Sec. 53.021. AUTHORITY TO REVOKE, SUSPEND, OR DENY LICENSE.
(a) A licensing authority may suspend or revoke a license, disqualify a person from receiving a license, or deny to a person the opportunity to take a licensing examination on the grounds that the person has been convicted of:

   (A) the person may pose a continued threat to public safety; or

   (B) employment of the person in the licensed occupation would create a situation in which the person has an opportunity to repeat the prohibited conduct.

(e) Subsection (c) does not apply if the person is an applicant for or the holder of a license that authorizes the person to provide:

(1) law enforcement or public health, education, or safety services; or

(1) the license for which the applicant applied; or
(2) a provisional license described by Subsection (c).

(3) violates the law or rules governing the practice of the occupation for which the provisional license is issued.

(e) The licensing authority shall issue the license for which the applicant originally applied to a provisional license holder on
the expiration of the provisional license term if the provisional license holder does not engage in conduct described by Subsection (d).

(a) A physician may delegate to a qualified and properly trained person acting under the physician's supervision any medical act that a reasonable and prudent physician would find within the scope of sound medical judgment to delegate if, in the opinion of the delegating physician:

(1) the act:
(A) can be properly and safely performed by the person to whom the medical act is delegated;
(B) is performed in its customary manner; and
(C) is not in violation of any other statute; and
(2) the person to whom the delegation is made does not represent to the public that the person is authorized to practice medicine.

(b) The delegating physician remains responsible for the medical acts of the person performing the delegated medical acts.

(c) The board may determine whether:
(1) an act constitutes the practice of medicine, not inconsistent with this chapter; and
(2) a medical act may be properly or safely delegated by physicians.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 157.002. GENERAL DELEGATION OF ADMINISTRATION AND PROVISION OF DANGEROUS DRUGS. (a) In this section:
(1) "Administering" means the direct application of a drug to the body of a patient by injection, inhalation, ingestion, or any other means.
(2) "Provision" means the supply of one or more unit doses of a drug, medicine, or dangerous drug.

(b) A physician may delegate to any qualified and properly trained person acting under the physician's supervision the act of administering or providing dangerous drugs in the physician's office, as ordered by the physician, that are used or required to meet the immediate needs of the physician's patients. The administration or provision of the dangerous drugs must be performed in compliance with laws relating to the practice of medicine and state and federal laws relating to those dangerous drugs.

(c) A physician may also delegate to any qualified and properly trained person acting under the physician's supervision the act of administering or providing dangerous drugs through a facility licensed by the Texas State Board of Pharmacy, as ordered by the physician, that are used or required to meet the immediate needs of the physician's patients. The provision of those dangerous drugs must be in compliance with laws relating to the practice of medicine, professional nursing, and pharmacy. An order for the prevention or treatment of a specific communicable disease or health condition for which the Texas Department of Health is responsible for control under state law may not be inconsistent with this chapter and may not be used to perform an act or duty that requires the exercise of independent medical judgment.

(e) The administration or provision of the drugs may be delegated through a physician's order, a standing medical order, a standing delegation order, or another order defined by the board.

(f) Subsections (b) and (c) do not authorize a physician or a person acting under the supervision of a physician to keep a pharmacy, advertised or otherwise, for the retail sale of dangerous drugs, other than as authorized under Section 158.003, without complying with the applicable laws relating to the dangerous drugs.

(g) A drug or medicine provided under Subsection (b) or (c) must be supplied in a suitable container labeled in compliance with applicable drug laws. 5. the pharmacist provides a copy of the protocol to the Texas State Board of Pharmacy.
(c) Physician supervision is considered to be adequate for the purposes of this section if a delegating physician:

4. receives, as appropriate, a periodic status report on each patient, including any problem or complication encountered; and

5. is available through direct telecommunication for consultation, assistance, and direction.

(d) This section does not restrict the use of a preestablished health care program or restrict a physician from authorizing the provision of patient care by use of a preestablished health care program if the patient is institutionalized and the care is to be delivered in a licensed hospital with an organized medical staff that has authorized standing delegation orders, standing medical orders, or protocols.

(e) This section does not limit, expand, or change any provision of law relating to therapeutic drug substitution or administration of medication, including Section 554.004.

Sec. 158.001. PROVISION OF DRUGS AND OTHER SUPPLIES. (a) A physician licensed under this subtitle may supply a patient with any
drug, remedy, or clinical supply necessary to meet the patient's immediate needs.

(b) This section does not permit a physician to operate a retail pharmacy without complying with Chapter 558.

(c) This chapter does not prohibit a physician from supplying to a patient, free of charge, a drug provided to the physician by a drug manufacturer for an indigent pharmaceutical program if, in the physician's opinion, it is advantageous to the patient, in adhering to a course of treatment prescribed by the physician, to receive the drug.

Sec. 158.002. PROVISION OF FREE SAMPLES. (a) This chapter does not prohibit a physician from supplying a pharmaceutical sample to a patient free of charge if, in the physician's opinion, it is advantageous to the patient, in adhering to a course of treatment prescribed by the physician, to receive the sample.

(b) A pharmaceutical sample provided under this section must be:

(1) provided to the physician from the manufacturer free of charge and delivered to a patient free of any direct or indirect charge;

(2) prepackaged by the original manufacturer and not repackaged; and

(3) marked on the immediate container to indicate that it is a sample or recorded in records that indicate it is a sample.

(c) Each state and federal labeling and recordkeeping requirement must be followed and documented. A record maintained under Subsection (b)(3) must be accessible as provided under state and federal law.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 158.003. DISPENSING OF DANGEROUS DRUGS IN CERTAIN RURAL AREAS. (a) In this section, "reimbursement for cost" means an additional charge, separate from that imposed for the physician's professional services, that includes the cost of the drug product and
all other actual costs to the physician incidental to providing the dispensing service. The term does not include a separate fee imposed for the act of dispensing the drug itself.

(b) This section applies to an area located in a county with a population of 5,000 or less, or in a municipality or an unincorporated town with a population of less than 2,500, that is within a 15-mile radius of the physician's office and in which a pharmacy is not located. This section does not apply to a municipality or an unincorporated town that is adjacent to a municipality with a population of 2,500 or more.

(1) maintain a supply of dangerous drugs in the physician's office to be dispensed in the course of treating the physician's patients; and

(2) be reimbursed for the cost of supplying those drugs without obtaining a license under Chapter 558.

(d) A physician who dispenses dangerous drugs under Subsection (c) shall:

(1) comply with each labeling provision under Subtitle J applicable to that class of drugs; and

(2) oversee compliance with packaging and recordkeeping provisions applicable to that class of drugs.

(e) A physician who desires to dispense dangerous drugs under this section shall notify both the Texas State Board of Pharmacy and the board that the physician practices in an area described by Subsection (b). The physician may continue to dispense dangerous drugs in the area until the Texas State Board of Pharmacy determines, after notice and hearing, that the physician no longer practices in an area described by Subsection (b).

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.  

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.  

(d) The prohibitions of this chapter continue to apply to a confidential communication or record relating to a patient regardless of when the patient receives the services of a physician, except for medical records at least 75 years old that are requested for historical research purposes.  

(e) The privilege of confidentiality may be claimed by the patient or by the physician. The physician may claim the privilege of confidentiality only on behalf of the patient. The physician's authority to claim the privilege is presumed in the absence of evidence to the contrary.

(c) Records or communications are not discoverable under Subsection (a)(10) until the court in which the prosecution is pending makes an in camera determination as to the relevancy of the records or communications or any portion of the records or communications. That determination does not constitute a determination as to the admissibility of the information.

Acts 2005, 79th Leg., Ch. 139 (H.B. 742), Sec. 1, eff. September 1, 2005.

Sec. 159.004. EXCEPTIONS TO CONFIDENTIALITY IN OTHER SITUATIONS. An exception to the privilege of confidentiality in a situation other than a court or administrative proceeding, allowing disclosure of confidential information by a physician, exists only with respect to the following:

(9) health care personnel of a penal or other custodial institution in which the patient is detained if the disclosure is for the sole purpose of providing health care to the patient.

Sec. 159.005. CONSENT FOR RELEASE OF CONFIDENTIAL INFORMATION. (a) Consent for the release of confidential information must be in writing and signed by:

(e) A person who receives information made confidential by this subtitle may disclose the information only to the extent consistent with the authorized purposes for which consent to release the information is obtained.

Sec. 159.006. INFORMATION FURNISHED BY PHYSICIAN. (a) Unless the physician determines that access to the information would be harmful to the physical, mental, or emotional health of the patient, a physician who receives a written consent for release of information as provided by Section 159.005 shall furnish copies of the requested billing or medical records, or a summary or narrative of the records, including records received from a physician or other health care provider involved in the care or treatment of the patient.  

(b) The physician may delete confidential information about another patient or a family member of the patient who has not consented to the release.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

(2) shall report to the board and any known health care entity in which the physician has clinical privileges if the person
or committee determines that, through the practice of medicine, the physician poses a continuing threat to the public welfare.

(c) Except as otherwise provided by this subtitle, each proceeding and record of a person described by Subsection (a) is confidential, and any communication made to the person or committee is privileged from disclosure in the manner provided under this subchapter for information submitted by a medical peer review committee. Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 160.006. BOARD CONFIDENTIALITY. (a) A record, report, or other information received and maintained by the board under this subchapter or Subchapter B, including any material received or developed by the board during an investigation or hearing and the identity of, and reports made by, a physician performing or supervising compliance monitoring for the board, is confidential. The board may disclose this information only:

(1) in a disciplinary hearing before the board or State Office of Administrative Hearings or in a subsequent trial or appeal of a board action or order;

(2) to the physician licensing or disciplinary authority of another jurisdiction, to a local, state, or national professional medical society or association, or to a medical peer review committee located inside or outside this state that is concerned with granting, limiting, or denying a physician hospital privileges;

(3) under a court order;

(c) A record or report disclosed by the board under this subchapter, a record or report received, maintained, or developed by the board, a medical peer review committee, a member of the committee, or a health care entity, and a record or report received or maintained by the State Office of Administrative Hearings under this subchapter are not available for discovery or court subpoena and may not be introduced into evidence in any action for damages, including a medical professional liability action that arises out of the provision of or failure to provide a medical or health care service.

(d) Medical peer review documents remain confidential at the board and at the State Office of Administrative Hearings. If medical peer review documents are admitted into evidence for any purpose at a proceeding before the State Office of Administrative Hearings, the documents must be admitted under seal to protect the confidentiality of the records as provided by this section and Section 160.007. In the event that a decision of the board or the State Office of Administrative Hearings is appealed to district court or other court, the confidentiality protections relating to the medical peer review committee documents shall continue.

(e) The confidentiality requirements of this section do not apply to records used by a medical peer review committee, including a patient's medical records or records made or maintained in the regular course of business, if the records are not considered confidential under this chapter or any other law and are otherwise available to the board.

Sec. 160.007. CONFIDENTIALITY RELATING TO MEDICAL PEER REVIEW COMMITTEE. (a) Except as otherwise provided by this subtitle, each proceeding or record of a medical peer review committee is confidential, and any communication made to a medical peer review committee is privileged.

(b) If a judge makes a preliminary finding that a proceeding or record of a medical peer review committee or a communication made to the committee is relevant to an anticompetitive action, or to a civil rights proceeding brought under 42 U.S.C. Section 1983, the proceeding, record, or communication is not confidential to the extent it is considered relevant.

(c) A record or proceeding of a medical peer review committee or a written or oral communication made to the committee may be disclosed to:

(1) another medical peer review committee;
(2) an appropriate state or federal agency;
(3) a national accreditation body;
(4) the board; or
(5) the state board of registration or licensing of physicians of another state.

(d) If a medical peer review committee takes action that could result in censure, suspension, restriction, limitation, revocation, or denial of membership or privileges in a health care entity, the affected physician shall be provided a written copy of the recommendation of the medical peer review committee and a copy of the final decision, including a statement of the basis for the decision. Disclosure to the affected physician of confidential peer review committee information relevant to the matter under review does not constitute waiver of the confidentiality requirements established under this subtitle.

