered into a specific use agreement containing a provision described by Subsection (b) as a result of coercion, the specific use agreement is void.

(d) A specific use agreement executed in conjunction with the sale of real property may apply only to the necessary real estate.

(e) A specific use agreement executed in conjunction with the sale of real property to an existing franchised dealer for the purpose of relocating an existing dealership of the same line-make to property that is the subject of the specific use agreement or to a person for the purpose of establishing a new dealership expires on the earliest of:

(1) the date established by the specific use agreement;

(2) the termination or discontinuance of the franchise between the parties to the specific use agreement as a result of the owner:

(A) discontinuing all line-makes applicable to the necessary real estate that are under the control of a manufacturer or distributor holding property use rights for the necessary real estate under the specific use agreement;

(B) ceasing to do business in this state; or

(C) changing the distributor or method of distribution of the owner's products in this state;

(3) the 10th anniversary of the date the dealership opens for business; or

(4) any time after the expiration of nine years from the
date the dealership opens for business if the transferee has performed all the transferee's financial duties as provided by the contract and title to the property has passed to the transferee.

(f) Unless a specific use agreement associated with the sale of property expressly provides otherwise, there is no penalty for the full performance by the transferee and transfer of title to the transferee prior to the time set forth by the contract's terms.

Added by Acts 2013, 83rd Leg., R.S., Ch. 1338 (S.B. 854), Sec. 1, eff. June 14, 2013.

(c) This subchapter controls over any other law relating to or
requiring mediation between or among license holders.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

Sec. 2301.529. OUTCOME OF MEDIATION. (a) If mediation resolves the dispute, the board shall enter an order incorporating
the terms of the agreement reached in mediation.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

This subsection does not authorize a fee for referring vehicle leases or prospective lessees.

(b) A vehicle lessor may not pay a fee to any person in return for the solicitation, procurement, or production by the person of a prospective lessee of a motor vehicle unless the person:

(2) a franchised dealer who transfers title of the vehicle or assigns the lease contract to the lessor of the motor vehicle.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 5, eff. June 1, 2003.

(a) In a vehicle lease solicited, procured, or produced by a vehicle lease facilitator, the vehicle lessor shall disclose to the lessee that a fee was paid or will be paid to the vehicle lease facilitator for the solicitation, procurement, or production of the lessee or the lease.  
(b) The vehicle lessor shall include the disclosure in a prominent position either:
(1) on the face of the written memorandum of the vehicle lease; or

Sec. 2301.554. TERMS OF LEASE: FOREIGN COUNTRIES. (a) Except as provided by Subsection (b) or by federal law, including a federal agency rule, a vehicle lessor may not, and the vehicle lease may not, prohibit the lessee from taking the vehicle that is the subject of the lease into a specific foreign country unless the lease prohibits the lessee from taking the vehicle into any foreign country.  
(b) In the interests of justice and giving deference to standard national business practices, the board may adopt a rule by which a lease may prohibit the lessee from taking the vehicle into a specific foreign country regardless of whether the lease prohibits the lessee from taking the vehicle into another foreign country. In adopting a rule under this subsection the board shall give consideration to the proximity of international borders to prospective Texas lessees.

Sec. 2301.555. LIMITATIONS ON VEHICLE LEASE FACILITATOR. (a) A vehicle lease facilitator may not:
(1) sell or offer to sell a new motor vehicle;
(2) accept a fee from a dealer;
(3) sign a motor vehicle manufacturer's statement of origin
to a vehicle, accept an assignment of a manufacturer's statement of origin to a vehicle, or otherwise assume any element of title to a new motor vehicle;