(e) Unless disclosure is required or authorized by law, a record or determination of or a communication to a medical peer review committee is not subject to subpoena or discovery and is not admissible as evidence in any civil judicial or administrative
proceeding without waiver of the privilege of confidentiality executed in writing by the committee. The evidentiary privileges created by this subtitle may be invoked by a person or organization in a civil judicial or administrative proceeding unless the person or organization secures a waiver of the privilege executed in writing by the chair, vice chair, or secretary of the affected medical peer review committee.

(f) If, under Sections 160.008(a) and (b), a person participating in peer review, a medical peer review committee, or a health care entity named as a defendant in a civil action filed as a result of participation in peer review may use otherwise confidential information in the defendant's own defense, a plaintiff in the proceeding may disclose a record or determination of or a communication to a medical peer review committee in rebuttal to information supplied by the defendant.

(g) A person seeking access to privileged information must plead and prove waiver of the privilege. A member, employee, or agent of a medical peer review committee who provides access to an otherwise privileged communication or record in cooperation with a law enforcement authority in a criminal investigation is not considered to have waived any privilege established under this subtitle.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 160.008. USE OF CERTAIN CONFIDENTIAL INFORMATION. (a) This section applies to a person participating in peer review, a medical peer review committee, or a health care entity named as a defendant in a civil action filed as a result of participation in peer review.

(b) A defendant subject to this section may use otherwise confidential information obtained for legitimate internal business and professional purposes, including use in the defendant's own defense. Use of confidential information under this subsection does not constitute a waiver of the confidential and privileged nature of medical peer review committee proceedings.

(c) A defendant subject to this section may file a counterclaim in a pending action or may prove a cause of action in a subsequent action to recover defense costs, including court costs, attorney's
fees, and damages incurred as a result of the civil action, if the plaintiff's original action is determined to be frivolous or brought in bad faith.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 160.009. COMPLIANCE WITH SUBPOENA. (a) The governing body and medical staff of each health care entity and any other person shall comply with a subpoena for documents or information issued by the board under Section 153.007 or 204.308. The disclosure of documents or information under such a subpoena does not constitute a waiver of the privilege associated with medical peer review committee proceedings.

(b) Failure to comply with a subpoena under Subsection (a) constitutes grounds for disciplinary action against the person or entity by the appropriate licensing board.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 160.010. IMMUNITY FROM CIVIL LIABILITY. (a) The following are immune from civil liability:

(1) a person who, in good faith, reports or furnishes information to a medical peer review committee or the board;

(2) a member, employee, or agent of the board, a medical peer review committee, or a medical organization committee, or a medical organization district or local intervenor, who takes an action or makes a recommendation within the scope of the functions of the board, committee, or intervenor program, if that member, employee, agent, or intervenor acts without malice and in the reasonable belief that the action or recommendation is warranted by the facts known to that person; and

(3) a member or employee of the board or any person who assists the board in carrying out its duties or functions provided by law.

(b) A cause of action does not accrue against a member, agent, or employee of a medical peer review committee or against a health care entity from any act, statement, determination or recommendation made, or act reported, without malice, in the course of medical peer review.
(c) A person, medical peer review committee, or health care entity that, without malice, participates in medical peer review or furnishes records, information, or assistance to a medical peer review committee or the board is immune from any civil liability arising from that act.

(d) A person or health care entity required to report to the board may not be found liable in a civil action for failure to report to the board unless the failure was committed knowingly or wilfully, except that the appropriate state licensing body may take action against a licensed person or entity for not reporting as required under this subtitle.

(e) A member of an expert panel under Section 154.056(e) and a person serving as a consultant to the board are immune from suit and judgment and may not be subjected to a suit for damages for any investigation, report, recommendation, statement, evaluation, finding, or other action taken without fraud or malice in the course of performing the person's duties in evaluating a medical competency case. The attorney general shall represent a member of an expert panel or consultant in any suit resulting from a duty provided by the person in good faith to the board.

Sec. 162.201. EMPLOYMENT OF PHYSICIAN PERMITTED. A private nonprofit medical school that is certified under Section 162.203, that is accredited by the Liaison Committee on Medical Education, and
that was appropriated funds by the legislature in the 75th Legislature, Regular Session, 1997, may retain, in fulfilling its educational mission, all or part of the professional income generated by a physician for medical services if the physician is employed as a faculty member of the school and provides medical services as part of the physician's responsibilities.

Sec. 162.202. COMMITTEE ESTABLISHED BY SCHOOL. (a) A private medical school subject to this subchapter shall establish a committee consisting of at least five actively practicing physicians who provide care in the clinical program of the private medical school. The committee shall approve existing policies, or adopt new policies if none exist, to ensure that a physician whose professional income is retained under Section 162.201 is exercising the physician's independent medical judgment in providing care to patients in the school's clinical programs.

(b) The policies adopted under this section must include policies relating to credentialing, quality assurance, utilization review, peer review, medical decision-making, governance of the committee, and due process.

(c) Each member of a committee under this section shall provide to the board biennially a signed and verified statement indicating that the member:

(1) is licensed by the board;

(2) will exercise independent medical judgment in all committee matters, specifically in matters relating to credentialing, quality assurance, utilization review, peer review, medical decision-making, and due process;

(3) will exercise the member's best efforts to ensure compliance with the private medical school's policies that are adopted or established by the committee; and

(4) shall report immediately to the board any action or event that the member reasonably and in good faith believes constitutes a compromise of the independent judgment of a physician in caring for a patient in the private medical school's clinical program or in carrying out the member's duties as a committee member.
(d) The board shall adopt rules requiring the disclosure of financial conflicts of interest by a committee member.

Sec. 162.203. CERTIFICATION OF SCHOOL BY BOARD. (a) A private school that retains a physician's professional income under Section 162.201 must be certified by the board as being in compliance with this subchapter.

(b) The board shall prescribe an application form to be provided to the school and may adopt rules as necessary to administer this subchapter.

(c) The board may prescribe and assess a fee for the certification of a school and for investigation and review of the school in an amount not to exceed the fee assessed on an organization described by Section 162.001.

Sec. 162.206. LIMITATION ON SCHOOL'S AUTHORITY. A private medical school's authority to retain a physician's professional income does not apply to a physician providing care in a facility owned or operated by the school that is established outside the school's historical geographical service area as it existed June 19, 1999.

Sec. 162.207. APPLICATION OF SUBCHAPTER. This subchapter does not:

CHAPTER 164. DISCIPLINARY ACTIONS AND PROCEDURES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 164.001. DISCIPLINARY AUTHORITY OF BOARD; METHODS OF DISCIPLINE. (a) Except for good cause shown, the board, on determining a violation of this subtitle or a board rule or for any cause for which the board may refuse to admit a person to its examination or to issue or renew a license, including an initial
conviction or the initial finding of the trier of fact of guilt of a felony or misdemeanor involving moral turpitude, shall:

(1) revoke or suspend a license;
(2) place on probation a person whose license is suspended;
or
(3) reprimand a license holder.

(b) Except as otherwise provided by Sections 164.057 and 164.058, the board, on determining that a person committed an act described by Sections 164.051 through 164.054, shall enter an order to:

(1) deny the person's application for a license or other authorization to practice medicine;
(2) administer a public reprimand;
(3) suspend, limit, or restrict the person's license or other authorization to practice medicine, including:
   (A) limiting the practice of the person to or excluding one or more specified activities of medicine; or
   (B) stipulating periodic board review;
(4) revoke the person's license or other authorization to practice medicine;
(5) require the person to submit to care, counseling, or treatment of physicians designated by the board as a condition for:
   (A) the issuance or renewal of a license or other authorization to practice medicine; or
   (B) continued practice under a license;
(6) require the person to participate in an educational or counseling program prescribed by the board;
(7) require the person to practice under the direction of a physician designated by the board for a specified period;
(8) require the person to perform public service considered appropriate by the board; or
(9) assess an administrative penalty against the person as provided by Section 165.001.

(c) Notwithstanding Subsection (b), the board shall revoke, suspend, or deny a physician's license if the board determines that, through the practice of medicine, the physician poses a continuing threat to the public welfare.

(d) In addition to any other disciplinary action authorized by this section, the board may issue a written reprimand to a license holder who violates this subtitle or require that a license holder
who violates this subtitle participate in continuing education programs. The board shall specify the continuing education programs to be attended and the number of hours that must be completed by the license holder to fulfill the requirements of this subsection.

(e) For any sanction imposed under this chapter as the result of a hearing conducted by the State Office of Administrative Hearings, that office shall use the schedule of sanctions adopted by board rule.

(f) The board by rule shall adopt a schedule of the disciplinary sanctions that the board may impose under this subchapter. In adopting the schedule of sanctions, the board shall ensure that the severity of the sanction imposed is appropriate to the type of violation or conduct that is the basis for disciplinary action.

(g) In determining the appropriate disciplinary action, including the amount of any administrative penalty to assess, the board shall consider whether the person:

(1) is being disciplined for multiple violations of this subtitle or a rule or order adopted under this subtitle; or

(2) has previously been the subject of disciplinary action by the board.

(h) In the case of a person described by:

(1) Subsection (g)(1), the board shall consider taking a more severe disciplinary action, including revocation of the person's license, than the disciplinary action that would be taken for a single violation; and

(2) Subsection (g)(2), the board shall consider revoking the person's license if the person has repeatedly been the subject of disciplinary action by the board.

(i) If the board chooses not to revoke the license of a person described by Subsection (g)(2), the board shall consider taking a more severe disciplinary action than the disciplinary action previously taken.

(j) In determining the appropriate disciplinary action, including the amount of any administrative penalty to impose, the board shall consider whether the violation relates directly to patient care or involves only an administrative violation.

Sec. 164.0015. REMEDIAL PLAN. (a) In addition to the authority under Sections 164.001 and 164.002, the board may issue and establish the terms of a remedial plan to resolve the investigation of a complaint relating to this subtitle.

(b) A remedial plan may not contain a provision that:
   (1) revokes, suspends, limits, or restricts a person's license or other authorization to practice medicine; or
   (2) assesses an administrative penalty against a person.

(c) A remedial plan may not be imposed to resolve a complaint:
   (1) concerning:
      (A) a patient death;
      (B) the commission of a felony; or
      (C) a matter in which the physician engaged in inappropriate sexual behavior or contact with a patient or became financially or personally involved with a patient in an inappropriate manner; or
   (2) in which the appropriate resolution may involve a restriction on the manner in which a license holder practices medicine.

(d) The board may not issue a remedial plan to resolve a complaint against a license holder if the license holder has previously entered into a remedial plan with the board for the resolution of a different complaint relating to this subtitle.

(e) The board may assess a fee against a license holder participating in a remedial plan in an amount necessary to recover the costs of administering this plan.

(f) The board shall adopt rules necessary to implement this section.

Sec. 164.002. BOARD DISPOSITION OF COMPLAINTS, CONTESTED CASES, AND OTHER MATTERS. (a) Unless precluded by law, the board may dispose of any complaint or matter relating to this subtitle or of any contested case by a stipulation, agreed settlement, or consent order.

(b) The board shall dispose of a complaint, contested case, or other matter in writing. If appropriate, the affected physician shall sign the writing.

(c) An agreed disposition is a disciplinary order for purposes of reporting under this subtitle and of administrative hearings and proceedings by state and federal regulatory agencies regarding the practice of medicine. An agreed disposition or a remedial plan under Section 164.0015 is public information.

(d) In civil litigation, an agreed disposition or a remedial plan under Section 164.0015 is a settlement agreement under Rule 408, Texas Rules of Evidence. This subsection does not apply to a license holder who has previously entered into an agreed disposition with the board of a different disciplinary matter or whose license the board is seeking to revoke.

(e) The board may not dismiss a complaint solely on the grounds that the case has not been scheduled for an informal meeting within the time required by Section 164.003(b).

Sec. 164.0025. DELEGATION OF CERTAIN COMPLAINT DISPOSITIONS. (a) The board may delegate to a committee of board employees the authority to dismiss or enter into an agreed settlement of a complaint that does not relate directly to patient care or that involves only administrative violations. The disposition determined by the committee must be approved by the board at a public meeting.

(b) A complaint delegated under this section shall be referred
for informal proceedings under Section 164.003 if:
   (1) the committee of employees determines that the complaint should not be dismissed or settled;
   (2) the committee is unable to reach an agreed settlement; or
   (3) the affected physician requests that the complaint be referred for informal proceedings.

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 1.36, eff. September 1, 2005.

Sec. 164.003. INFORMAL PROCEEDINGS. (a) The board by rule shall adopt procedures governing:
   (1) informal disposition of a contested case under Section 2001.056, Government Code; and
   (2) informal proceedings held in compliance with Section 2001.054, Government Code.

(b) Rules adopted under this section must require that:
   (1) an informal meeting in compliance with Section 2001.054, Government Code, be scheduled not later than the 180th day after the date the board's official investigation of the complaint is commenced as provided by Section 154.057(b), unless good cause is shown by the board for scheduling the informal meeting after that date;
   (2) the board give notice to the license holder of the time and place of the meeting not later than the 45th day before the date the meeting is held;
   (3) the complainant and the license holder be provided an opportunity to be heard;
   (4) at least one of the board members or district review committee members participating in the informal meeting as a panelist be a member who represents the public;
   (5) the board's legal counsel or a representative of the attorney general be present to advise the board or the board's staff; and
   (6) a member of the board's staff be at the meeting to present to the board's representative the facts the staff reasonably believes it could prove by competent evidence or qualified witnesses at a hearing.
(c) An affected physician is entitled to:
   (1) reply to the staff's presentation; and
   (2) present the facts the physician reasonably believes the physician could prove by competent evidence or qualified witnesses at a hearing.

(d) After ample time is given for the presentations, the board representative shall recommend that the investigation be closed or shall attempt to mediate the disputed matters and make a recommendation regarding the disposition of the case in the absence of a hearing under applicable law concerning contested cases.

(e) If the license holder has previously been the subject of disciplinary action by the board, the board shall schedule the informal meeting as soon as practicable but not later than the deadline prescribed by Subsection (b)(1).

(f) The notice required by Subsection (b)(2) must be accompanied by a written statement of the nature of the allegations and the information the board intends to use at the meeting. If the board does not provide the statement or information at that time, the license holder may use that failure as grounds for rescheduling the informal meeting. If the complaint includes an allegation that the license holder has violated the standard of care, the notice must include a copy of the report by the expert physician reviewer. The license holder must provide to the board the license holder's rebuttal at least 15 business days before the date of the meeting in order for the information to be considered at the meeting.

(g) The board by rule shall define circumstances constituting good cause for purposes of Subsection (b)(1), including the extended illness of a board investigator and an expert physician reviewer's delinquency in reviewing and submitting a report to the board.

(h) Section 164.007(c) applies to the board's investigation file used in an informal meeting under this section.

(i) On request by a physician under review, the board shall make a recording of the informal settlement conference proceeding. The recording is a part of the investigative file and may not be released to a third party unless authorized under this subtitle. The board may charge the physician a fee to cover the cost of recording the proceeding.

Sec. 164.0031. BOARD REPRESENTATION IN INFORMAL PROCEEDINGS.
(a) In an informal meeting under Section 164.003 or an informal hearing under Section 164.103, at least two panelists shall be appointed to determine whether an informal disposition is appropriate. At least one of the panelists must be a physician.
(b) Notwithstanding Subsection (a) and Section 164.003(b)(4), an informal proceeding may be conducted by one panelist if the affected physician waives the requirement that at least two panelists conduct the informal proceeding. If the physician waives that requirement, the panelist may be either a physician or a member who represents the public.
(c) The panel requirements described by Subsection (a) do not apply to an informal proceeding conducted by the board under Section 164.003 to show compliance with an order of the board.

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 1.38, eff. September 1, 2005.

Sec. 164.0032. ROLES AND RESPONSIBILITIES OF PARTICIPANTS IN INFORMAL PROCEEDINGS.
(a) A board member or district review committee member that serves as a panelist at an informal meeting under Section 164.003 shall make recommendations for the disposition of a complaint or allegation. The member may request the assistance of a board employee at any time.
(b) Board employees shall present a summary of the allegations against the affected physician and of the facts pertaining to the allegation that the employees reasonably believe may be proven by competent evidence at a formal hearing.
(c) A board attorney shall act as counsel to the panel and, notwithstanding Subsection (e), shall be present during the informal meeting and the panel's deliberations to advise the panel on legal issues that arise during the proceeding. The attorney may ask...
questions of participants in the informal meeting to clarify any statement made by the participant. The attorney shall provide to the panel a historical perspective on comparable cases that have appeared before the board, keep the proceedings focused on the case being discussed, and ensure that the board's employees and the affected physician have an opportunity to present information related to the case. During the panel's deliberations, the attorney may be present only to advise the panel on legal issues and to provide information on comparable cases that have appeared before the board.

(d) The panel and board employees shall provide an opportunity for the affected physician and the physician's authorized representative to reply to the board employees' presentation and to present oral and written statements and facts that the physician and representative reasonably believe could be proven by competent evidence at a formal hearing.

(e) An employee of the board who participated in the presentation of the allegation or information gathered in the investigation of the complaint, the affected physician, the physician's authorized representative, the complainant, the witnesses, and members of the public may not be present during the deliberations of the panel. Only the members of the panel and the board attorney serving as counsel to the panel may be present during the deliberations.

(f) The panel shall recommend the dismissal of the complaint or allegations or, if the panel determines that the affected physician has violated a statute or board rule, the panel may recommend board action and terms for an informal settlement of the case.

(g) The panel's recommendations under Subsection (f) must be made in a written order and presented to the affected physician and the physician's authorized representative. The physician may accept the proposed settlement within the time established by the panel at the informal meeting. If the physician rejects the proposed settlement or does not act within the required time, the board may proceed with the filing of a formal complaint with the State Office of Administrative Hearings.

(h) If the board rejects the panel's recommendation for settlement or dismissal, the board shall notify the physician and state in the board's minutes the reason for rejecting the recommendation and specify further action to be considered. In determining the appropriate further action to be taken, the board
shall consider previous attempts to resolve the matter.

Sec. 164.0035. DISMISSAL OF BASELESS COMPLAINT. If, during the 180-day period prescribed by Section 164.003(b)(1), the board determines that the complaint is a baseless or unfounded complaint, the board shall dismiss the complaint and include a statement in the records of the complaint that the reason for the dismissal is because the complaint was baseless or unfounded. The board shall adopt rules that establish criteria for determining that a complaint is baseless or unfounded.

Sec. 164.0036. NOTICE REGARDING CERTAIN COMPLAINTS. (a) If an informal meeting is not scheduled for a complaint before the 180th day after the date the board's official investigation of the complaint is commenced under Section 154.057(b), the board shall provide notice to all parties to the complaint. The notice must include an explanation of the reason why the informal meeting has not been scheduled. The notice under this subsection is not required if the notice would jeopardize an investigation.

(b) The board must include in its annual report to the legislature information about any complaint for which notice is required under Subsection (a), including the reason for failing to schedule the informal meeting before the 180-day deadline. The information provided under this subsection must also list any complaint in which the investigation has extended beyond the first anniversary of the date the complaint was filed with the board.

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 1.39, eff. September 1, 2005.

Sec. 164.004. COMPLIANCE WITH DUE PROCESS REQUIREMENTS. (a) Except in the case of a suspension under Section 164.059 or under the terms of an agreement between the board and a license holder, a
revocation, suspension, involuntary modification, or other
disciplinary action relating to a license is not effective unless,
before board proceedings are instituted:

(1) the board gives notice, in a manner consistent with the
notice requirements under Section 154.053, to the affected license
holder of the facts or conduct alleged to warrant the intended
action; and

(2) the license holder is given an opportunity to show
compliance with all requirements of law for the retention of the
license, at the license holder's option, either in writing or through
personal appearance at an informal meeting with one or more
representatives of the board.

(b) If the license holder chooses to personally appear and an
informal meeting is held, the board's staff and the board's
representatives are subject to the ex parte provisions of Chapter
2001, Government Code, with regard to contacts with board members and
administrative law judges concerning the case.

Administrative Hearings of a formal complaint.

(f) A formal complaint must allege with reasonable certainty each specific act relied on by the board to constitute a violation of a specific statute or rule. The formal complaint must be specific enough to:

(1) enable a person of common understanding to know what is meant by the formal complaint; and
(2) give the person who is the subject of the formal complaint notice of each particular act alleged to be a violation of a specific statute or rule.

(g) The board shall adopt rules to promote discovery by each party to a contested case.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 164.006. SERVICE OF NOTICE. (a) Service of process to notify the respondent of a hearing about the charges against the person must be served in accordance with Chapter 2001, Government Code.

(b) If service described by Subsection (a) is impossible or cannot be effected, the board shall publish once a week for two successive weeks a notice of the hearing in a newspaper published in the county of the last known place of practice in this state of the person, if known.

(c) If the license holder is not currently practicing in this state as evidenced by information in the board files, or if the last county of practice is unknown, the notice shall be published in a newspaper in Travis County.

(d) If publication of notice is used, the date of hearing may not be earlier than the 10th day after the date of the last publication.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 164.007. ADMINISTRATIVE HEARINGS; CONFIDENTIALITY ISSUES. (a) The board by rule shall adopt procedures governing formal disposition of a contested case under Chapter 2001, Government Code. A formal hearing shall be conducted by an administrative law judge employed by the State Office of Administrative Hearings. After
receiving the administrative law judge's findings of fact and conclusions of law, the board shall dispose of the contested case by issuing a final order based on the administrative law judge's findings of fact and conclusions of law.

(a-1) Notwithstanding Section 2001.058(e), Government Code, the board may not change a finding of fact or conclusion of law or vacate or modify an order of the administrative law judge. The board may obtain judicial review of any finding of fact or conclusion of law issued by the administrative law judge as provided by Section 2001.058(f)(5), Government Code. For each case, the board has the sole authority and discretion to determine the appropriate action or sanction, and the administrative law judge may not make any recommendation regarding the appropriate action or sanction.

(b) Notwithstanding this subtitle or other law, the board may employ, retain, and compensate:

(1) attorneys, consultants, and other professionals as necessary and appropriate to serve as board consultants or special counsel to prosecute complaints filed with the board on behalf of the hearings division and investigating division; and

(2) court reporters and other staff necessary to prepare for or represent the board in the hearings authorized by this section.

(c) Each complaint, adverse report, investigation file, other investigation report, and other investigative information in the possession of or received or gathered by the board or its employees or agents relating to a license holder, an application for license, or a criminal investigation or proceeding is privileged and confidential and is not subject to discovery, subpoena, or other means of legal compulsion for release to anyone other than the board or its employees or agents involved in discipline of a license holder. For purposes of this subsection, investigative information includes information relating to the identity of, and a report made by, a physician performing or supervising compliance monitoring for the board.

(d) Not later than the 30th day after the date of receipt of a written request from a license holder who is the subject of a formal complaint initiated and filed under Section 164.005 or from the license holder's counsel of record, and subject to any other privilege or restriction set forth by rule, statute, or legal precedent, and unless good cause is shown for delay, the board shall
provide the license holder with access to all information in its possession that the board intends to offer into evidence in presenting its case in chief at the contested hearing on the complaint. The board is not required to provide:

(1) a board investigative report or memorandum;
(2) the identity of a nontestifying complainant; or
(3) attorney-client communications, attorney work product, or other materials covered by a privilege recognized by the Texas Rules of Civil Procedure or the Texas Rules of Evidence.

(e) Furnishing information under Subsection (d) does not constitute a waiver of privilege or confidentiality under this subtitle or other applicable law.

(f) Investigative information in the possession of the board or an employee or agent relating to discipline of a license holder may be disclosed to:

(1) the appropriate licensing authority of:
   (A) another state; or
   (B) a territory or country in which the license holder is licensed or has applied for a license; or
(2) a medical peer review committee reviewing an application for privileges or the qualifications of the license holder with respect to retaining privileges.

(g) If investigative information in the possession of the board or its employees or agents indicates that a crime may have been committed, the board shall report the information to the appropriate law enforcement agency.

(h) The board shall cooperate with and assist a law enforcement agency conducting a criminal investigation of a license holder by providing information that is relevant to the criminal investigation to the investigating agency. Information disclosed by the board to an investigative agency remains confidential and may not be disclosed by the investigating agency except as necessary to further the investigation.

physician's good faith clinical judgment, a condition exists that complicates the medical condition of the pregnant minor and necessitates the immediate abortion of her pregnancy to avert her death or to avoid a serious risk of substantial impairment of a major bodily function and that there is insufficient time to obtain the consent of the child's parent, managing conservator, or legal guardian; or

(c) Subsection (a)(3) does not apply to a person the physician is treating for:
(1) the person's use of narcotics after the physician notifies the board in writing of the name and address of the person being treated; or
(2) intractable pain under the Intractable Pain Treatment Act (Article 4495c, Revised Statutes).

(1) verify the accuracy of the records; and
(2) perform an inventory of the prescription drugs on hand.

(b) The sanctions provided by Subsection (a) are in addition to any other grounds for refusal to admit persons to examination under this subtitle or to issue a license or renew a license to practice

(a) In enforcing Section 164.051(a)(4), the board, on probable cause, shall request the affected physician or applicant to submit to a mental or physical examination by physicians designated by the board. The board shall adopt guidelines, in conjunction with persons interested in or affected by this section, to enable the board to evaluate circumstances in which a physician or applicant may be required to submit to an examination for mental or physical health conditions, alcohol and substance abuse, or professional behavior problems.

(b) If the affected physician refuses to submit to the examination, the board shall issue an order requiring the physician to show cause why the physician should not be required to submit to the examination and shall schedule a hearing on the order not later than the 30th day after the date on which notice is served on the physician. The physician shall be notified by either personal service or certified mail with return receipt requested.

(c) At the hearing, the physician and the physician's attorney are entitled to present testimony and other evidence showing that the physician should not be required to submit to the examination. After a hearing, the board shall issue an order either requiring the
physician to submit to the examination or withdrawing the request for examination.

(d) The board shall refer a physician or applicant with a physical or mental health condition to the most appropriate medical specialist for evaluation. The board may not require a physician or applicant to submit to an examination by a physician having a specialty specified by the board unless medically indicated. The board may not require a physician or applicant to submit to an examination to be conducted an unreasonable distance from the person's home or place of business unless the physician or applicant resides and works in an area in which there are a limited number of physicians able to perform an appropriate examination.

(e) The guidelines adopted under this section do not impair or remove the board's power to make an independent licensing decision.

(1) initially convicted of:

(A) a felony;

(B) a misdemeanor under Chapter 22, Penal Code, other than a misdemeanor punishable by fine only;

(C) a misdemeanor on conviction of which a defendant is required to register as a sex offender under Chapter 62, Code of Criminal Procedure;

(D) a misdemeanor under Section 25.07, Penal Code; or

(E) a misdemeanor under Section 25.071, Penal Code; or

(2) subject to an initial finding by the trier of fact of guilt of a felony under:

(A) Chapter 481 or 483, Health and Safety Code;

(B) Section 485.033, Health and Safety Code; or

(b) On final conviction for an offense described by Subsection
(a), the board shall revoke the physician's license.

(c) The board shall revoke the license of a physician placed on deferred adjudication community supervision for an offense under:

(1) Section 22.011(a)(2), Penal Code (sexual assault of a child);

(2) Section 22.021(a)(1)(B), Penal Code (aggravated sexual assault of a child); or

(3) Section 21.11, Penal Code (indecency with a child).

Sec. 164.058. REQUIRED SUSPENSION OF LICENSE OF INCARCERATED PHYSICIAN. Regardless of the offense, the board shall suspend the license of a physician serving a prison term in a state or federal penitentiary during the term of the incarceration.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 164.059. TEMPORARY SUSPENSION OR RESTRICTION OF LICENSE. (a) The president of the board shall appoint a three-member disciplinary panel consisting of board members to determine whether a person's license to practice medicine should be temporarily suspended or restricted.

(b) If the disciplinary panel determines from the evidence presented to the panel that a person licensed to practice medicine would, by the person's continuation in practice, constitute a continuing threat to the public welfare, the disciplinary panel shall temporarily suspend or restrict the license of that person.

(c) A license may be suspended or restricted by a disciplinary panel under this section without notice or hearing if:

(1) the board immediately provides notice of the suspension or restriction to the license holder; and

(2) a hearing on the temporary suspension or restriction before a disciplinary panel of the board is scheduled for the earliest possible date after 10 days' notice of hearing.
(d) Notwithstanding Chapter 551, Government Code, the disciplinary panel may hold a meeting by telephone conference call if immediate action is required and convening of the panel at one location is inconvenient for any member of the disciplinary panel.

(e) After the hearing before the disciplinary panel described by Subsection (c), if the disciplinary panel affirms the temporary suspension or restriction of the license holder's license, the board shall schedule an informal compliance meeting that meets the requirements of Section 2001.054(c), Government Code, and Section 164.004 of this code to be held as soon as practicable, unless the license holder waives the informal meeting or an informal meeting has already been held with regard to the issues that are the basis for the temporary suspension or restriction.

(f) If the license holder is unable to show compliance at the informal meeting described by Subsection (e) regarding the issues that are the basis for the temporary suspension or restriction, a board representative shall file a formal complaint under Section 164.005 as soon as practicable.

(g) If, after the hearing described by Subsection (c), the disciplinary panel does not temporarily suspend or restrict the license holder's license, the facts that were the basis for the temporary suspension or restriction may not be the sole basis of another proceeding to temporarily suspend or restrict the license holder's license. The board may use those same facts in a subsequent investigation to obtain new information that may be the basis for the temporary suspension or restriction of the license holder's license. For purposes of this subsection, facts that are the basis for the temporary suspension or restriction of a license holder's license include facts presented to the disciplinary panel and facts presented by the board or a representative of the board at the time evidence was presented to the disciplinary panel.

Sec. 164.0595. TEMPORARY SUSPENSION OR RESTRICTION OF LICENSE FOR CERTAIN ARRESTS. (a) A disciplinary panel appointed under Section 164.059 may suspend or restrict the license of a person arrested for an offense under:
(1) Section 22.011(a)(2), Penal Code (sexual assault of a child);
(2) Section 22.021(a)(1)(B), Penal Code (aggravated sexual assault of a child);
(3) Section 21.02, Penal Code (continuous sexual abuse of a young child or children); or
(4) Section 21.11, Penal Code (indecency with a child).

(b) Before suspending or restricting a license under this section, the disciplinary panel must determine that the person arrested for an offense listed in Subsection (a) is the same person who holds a license issued by the board.

(c) A suspension or restriction under this section remains in effect until the final disposition of the case.

(d) Sections 164.059(c), (d), (e), (f), and (g) apply to a suspension or restriction under this section.

(e) The board shall adopt rules to implement this section, including rules regarding evidence that serves as proof of final disposition of a case.

Sec. 164.060. REPORT OF BOARD ACTIONS. (a) Not later than the first working day after the date a board order is issued taking disciplinary action against a physician, the board shall report the action to the appropriate health care facilities and hospitals, if known by the board.

(b) Not later than the 30th day after the date the board takes disciplinary action against a physician, the board shall report that action, in writing, to:

(1) the appropriate health care facilities and hospitals, if not previously notified in writing;
(2) professional societies of physicians in this state;
(3) the entity responsible for the administration of Medicare and Medicaid in this state;
(4) the United States Secretary of Health and Human Services or the secretary's designee; and
(5) the complainant.

(c) If the board, during its review of a complaint against a
physician, discovers an act or omission that may constitute a felony, a misdemeanor involving moral turpitude, a violation of state or federal narcotics or controlled substance laws, an offense involving fraud or abuse under the Medicare or Medicaid programs, or a violation of the workers' compensation laws under Subtitle A, Title 5, Labor Code, the board shall immediately report that act or omission to the appropriate prosecuting and regulatory authorities.

(d) Notwithstanding Subsection (c), the board may exercise discretion in the case of an impaired physician who is actively participating in board-approved or sanctioned care, counseling, or treatment.

Sec. 164.061. SURRENDER OF LICENSE. (a) The board may accept the voluntary surrender of a license.

(b) A surrendered license may not be returned unless the board determines, under board rules, that the license holder is competent to resume practice.

SUBCHAPTER C. PROBATION OF LICENSE

Sec. 164.101. PROBATION. (a) The board on majority vote may probate an order canceling, revoking, or suspending a license or imposing any other method of discipline if the probationer conforms to each order, condition, and rule the board establishes as a term of probation.

(b) At the time probation is granted the board shall establish the term of the probationary period.

(c) If a license suspension is probated, the board may require the license holder to:

(1) report regularly to the board on matters that are the basis of the probation;

(2) limit practice to the areas prescribed by the board; or

(3) continue or review continuing professional education until the license holder attains a degree of skill satisfactory to
the board in the areas that are the basis of the probation.

Sec. 164.102. PERSONS INELIGIBLE FOR PROBATION. (a) The board may not grant probation to a physician who constitutes, through the practice of medicine, a continuing threat to the public welfare.

(b) Except on an express determination, based on substantial evidence, that granting probation is in the best interests of the public and of the person whose license has been suspended, revoked, or canceled, the board may not grant probation to a person whose license has been canceled, revoked, or suspended because of a felony conviction under:

(1) Chapter 481 or 483, Health and Safety Code;
(2) Section 485.033, Health and Safety Code;
(3) the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. Section 801 et seq.); or

(1) rescind the probation and enforce the board's original order; and
(2) impose any disciplinary action permitted under Section 164.001 in addition to or instead of enforcing the original order.

(b) The board shall revoke or suspend a probationer's license
if the board determines that the probationer constitutes, through the practice of medicine, a continuing threat to the public welfare.

(c) A hearing to rescind probation is subject to the requirements established under this chapter for other charges.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 164.153. CERTAIN PERSONS INELIGIBLE FOR REINSTATEMENT.
Except on an express determination based on substantial evidence contained in an investigative report indicating that reinstatement or reissue of the license is in the best interests of the public and of the person whose license has been canceled, revoked, or suspended, the board may not reinstate or reissue a license to a person whose license has been canceled, revoked, or suspended because of a felony conviction under:

1. Chapter 481 or 483, Health and Safety Code;

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 202.402. SCOPE OF PRIVILEGE. (a) A communication that relates to or is in connection with professional services provided by a podiatrist for a patient is confidential and privileged and may not be disclosed except as provided by this subchapter.

(b) Records of the identity, diagnosis, evaluation, or treatment of a patient by a podiatrist that are created or maintained by a podiatrist are confidential and privileged and may not be disclosed except as provided by this subchapter.

(c) A person who receives information from confidential communications or podiatric records, other than a person listed under Section 202.405 or 202.406 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

(d) The prohibitions of this section continue to apply to confidential communications or records concerning a patient without regard to when the patient received the services of a podiatrist.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 202.403. CLAIM OF PRIVILEGE. (a) The privilege of confidentiality under this subchapter may be claimed by the patient or by a podiatrist acting on the patient's behalf.

(b) A podiatrist may claim the privilege of confidentiality only on behalf of the podiatrist's patient. The authority to claim the privilege is presumed in the absence of evidence to the contrary.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 202.404. EXCEPTIONS TO PRIVILEGE AND CONFIDENTIALITY IN CERTAIN PROCEEDINGS. (a) The privilege and confidentiality requirements under this subchapter do not apply in a court or administrative proceeding if:

(2) a patient or a person authorized to act on the patient's behalf submits written consent to the release of confidential information, as provided by Section 202.406; or

(3) the purpose of the proceeding is to substantiate and collect on a claim for podiatric services provided to a patient.

(b) The privilege and confidentiality requirements under this subchapter do not apply in a civil litigation or administrative proceeding brought by a patient or a person authorized to act on the patient's behalf if the plaintiff is attempting to recover monetary damages for a physical or mental condition, including the patient's death. court in which the prosecution is pending makes an in camera
determination as to the relevancy of the records or communications or
part of the records or communications. The court's determination
does not constitute a determination as to the admissibility of the
records or communications or part of the records or communications.

notice of the withdrawal.

(d) A podiatrist shall furnish copies of podiatric records requested or a summary or narrative of the records under a written consent for release of the information as provided by this section unless the podiatrist determines that access to the information would be harmful to the physical, mental, or emotional health of the patient. The podiatrist may delete confidential information about another person who has not consented to the release.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 202.453. INFORMATION PROVIDED TO AFFECTED PODIATRIST. A podiatric peer review committee that takes action that could result in censure or suspension, restriction, limitation, or revocation of a license by the board or a denial of a podiatrist's membership or privileges in a health care entity shall provide the affected podiatrist a written copy of the committee's recommendation and a copy of the final decision, including a statement of the basis for the decision.

confidentiality.

(b) The evidentiary privilege under this subchapter may be
invoked by any person in a civil or administrative proceeding unless
the person has secured a waiver of the privilege executed in writing
by the chairman, vice chairman, or secretary of the affected

participating in peer review, or an organization named as a defendant
in a civil action filed as a result of participating in peer review
is permitted to use confidential information in the defendant's

Sec. 202.456. IMMUNITY. (a) Except for an action involving fraud, conspiracy, or malice, a podiatric peer review committee is immune from liability and may not be subject to a suit for damages for any act arising from the performance of the committee's duties in:

(b) On the person's final conviction, the board shall revoke the person's license.

(c) The board may not reinstate or reissue a license to a person whose license is suspended or revoked under this section except on an express determination based on substantial evidence contained in an investigative report indicating that the

The board, at the time of probation, shall set the term of the probationary period.

(b) At any time while the podiatrist remains on probation, the board may hold a hearing to determine whether the podiatrist has violated the conditions of the probation. On a board determination that the conditions of the probation have been violated, the board may rescind the probation and enforce the board's original action in revoking or suspending the podiatrist's license.

(c) The president of the board shall call the hearing under Subsection (b) to rescind the probation. The president shall order the issuance of notice setting the time and place for the hearing and containing the charges or complaints against the podiatrist. (b) If a person fails to comply with a subpoena issued under
this section, the board, through the attorney general, may file suit to enforce the subpoena in a district court in Travis County or in a county in which a hearing conducted by the board may be held. If the court finds that good cause existed for the issuance of the subpoena, the court shall order compliance with the subpoena. Failure to obey the court order is punishable by the court as contempt.

Sec. 202.509. DISCLOSURE OF INVESTIGATIVE INFORMATION.  (a) A complaint, report, investigation file, or other investigative information in the possession of or received or gathered by the board or an employee or agent of the board that relates to a license holder, a license application, or a criminal investigation or proceeding is privileged, confidential, and not subject to discovery, subpoena, or any other legal method of compelling release.

(b) Subject to any other privilege or restriction established by law, not later than the 30th day after the date the board receives a written request from a license holder, or the license holder's attorney, who is the subject of a formal complaint, the board shall provide the license holder with access to all information in the board's possession that the board intends to offer into evidence at the contested case hearing on the complaint. The furnishing of information under Subsection (b) does not constitute a waiver of any privilege or confidentiality provision under law.

(d) Investigative information in the board's possession that relates to a disciplinary action regarding a license holder may be disclosed to:

(1) a licensing agency regulating the practice of podiatry in another state or country in which the license holder is also licensed or has applied for a license; or

(e) The board shall report to the appropriate law enforcement agency information obtained by the board in the course of an investigation that indicates that a crime may have been committed. The board shall cooperate and assist a law enforcement agency conducting a criminal investigation of a license holder by providing relevant information to the agency. Information provided to a law enforcement agency by the board is confidential and may not be disclosed except as necessary to conduct the investigation.

(b) If the disciplinary panel determines from the evidence presented to the panel that a person licensed to practice podiatry would, by the person's continuation in practice, constitute a continuing threat to the public welfare, the disciplinary panel shall temporarily suspend the license of that person.

(c) A license may be suspended by a disciplinary panel under this section without notice or hearing if:

(1) the board immediately provides notice of the suspension to the license holder; and

(f) If the license holder is unable to show compliance at the informal meeting described by Subsection (e) regarding the issues that are the basis for the temporary suspension, a board representative shall initiate a disciplinary procedure under Section 202.501 as soon as practicable.

(g) If, after the hearing described by Subsection (c), the disciplinary panel does not temporarily suspend the license holder's license, the facts that were the basis for the temporary suspension may not be the sole basis of another proceeding to temporarily suspend the license holder's license. The board may use those same facts in a subsequent investigation to obtain new information that may be the basis for the temporary suspension of the license holder's license. For purposes of this subsection, facts that are the basis for the temporary suspension of a license holder's license include facts presented to the disciplinary panel and facts presented by the board or a representative of the board at the time evidence was presented to the disciplinary panel.

Confidential information disclosed by the board to a law enforcement agency under this subsection remains confidential and may not be disclosed by the law enforcement agency except as necessary to further the investigation.

(3) stay enforcement of an order and place the person on probation;

(5) suspend, limit, or restrict the person's license, including:

(A) limiting the practice of the person to, or excluding from the practice, one or more specified activities of the practice as a physician assistant; or

(B) stipulating periodic physician assistant board review;

(6) assess an administrative penalty against the person under Section 204.351;

(7) order the person to perform public service; or

(8) administer a public reprimand.

(b) If the physician assistant board stays enforcement of an order and places a person on probation, the board retains the right to vacate the probationary stay and enforce the original order for noncompliance with the terms of probation or impose any other remedial measure or sanction authorized by this section.

(c) The physician assistant board may restore or reissue a license or remove any disciplinary or corrective measure that the board has imposed.

Sec. 204.3011. DELEGATION OF CERTAIN COMPLAINT DISPOSITIONS. (a) The physician assistant board may delegate to a committee of medical board employees the authority to dismiss or enter into an agreed settlement of a complaint that does not relate directly to patient care or that involves only administrative violations. The disposition determined by the committee must be approved by the physician assistant board at a public meeting.

(b) A complaint delegated under this section shall be referred for informal proceedings under Section 204.312 if:

1. the committee of employees determines that the complaint should not be dismissed or settled;

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 2.23, eff. September 1, 2005.

Sec. 204.302. CONDUCT RELATED TO FRAUD OR MISREPRESENTATION. The physician assistant board may take action under Section 204.301 against an applicant or license holder who:

1. fraudulently or deceptively obtains or attempts to obtain a license;
2. fraudulently or deceptively uses a license;
3. falsely represents that the person is a physician;
4. acts in an unprofessional or dishonorable manner that is likely to deceive, defraud, or injure the public;
5. fraudulently alters a physician assistant license, certificate, or diploma;

Sec. 204.303. CONDUCT RELATED TO VIOLATION OF LAW. (a) The physician assistant board may take action under Section 204.301 against an applicant or license holder who:

(1) violates this chapter or a rule adopted under this chapter;

(2) is convicted of a felony, placed on deferred adjudication, or placed in a pretrial diversion program;

(3) violates state law if the violation is connected with practice as a physician assistant;

(5) writes a false or fictitious prescription for a dangerous drug as defined by Chapter 483, Health and Safety Code.

(b) A complaint, indictment, or conviction of a law violation is not necessary for the physician assistant board to act under Subsection (a)(3). Proof of the commission of the act while in practice as a physician assistant or under the guise of practice as a physician assistant is sufficient for action by the physician assistant board.

(c) A failure to keep the records described under Subsection (a)(4) for a reasonable time is grounds for disciplinary action against a physician assistant. The physician assistant board or its representative may enter and inspect a physician assistant's place or places of practice during reasonable business hours to:

(1) verify the correctness of the records; and

(2) inventory the drugs on hand.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

(8) prescribes, dispenses, or administers a drug or treatment that is nontherapeutic in nature or nontherapeutic in the manner the drug or treatment is prescribed, dispensed, or administered;

(9) is removed or suspended from, or has had disciplinary action taken by the person's peers in, any professional association or society, or is being disciplined by a licensed hospital or medical staff of a hospital, including removal, suspension, limitation of privileges, or other disciplinary action, if the reason for the discipline, in the board's opinion, is unprofessional conduct or professional incompetence likely to harm the public;

(10) has repeated or recurring meritorious health care liability claims that, in the board's opinion, are evidence of professional incompetence likely to harm the public; or

(11) sexually abuses or exploits another person through the license holder's practice as a physician assistant.

(b) A certified copy of the record of the state or uniformed services of the United States taking an action described by Subsection (a)(7) is conclusive evidence of the action.

(c) An action described by Subsection (a)(9) does not constitute state action on the part of the association, society, or hospital medical staff.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 204.3045. PHYSICAL OR MENTAL EXAMINATION. (a) The physician assistant board shall adopt guidelines, in conjunction with persons interested in or affected by this section, to enable the physician assistant board to evaluate circumstances in which a
physician assistant or applicant may be required to submit to an examination for mental or physical health conditions, alcohol and substance abuse, or professional behavior problems.

(b) The physician assistant board shall refer a physician assistant or applicant with a physical or mental health condition to the most appropriate medical specialist for evaluation. The physician assistant board may not require a physician assistant or applicant to submit to an examination by a physician having a specialty specified by the physician assistant board unless medically indicated. The physician assistant board may not require a physician assistant or applicant to submit to an examination to be conducted an unreasonable distance from the person's home or place of business unless the physician assistant or applicant resides and works in an area in which there are a limited number of physicians able to perform an appropriate examination.

(c) The guidelines adopted under this section do not impair or remove the physician assistant board's power to make an independent licensing decision.

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 2.24, eff. September 1, 2005.

Sec. 204.308. SUBPOENA. (a) The executive director or the secretary-treasurer of the medical board may issue a subpoena or subpoena duces tecum for the physician assistant board to:

(1) conduct an investigation or a contested proceeding related to:

(A) alleged misconduct by a physician assistant;

(C) the provision of health care under this chapter;

(2) issue, suspend, restrict, or revoke a license under this chapter; or

(3) deny or grant an application for a license under this chapter.

(b) Failure to timely comply with a subpoena issued under this section is a ground for:

person subject to the subpoena; and
  (2) denial of a license application.

Sec. 204.309. PROTECTION OF PATIENT IDENTITY. In a
disciplinary investigation or proceeding conducted under this
chapter, the physician assistant board shall protect the identity of
each patient whose medical records are examined and used in a public
proceeding unless the patient:
  (1) testifies in the public proceeding; or
  (2) submits a written release in regard to the patient's
records or identity.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 204.310. REQUIRED SUSPENSION OF LICENSE OF INCARCERATED
PHYSICIAN ASSISTANT. Regardless of the offense, the physician
assistant board shall suspend the license of a physician assistant
serving a prison term in a state or federal penitentiary during the
term of the incarceration.

Sec. 204.311. TEMPORARY SUSPENSION. (a) The presiding officer
of the physician assistant board, with board approval, shall appoint
a three-member disciplinary panel consisting of board members to
determine whether a person's license to practice as a physician
assistant should be temporarily suspended.

  (b) If the disciplinary panel determines from the evidence or
information presented to the panel that a person licensed to practice
as a physician assistant would, by the person's continuation in
practice, constitute a continuing threat to the public welfare, the
disciplinary panel shall temporarily suspend the license of that
person.

  (c) A license may be suspended under this section without
notice or hearing on the complaint if:
     (1) institution of proceedings for a hearing before the
physician assistant board is initiated simultaneously with the temporary suspension; and

(2) a hearing is held under Chapter 2001, Government Code, and this chapter as soon as possible.

(d) Notwithstanding Chapter 551, Government Code, the disciplinary panel may hold a meeting by telephone conference call if immediate action is required and convening of the panel at one location is inconvenient for any member of the disciplinary panel.

Sec. 204.312. INFORMAL PROCEEDINGS. (a) The physician assistant board by rule shall adopt procedures governing:

(1) informal disposition of a contested case under Section 2001.056, Government Code; and

(2) informal proceedings held in compliance with Section 2001.054, Government Code.

(b) Rules adopted under this section must require that:

(1) an informal meeting in compliance with Section 2001.054, Government Code, be scheduled not later than the 180th day after the date the complaint is filed with the physician assistant board, unless good cause is shown by the physician assistant board for scheduling the informal meeting after that date;

(2) the physician assistant board give notice to the license holder of the time and place of the meeting not later than the 30th day before the date the meeting is held;

(3) the complainant and the license holder be provided an opportunity to be heard;

(4) at least one of the physician assistant board members participating in the informal meeting as a panelist be a member who represents the public;

(5) the physician assistant board's legal counsel or a representative of the attorney general be present to advise the physician assistant board or the medical board's staff; and

(6) a member of the medical board's staff be at the meeting to present to the physician assistant board's representative the facts the staff reasonably believes it could prove by competent evidence or qualified witnesses at a hearing.

(c) An affected physician assistant is entitled to:
(1) reply to the staff's presentation; and
(2) present the facts the physician assistant reasonably believes the physician assistant could prove by competent evidence or qualified witnesses at a hearing.

(d) After ample time is given for the presentations, the physician assistant board representative shall recommend that the investigation be closed or shall attempt to mediate the disputed matters and make a recommendation regarding the disposition of the case in the absence of a hearing under applicable law concerning contested cases.

(e) If the license holder has previously been the subject of disciplinary action by the physician assistant board, the physician assistant board shall schedule the informal meeting as soon as practicable but not later than the deadline prescribed by Subsection (b)(1).

Added by Acts 2005, 79th Leg., Ch. 269 (S.B. 419), Sec. 2.27, eff. September 1, 2005.

(b) Notwithstanding Subsection (a) and Section 204.312(b)(4), an informal proceeding may be conducted by one panelist if the affected physician assistant waives the requirement that at least two panelists conduct the informal proceeding. If the physician assistant waives that requirement, the panelist may be any member of the physician assistant board.

(c) The panel requirements described by Subsections (a) and (b) apply to an informal proceeding conducted by the physician assistant board under Section 204.312, including a proceeding to:

(1) consider a disciplinary case to determine if a violation has occurred; or
(2) request modification or termination of an order.

(d) The panel requirements described by Subsections (a) and (b) do not apply to an informal proceeding conducted by the physician assistant board under Section 204.312 to show compliance with an order of the physician assistant board.
Sec. 204.314. ROLES AND RESPONSIBILITIES OF PARTICIPANTS IN INFORMAL PROCEEDINGS. (a) A physician assistant board member that serves as a panelist at an informal meeting under Section 204.312 shall make recommendations for the disposition of a complaint or allegation. The member may request the assistance of a medical board employee at any time.

(b) Medical board employees shall present a summary of the allegations against the affected physician assistant and of the facts pertaining to the allegation that the employees reasonably believe may be proven by competent evidence at a formal hearing.

(c) A physician assistant board or medical board attorney shall act as counsel to the panel and, notwithstanding Subsection (e), shall be present during the informal meeting and the panel's deliberations to advise the panel on legal issues that arise during the proceeding. The attorney may ask questions of participants in the informal meeting to clarify any statement made by the participant. The attorney shall provide to the panel a historical perspective on comparable cases that have appeared before the physician assistant board or medical board, keep the proceedings focused on the case being discussed, and ensure that the medical board's employees and the affected physician assistant have an opportunity to present information related to the case. During the panel's deliberations, the attorney may be present only to advise the panel on legal issues and to provide information on comparable cases that have appeared before the physician assistant board or medical board.

(d) The panel and medical board employees shall provide an opportunity for the affected physician assistant and the physician assistant's authorized representative to reply to the medical board employees' presentation and to present oral and written statements and facts that the physician assistant and representative reasonably believe could be proven by competent evidence at a formal hearing.

(e) An employee of the medical board who participated in the presentation of the allegation or information gathered in the investigation of the complaint, the affected physician assistant, the physician assistant's authorized representative, the complainant, the
witnesses, and members of the public may not be present during the deliberations of the panel. Only the members of the panel and the attorney serving as counsel to the panel may be present during the deliberations.

(f) The panel shall recommend the dismissal of the complaint or allegations or, if the panel determines that the affected physician assistant has violated a statute or physician assistant board rule, the panel may recommend physician assistant board action and terms for an informal settlement of the case.

(g) The panel's recommendations under Subsection (f) must be made in a written order and presented to the affected physician assistant and the physician assistant's authorized representative. The physician assistant may accept the proposed settlement within the time established by the panel at the informal meeting. If the physician assistant rejects the proposed settlement or does not act within the required time, the physician assistant board may proceed with the filing of a formal complaint with the State Office of Administrative Hearings.

(b) A surrendered license may not be returned to the license holder unless the physician assistant board determines, under physician assistant board rules, that the former holder of the license is competent to resume practice.

(c) The physician assistant board by rule shall establish guidelines for determining the competency of a former license holder to return to practice.
Sec. 204.316. REFUND. (a) Subject to Subsection (b), the physician assistant board may order a license holder to pay a refund to a consumer as provided in an agreement resulting from an informal settlement conference instead of or in addition to imposing an administrative penalty under Section 204.351.

(b) The amount of a refund ordered as provided in an agreement resulting from an informal settlement conference may not exceed the amount the consumer paid to the license holder for a service regulated by this chapter. The physician assistant board may not require payment of other damages or estimate harm in a refund order.

Sec. 204.317. MODIFICATION OF FINDINGS OR RULINGS BY ADMINISTRATIVE LAW JUDGE. The physician assistant board may change a finding of fact or conclusion of law or vacate or modify an order of an administrative law judge only if the physician assistant board makes a determination required by Section 2001.058(e), Government Code.

Sec. 204.318. EXPERT IMMUNITY. An expert who assists the physician assistant board is immune from suit and judgment and may not be subjected to a suit for damages for any investigation, report, recommendation, statement, evaluation, finding, or other action taken without fraud or malice in the course of assisting the board in a disciplinary proceeding. The attorney general shall represent the expert in any suit resulting from a service provided by the person in good faith to the physician assistant board.
Sec. 204.351. ADMINISTRATIVE PENALTY. (a) The physician assistant board by order may impose an administrative penalty against a person licensed under this chapter who violates this chapter or a rule or order adopted under this chapter.

(b) The penalty may be in an amount not to exceed $5,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) The physician assistant board shall base the amount of the penalty on:

1. the severity of patient harm;
2. the severity of economic harm to any person;
3. the severity of any environmental harm;
4. increased potential for harm to the public;
5. any attempted concealment of misconduct;
6. any premeditated or intentional misconduct;

13. lack of rehabilitative potential or likelihood of future misconduct of a similar nature;
14. relevant circumstances increasing the seriousness of the misconduct; and
15. any other matter that justice may require.

(d) The physician assistant board by rule shall prescribe the procedure by which it may impose an administrative penalty. A proceeding under this section is subject to Chapter 2001, Government Code.

(e) If the physician assistant board by order determines that a violation has occurred and imposes an administrative penalty, the board shall give notice to the person of the board's order. The notice must include a statement of the person's right to judicial
review of the order.

(a) If it appears to the physician assistant board that a person who is not licensed under this chapter is violating this chapter, a rule adopted under this chapter, or another state statute or rule relating to physician assistant practice, the board after notice and opportunity for a hearing may issue a cease and desist order prohibiting the person from engaging in the activity.

(b) A violation of an order under this section constitutes grounds for imposing an administrative penalty under this subchapter.

If the acupuncturist waives that requirement, the panelist may be any member of the acupuncture board.

(c) The panel requirements described by Subsection (a) apply to an informal proceeding conducted by the acupuncture board under Section 205.3541, including a proceeding to:

The attorney may ask questions of participants in the informal meeting to clarify any statement made by the participant. The attorney shall provide to the panel a historical perspective on comparable cases that have appeared before the acupuncture board or medical board, keep the proceedings focused on the case being discussed, and ensure that the medical board's employees and the affected acupuncturist have an opportunity to present information related to the case. During the panel's deliberation, the attorney may be present only to advise the panel on legal issues and to provide information on comparable cases that have appeared before the acupuncture board or medical board.

(d) The panel and medical board employees shall provide an opportunity for the affected acupuncturist and the acupuncturist's authorized representative to reply to the board employees' presentation and to present oral and written statements and facts that the acupuncturist and representative reasonably believe could be proven by competent evidence at a formal hearing.

Only the members of the panel and the attorney serving as counsel to the panel may be present during the deliberations.

(f) The panel shall recommend the dismissal of the complaint or allegations or, if the panel determines that the affected acupuncturist has violated a statute or acupuncture board rule, the panel may recommend board action and terms for an informal settlement of the case.

(d) The panel and medical board employees shall provide an opportunity for the affected surgical assistant and the surgical assistant's authorized representative to reply to the board employees' presentation and to present oral and written statements and facts that the surgical assistant and representative reasonably believe could be proven by competent evidence at a formal hearing.

(e) An employee of the medical board who participated in the presentation of the allegation or information gathered in the investigation of the complaint, the affected surgical assistant, the surgical assistant's authorized representative, the complainant, the witnesses, and members of the public may not be present during the deliberations of the panel. If the surgical assistant waives that requirement, the panelist may be either a physician or a member who represents the public.

Sec. 258.151. DEFINITION. In this subchapter, "enteral" means any technique of administering anesthesia in which the anesthetic is absorbed through the gastrointestinal tract or oral mucosa. Examples of enterally administering anesthesia include administering an anesthetic orally, rectally, sublingually, or intranasally.

Sec. 258.152. APPLICABILITY. Rules adopted by the board under this subchapter do not apply to:

(1) the regional injection of an anesthetic to reduce or
eliminate sensation, especially pain, in one part of the body; or
(2) the administration of anxiolytics and analgesics that are not being used in conjunction with the administration of nitrous oxide and that are administered in doses that do not have the probability of placing the dental patient at risk for loss of the dental patient's life-preserving protective reflexes.

Sec. 258.153. RULES. (a) The board shall establish by rule the minimum standards for the enteral administration of anesthesia by a dentist.

(b) The rules must be designed to protect the health, safety, and welfare of the public and must include requirements relating to:

Sec. 258.155. ANNUAL PERMIT. (a) Not later than September 1, 2002, the board shall require each dentist who enterally administers anesthesia or performs a procedure for which anesthesia is enterally administered to annually obtain a permit from the board by completing a form prescribed by the board. The board shall set and impose a fee for the permit in an amount designed to recover the costs of regulating a permit holder under this subchapter.

(b) The board shall coordinate the times at which a permit must be renewed with the times at which a dentist's license must be renewed under Chapter 257 so that the times of registration, payment, notice, and imposition of penalties for late payment are similar and provide a minimum of administrative burden to the board and to dentists.

Sec. 258.156. INSPECTIONS. (a) The board may conduct inspections to enforce this subchapter, including inspections of an office site and of documents of a dentist's practice that relate to the enteral administration of anesthesia. The board may contract with another state agency or qualified person to conduct these inspections.

(b) Unless it would jeopardize an ongoing investigation, the board shall provide at least five business days' notice before conducting an on-site inspection under this section.

(c) This section does not require the board to make an on-site inspection of a dentist's office.

Sec. 258.157. REQUESTS FOR INSPECTION AND ADVISORY OPINION. (a) The board may consider a request by a dentist for an on-site inspection. The board may, in its discretion and on payment of a fee in an amount established by the board, conduct the inspection and issue an advisory opinion.

(b) An advisory opinion issued by the board under this section
is not binding on the board, and the board, except as provided by Subsection (c), may take any action under this subtitle in relation to the situation addressed by the advisory opinion that the board considers appropriate.

(c) A dentist who requests and relies on an advisory opinion of the board may use the opinion as mitigating evidence in an action or proceeding to impose an administrative or civil penalty under this subtitle. The board or court, as appropriate, shall take proof of reliance on an advisory opinion into consideration and mitigate the imposition of administrative or civil penalties accordingly.

CHAPTER 259. PROHIBITED OR RESTRICTED COMMERCIAL OR PROFESSIONAL ACTIVITIES

(4) information concerning the service provider agreement provided to shareholders of organizations contracting with a dental service provider.

(b) A person who practices dentistry and has another dentist practicing with or under the person is responsible for all professional acts performed under the name of the person, regardless of whether the dentist has an ownership interest or an employment or contractual relationship. This section does not affect an individual license holder's responsibilities and rights under this subtitle.

(c) A statute relating to the practice of dentistry in this state may not be construed to prohibit a licensed dentist from maintaining more than one office in this state if the dentist:

(1) assumes full legal responsibility and liability for the dental services provided in each office; and

(d) A person may be prosecuted if the violation is not cured within the prescribed time.

(e) Subsection (c) does not apply to a subsequent violation of the board's advertising restrictions.

(f) This section does not authorize the board to discipline a dentist for an act of an advertising agent that results in a communication to the public that violates the restrictions adopted by the board under Section 259.005 if the advertisement does not specify the name of the dentist or the name under which the dentist practices unless:

(1) the advertising agent is owned or controlled by the dentist;
(2) the dentist provided to the advertising agent for distribution to the public any information that does not comply with the board's restrictions; or

Notwithstanding any other provision of this subtitle, an injunction under this section is the board's sole remedy against an advertising or marketing agent for a violation of this section.

(h) The remedies provided in this section are in addition to the procedures and remedies provided for in Subchapter E, Chapter 17, Business & Commerce Code.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

(d-4) The board may recognize and accept as approved under this section a school of nursing or educational program operated in another state and approved by a state board of nursing or other regulatory body of that state. The board shall develop policies to ensure that the other state's standards are substantially equivalent to the board's standards.

(d-5) The board shall streamline the process for initially approving a school of nursing or educational program under this section by identifying and eliminating tasks performed by the board that duplicate or overlap tasks performed by the Texas Higher Education Coordinating Board or the Texas Workforce Commission.

(d-6) The board, in cooperation with the Texas Higher Education Coordinating Board and the Texas Workforce Commission, shall establish guidelines for the initial approval of schools of nursing or educational programs. The guidelines must:

(1) identify the approval processes to be conducted by the Texas Higher Education Coordinating Board or the Texas Workforce Commission;

(4) requires program applicants to be a licensed practical or vocational nurse, a military service corpsman, or a paramedic, or to hold a college degree in a clinically oriented health care field with demonstrated experience providing direct patient care; and

(5) graduates students who:

(A) achieve faculty-determined program outcomes, including passing criterion-referenced examinations of nursing knowledge essential to beginning a registered nursing practice and transitioning to the role of registered nurse;

(B) pass a criterion-referenced summative performance examination developed by faculty subject matter experts that measures clinical competencies essential to beginning a registered nursing practice and that meets nationally recognized standards for educational testing, including the educational testing standards of the American Educational Research Association, the American Psychological Association, and the National Council on Measurement in Education; and

(C) pass the National Council Licensure Examination for Registered Nurses at a rate equivalent to the passage rate for students of approved in-state programs.

(d-9) A graduate of a clinical competency assessment program operated in another state and approved by a state board of nursing or other regulatory body of another state is eligible to apply for an initial license under this chapter if:

(1) recommend whether Subsections (d-8) and (d-9) should be extended; and

(2) recommend any changes to Subsections (d-8) and (d-9) relating to the eligibility for a license of graduates of a clinical competency assessment program operated in another state.

(e) The board shall give each person, including an organization, affected by an order or decision of the board under this section reasonable notice of not less than 20 days and an opportunity to appear and be heard regarding the order or decision. The board shall hear each protest or complaint from a person affected by a rule or decision regarding:

(1) the inadequacy or unreasonableness of any rule or order the board adopts; or

(1) is affected by the order or decision;

(2) is dissatisfied with any rule or order of the board; and

(3) sets forth in a petition the principal grounds of
objection to the rule or order.

(g) An appeal under this section shall be tried de novo as if it were an appeal from a justice court to a county court.

  (3) require that the board be advised of a complaint that
  is dismissed and that a letter be sent to the person who filed the

  (4) ensure that the person who filed the complaint has an
  opportunity to explain the allegations made in the complaint;
  (5) prescribe guidelines concerning the categories of
  complaints that require the use of a private investigator and the
  procedures for the board to obtain the services of a private
  investigator; and
  (6) by rule allow appropriate employees of the board to
  dismiss a complaint if an investigation demonstrates that:
     (A) a violation did not occur; or
     (B) the subject of the complaint is outside the board's
  jurisdiction.
  (b) The board shall:
     (1) dispose of all complaints in a timely manner; and

The board shall notify the parties to the complaint of any change in the schedule not later than the seventh day after the date the change is made.

(1) information, including diagnosis and treatment, regarding a person's physical or mental condition, intemperate use of drugs or alcohol, or chemical dependency;

(2) information regarding a person's criminal history; and

(3) any other information in the petition for declaratory order of eligibility.

SUBCHAPTER F. LICENSE REQUIREMENTS
Sec. 301.251. LICENSE REQUIRED. (a) A person may not practice or offer to practice professional nursing or vocational nursing in this state unless the person is licensed as provided by this chapter.

(b) Unless the person holds a license under this chapter, a person may not use, in connection with the person's name:

(1) the title "Registered Nurse," "Professional Nurse," "Licensed Vocational Nurse," "Vocational Nurse," "Licensed Practical Nurse," "Practical Nurse," or "Graduate Nurse";

(2) the abbreviation "R.N.,” "L.V.N.,” "V.N.,” "L.P.N.,” or "P.N.”; or
any other designation tending to imply that the person is a licensed registered nurse or vocational nurse.

(c) This section does not apply to a person entitled to practice nursing in this state under Chapter 304.

(d) Unless the person holds a license under this chapter, a person may not use, in connection with the person's name:
   (1) the title "nurse"; or
   (2) any other designation tending to imply that the person is licensed to provide nursing care.

   Acts 2005, 79th Leg., Ch. 113 (S.B. 1000), Sec. 5, eff. May 20, 2005.

Sec. 301.2511. CRIMINAL HISTORY RECORD INFORMATION FOR LICENSE APPLICANTS. (a) An applicant for a registered nurse license must submit to the board, in addition to satisfying the other requirements of this subchapter, a complete and legible set of fingerprints, on a form prescribed by the board, for the purpose of obtaining criminal history record information from the Department of Public Safety and the Federal Bureau of Investigation.

(b) The board may deny a license to an applicant who does not comply with the requirement of Subsection (a). Issuance of a license by the board is conditioned on the board obtaining the applicant's criminal history record information under this section.

(c) The board by rule shall develop a system for obtaining criminal history record information for a person accepted for enrollment in a nursing educational program that prepares the person for initial licensure as a registered or vocational nurse by requiring the person to submit to the board a set of fingerprints that meets the requirements of Subsection (a). The board may develop a similar system for an applicant for enrollment in a nursing educational program. The board may require payment of a fee by a person who is required to submit a set of fingerprints under this subsection.
Sec. 301.252. LICENSE APPLICATION. (a) Each applicant for a registered nurse license or a vocational nurse license must submit to the board a sworn application that demonstrates the applicant's qualifications under this chapter, accompanied by evidence that the applicant:

1. has good professional character;
2. has successfully completed a program of professional or vocational nursing education approved under Section 301.157(d); and
3. has passed the jurisprudence examination approved by the board as provided by Subsection (a-1).

(a-1) The jurisprudence examination shall be conducted on the licensing requirements under this chapter and board rules and other laws, rules, or regulations applicable to the nursing profession in this state. The board shall adopt rules for the jurisprudence examination under Subsection (a)(3) regarding:

1. the development of the examination;
2. applicable fees;
3. administration of the examination;
4. reexamination procedures;
5. grading procedures; and
6. notice of results.

(b) The board may waive the requirement of Subsection (a)(2) for a vocational nurse applicant if the applicant provides satisfactory sworn evidence that the applicant has completed an acceptable level of education in:

1. a professional nursing school approved under Section 301.157(d); or
2. a school of professional nurse education located in another state or a foreign country.

(c) The board by rule shall determine acceptable levels of education under Subsection (b).
Sec. 301.253. EXAMINATION. (a) Except as provided by Section 301.452, an applicant is entitled to take the examination prescribed by the board if:

(1) the board determines that the applicant meets the qualifications required by Section 301.252; and

(2) the applicant pays the fees required by the board.

(b) Each examination administered under this section must be prepared by a national testing service or the board. The board shall ensure that the examination is administered in various cities throughout the state.

(c) The examination shall be designed to determine the fitness of the applicant to practice professional nursing or vocational nursing.

(c-1) The board shall:

(1) adopt policies and guidelines detailing the procedures for the testing process, including test admission, test administration, and national examination requirements; and

(2) post on the board's Internet website the policies that reference the testing procedures by the national organization selected by the board to administer an examination.

(d) The board shall determine the criteria that determine a passing score on the examination. The criteria may not exceed those required by the majority of the states.

(e) A written examination prepared, approved, or offered by the board, including a standardized national examination, must be validated by an independent testing professional.

(f) The board shall develop a written refund policy regarding examination fees that:

(1) defines the reasonable notification period and the emergencies that would qualify for a refund; and

(2) does not conflict with any examination fee or refund policy of the testing service involved in administering the examination.

(g) The board may recommend to a national testing service selected by the board to offer examinations under this section the
board's written policy for refunding an examination fee for an applicant who:

(1) provides advance notice of the applicant's inability to take the examination; or

(2) is unable to take the examination because of an emergency.

Acts 2007, 80th Leg., R.S., Ch. 889 (H.B. 2426), Sec. 20, eff. September 1, 2007.

Sec. 301.254. EXAMINATION RESULTS. (a) The board shall notify each examinee of the results of the examination not later than the 30th day after the date the examination is administered. If an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination not later than the 14th day after the date the board receives the results from the testing service.

(b) If the notice of the examination results graded or reviewed by a national testing service will be delayed for longer than 90 days after the examination date, the board shall notify each examinee of the reason for the delay before the 90th day.

(c) If requested in writing by a person who fails an examination, the board shall provide to the person an analysis of the person's performance on the examination.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 301.255. REEXAMINATION. The board by rule shall establish conditions under which an applicant who fails an examination may retake the examination. For an applicant who fails the examination two or more times, the board may:

(1) require the applicant to fulfill additional educational requirements; or

(2) deny the applicant the opportunity to retake the examination.
Sec. 301.256. ISSUANCE OF LICENSE. If the results of an examination taken under Section 301.253 or 301.255 satisfy the criteria established by the board under that section, the board shall issue to the applicant a license to practice professional nursing or vocational nursing in this state. The license must be signed by the board's presiding officer and the executive director and attested by the board's seal.

Sec. 301.257. DECLARATORY ORDER OF LICENSE ELIGIBILITY. (a) A person may petition the board for a declaratory order as to the person's eligibility for a license under this chapter if the person has reason to believe that the person is ineligible for the license and:

(1) is enrolled or planning to enroll in an educational program that prepares a person for an initial license as a registered nurse or vocational nurse; or

(2) is an applicant for a license.

(b) The petition must state the basis for the person's potential ineligibility.

(c) The board has the same powers to investigate the petition and the person's eligibility that it has to investigate a person applying for a license.

(d) The petitioner or the board may amend the petition to include additional grounds for potential ineligibility at any time before a final determination is made.

(e) If the board determines that a ground for ineligibility does not exist, instead of issuing an order, the board shall notify the petitioner in writing of the board's determination on each ground of potential ineligibility. If the board proposes to find that the petitioner is ineligible for a license, the petitioner is entitled to a hearing before the State Office of Administrative Hearings.

(f) The board's order must set out each basis for potential ineligibility and the board's determination as to eligibility. In
the absence of new evidence known to but not disclosed by the petitioner or not reasonably available to the board at the time the order is issued, the board's ruling on the petition determines the person's eligibility with respect to the grounds for potential ineligibility set out in the written notice or order.

(g) The board may require an individual accepted for enrollment or enrolled in an educational program preparing a student for initial licensure as a registered nurse or vocational nurse to submit information to the board to permit the board to determine whether the person is aware of the conditions that may disqualify the person from licensure as a registered nurse or vocational nurse on graduation and of the person's right to petition the board for a declaratory order under this section. Instead of requiring the person to submit the information, the board may require the educational program to collect and submit the information on each person accepted for enrollment or enrolled in the program.

(h) The information required under Subsection (g) must be submitted in a form approved by the board.

(i) If, as a result of information provided under Subsection (g), the board determines that a person may not be eligible for a license on graduation, the board shall notify the educational program of its determination.

(j) The board may file a petition under this section based on the results of a criminal history record information check conducted under Section 301.2511. The board by rule shall adopt requirements for the petition and determination under this subsection. The rules must:

(1) identify the criminal offenses that constitute grounds for the board to file the petition; and

(2) describe the documents required by the board to make a determination of license eligibility.

(k) The board shall make a determination of license eligibility under Subsection (j) not later than the 120th day after the date the person submits the required documents to the board under that subsection.

Sec. 301.258. TEMPORARY PERMIT. (a) Pending the results of a licensing examination, the board may issue to an applicant who is a graduate of an approved educational program a permit to practice professional nursing under the direct supervision of a registered nurse or to practice vocational nursing under the direct supervision of a registered nurse or vocational nurse.

(b) The board may not issue a permit under this section to an applicant who has previously failed an examination administered by the board or another state.

(c) A permit issued under Subsection (a) expires on the date of receipt of:
   (1) a permanent license; or
   (2) a notice from the board that the permit holder has failed the examination.

(d) The board may issue a temporary permit to practice professional nursing or vocational nursing for the limited purpose of allowing a nurse to satisfy a requirement imposed by the board necessary for:
   (1) renewal of an expired license;
   (2) reactivation of an inactive license; or
   (3) reissuance of a suspended, revoked, or surrendered license.

(e) A permit issued under Subsection (d) expires on the earlier of:
   (1) the date of receipt of a permanent license; or
   (2) six months after the date the permit is issued.

(f) A person who holds a temporary permit issued under this section is considered to be a licensed registered nurse or vocational nurse for all purposes except to the extent of any stipulation or limitation on practice imposed by the board as a condition of issuing the permit.

Sec. 301.259. RECIPROCAL LICENSE BY ENDORSEMENT FOR CERTAIN FOREIGN APPLICANTS. On payment of a fee established by the board, the board may issue a license to practice as a registered nurse or vocational nurse in this state by endorsement without examination to an applicant who holds a registration certificate as a registered nurse or vocational nurse, as applicable, issued by a territory or possession of the United States or a foreign country if the board determines that the issuing agency of the territory or possession of the United States or foreign country required in its examination the same general degree of fitness required by this state.

Sec. 301.260. TEMPORARY LICENSE BY ENDORSEMENT. (a) An applicant for a license under this chapter who is licensed as a registered nurse or vocational nurse by another state may qualify for a temporary license by endorsement to practice as a registered nurse or vocational nurse, as applicable, by submitting to the board:

(1) an endorsement fee as determined by the board and a completed sworn application in the form prescribed by the board;

(2) evidence that the person possessed, at the time of initial licensing as a nurse, the other qualifications necessary at that time to have been eligible for licensing in this state; and

(3) proof of initial licensing by examination and proof that the license and any other license issued to the applicant by another state have not been suspended, revoked, canceled, surrendered, or otherwise restricted.

(b) A holder of a temporary license under this section is entitled to receive a permanent license if the applicant:

(1) verifies the applicant's academic and professional credentials; and

(2) satisfies any other requirement established by statute.

(c) The board shall grant or deny an application for a permanent license not later than the 180th day after the date the board receives all required forms or information. The board may extend that deadline to allow for the receipt and tabulation of
Sec. 301.261. INACTIVE STATUS. (a) The board may place on inactive status the license of a person under this chapter who is not actively engaged in the practice of professional nursing or vocational nursing if the person submits a written request to the board in the form and manner determined by the board. The inactive status begins on the expiration date of the person's license.

(b) The board shall maintain a list of each person whose license is on inactive status.

(c) A person whose license is on inactive status may not perform any professional nursing or vocational nursing service or work.

(d) The board shall remove a person's license from inactive status if the person:

(1) requests that the board remove the person's license from inactive status;

(2) pays each appropriate fee; and

(3) meets the requirements determined by the board.

(e) The board by rule shall permit a person whose license is on inactive status and who was in good standing with the board on the date the license became inactive to use, as applicable, the title "Registered Nurse Retired," "R.N. Retired," "Licensed Vocational Nurse Retired," "Vocational Nurse Retired," "L.V.N. Retired," or "V.N. Retired" or another appropriate title approved by the board.

SUBCHAPTER G. LICENSE RENEWAL

Sec. 301.301. LICENSE RENEWAL. (a) The board by rule may adopt a system under which licenses expire on various dates during the year.
(b) A person may renew an unexpired license issued under this chapter on payment to the board of the required renewal fee before the expiration date of the license, payment to the board of any costs assessed under Section 301.461, and compliance with any other renewal requirements adopted by the board. A person whose license has expired may not engage in activities that require a license until the license has been renewed.

(c) A person whose license has been expired for 90 days or less may renew the license by paying to the board the required renewal fee and a late fee in the amount considered appropriate by the board to encourage timely renewal.

(b) A person who is required to report a nurse under this subchapter because the nurse is impaired or suspected of being impaired by chemical dependency or diminished mental capacity must report to the board if the person believes that an impaired nurse committed a practice violation.

Sec. 301.4105. BOARD RESPONSIBILITY FOLLOWING REPORT. The board shall determine whether a nurse violated this chapter or a rule adopted under this chapter for any case reported to the board in which the nurse's ability to perform the practice of nursing was impaired or suspected of being impaired by chemical dependency or diminished mental capacity and in which the nurse is suspected of committing a practice violation. The board, in deciding whether to take disciplinary action against the nurse for a violation of this chapter or board rules, shall balance the need to protect the public and the need to ensure the impaired nurse seeks treatment.

Sec. 301.411. EFFECT OF FAILURE TO REPORT. (a) A person is
not liable in a civil action for failure to file a report required by

makes a report required or authorized under this subchapter, or a
person who advises a nurse of the nurse's right or obligation to
report under this subchapter:

(1) is immune from civil and criminal liability that, in
the absence of the immunity, might result from making the report or
giving the advice; and

(2) may not be subjected to other retaliatory action as a
result of making the report or giving the advice.

Sec. 301.413. RETALIATORY ACTION. (a) A person may file a
counterclaim in a pending action or prove a cause of action in a
subsequent suit to recover defense costs, including reasonable
attorney's fees and actual and punitive damages, if:

(1) the person is named as a defendant in a civil action or
subjected to other retaliatory action as a result of:

(A) filing a report required or authorized, or
reasonably believed to be required or authorized, under this
subchapter as a result of refusing to engage in conduct as authorized
by Section 301.352;

(B) requesting in good faith a nursing peer review
committee determination under Section 303.005; or

(C) providing advice to a person regarding:

(i) filing a report required or authorized, or
reasonably believed to be required or authorized, under this
subchapter as a result of refusing to engage in conduct as authorized
by Section 301.352; or

(ii) requesting in good faith a nursing peer review committee determination under Section 303.005; and

(2) the suit or retaliatory action is determined to be frivolous, unreasonable, or taken in bad faith.

(b) A person may not suspend, terminate, or otherwise discipline, discriminate against, or retaliate against a person who:

(1) reports in good faith under this subchapter;

(2) requests, in good faith, a nursing peer review committee determination under Section 303.005;

(3) refuses to engage in conduct as authorized by Section 301.352; or

   (A) report under this subchapter;

   (B) request a nursing peer review committee determination under Section 303.005; or

   (C) refuse to engage in conduct as authorized by Section 301.352.

(b-1) A person suspected of violating Subsection (b) may be reported to the appropriate licensing agency and, notwithstanding any other provision, that agency may impose an administrative penalty not to exceed $25,000 against the person if the agency finds a violation of Subsection (b). An administrative penalty imposed under this subsection is in addition to other penalties the agency is authorized to impose and is subject to the procedural requirements applicable to the appropriate licensing agency.

(c) A person who reports under this subchapter, refuses to engage in conduct as authorized by Section 301.352, or requests a nursing peer review committee determination under Section 303.005, or a person who advises a nurse of the nurse's right to report under this subchapter, refuse to engage in conduct as authorized by Section 301.352, or request a nursing peer review committee determination under Section 303.005, has a cause of action against a person who violates Subsection (b), and may recover:

(1) the greater of:

   (A) actual damages, including damages for mental anguish even if no other injury is shown; or

   (B) $5,000;

(2) exemplary damages;

(3) court costs; and
(4) reasonable attorney's fees.

(d) In addition to the amount recovered under Subsection (c), a person whose employment is suspended or terminated in violation of this section is entitled to:

(1) reinstatement in the employee's former position or severance pay in an amount equal to three months of the employee's most recent salary; and

(2) compensation for wages lost during the period of suspension or termination.

(e) A person who brings an action under this section has the burden of proof. It is a rebuttable presumption that the person was suspended, terminated, or otherwise disciplined, discriminated against, or retaliated against for reporting under this subchapter, for refusing to engage in conduct as authorized by Section 301.352, for requesting a peer review committee determination under Section 303.005, or for providing advice to a person regarding reporting under this subchapter, refusing to engage in conduct as authorized by Section 301.352, or requesting a peer review committee determination under Section 303.005 if:

(1) the person was suspended, terminated, or otherwise disciplined, discriminated against, or retaliated against within 60 days after the date the report, refusal, or request was made or the advice was given; and

(2) the board or a court determines that:

(A) the report that is the subject of the cause of action was:

(i) authorized or required under Section 301.402, 301.4025, 301.403, 301.405, 301.406, 301.407, 301.408, 301.409, or 301.410; and

(ii) made in good faith;

(B) the request for a peer review committee determination that is the subject of the cause of action was:

(i) authorized under Section 303.005; and

(ii) made in good faith;

(C) the refusal to engage in conduct was authorized by Section 301.352; or

(D) the advice that is the subject of the cause of action was given in good faith.

(f) An action under this section may be brought in a district court of the county in which:
(1) the plaintiff resides;
(2) the plaintiff was employed by the defendant; or
(3) the defendant conducts business.

(g) Subject to Subsection (h), a nurse employed by a hospital operated by or on behalf of a state or local governmental entity who alleges a violation of Subsection (b) may sue the state or local governmental entity for relief under this section, and the sovereign immunity of the state or local governmental entity from suit and from liability is waived for the limited purpose of allowing the nurse to maintain a lawsuit in state court to obtain that relief. Relief under this section is in addition to any other remedies a nurse may have under state or federal law as a public employee. In this subsection:

(1) "Local governmental entity," "public employee," and "state governmental entity" have the meanings assigned by Section 554.001, Government Code.

(2) "Hospital" has the meaning assigned by Section 241.003, Health and Safety Code, and includes a mental hospital licensed under Chapter 577, Health and Safety Code.

(h) Relief may be granted in a lawsuit brought under Subsection (g) for an alleged violation of Subsection (b)(1) based on a report made by a nurse under Section 301.4025(b) only if the nurse:

(1) made the report:
   (A) in writing, which may be provided electronically; or
   (B) verbally, if authorized by the nurse's employer or another entity at which the nurse is authorized to practice;

(2) made the report to:
   (A) the nurse's supervisor;
   (B) a committee authorized under state or federal law to receive reports under Section 301.4025(b); or
   (C) an individual or committee authorized by the nurse's employer or another entity at which the nurse is authorized to practice; and

(3) made the report not later than:
   (A) the fifth day after the date the nurse became aware of the situation if the situation involves a single incident; or
   (B) the fifth day after the date the nurse became aware of the most recent occurrence of the situation if the situation involves multiple incidents or a pattern of behavior.
(i) For purposes of Subsection (h), "supervisor" means an individual who has authority over the responsibilities of the nurse making the report or an individual who is in the nurse's chain of command.

(j) The following provisions of Chapter 554, Government Code, apply to a lawsuit under Subsection (g):
   (1) the type of relief and the amount of damages available to a public employee under Section 554.003;
   (2) the time during which a public employee must seek relief under Section 554.005; and
   (3) the requirement that a public employee use the grievance or appeal procedures of the state or local governmental entity before suing for relief under Section 554.006.

(k) A lawsuit under Subsection (g) against a state governmental entity shall be brought in a district court in Travis County or a county in which all or part of the acts or omissions giving rise to the cause of action occurred.

(l) A lawsuit under Subsection (g) against a local governmental entity shall be brought in a district court in a county in which all or part of the entity is located.

(b) The nurse or the nurse's authorized representative is entitled on request to review any report submitted to the board under
a section specified under Subsection (a) unless doing so would jeopardize an active investigation. The board may not reveal the identity of the person making or signing the report.

Sec. 301.415. REBUTTAL STATEMENT. (a) A nurse who is entitled to receive notice under Section 301.414 or the authorized representative of the nurse may file with the board a statement of reasonable length containing the nurse's rebuttal of any information in the report to the board.

(b) The statement made under Subsection (a) must accompany the part of the report being rebutted.

(c) In investigating the report, the board shall:
   (1) review the statement made under Subsection (a); and
   (2) evaluate each reason asserted by the nurse to justify the nurse's conduct.

Sec. 301.416. INVESTIGATION. (a) Except as provided by Subsections (b) and (c), a report under this subchapter shall be treated as a complaint under Section 301.457.

(b) If the board determines that the reported conduct does not indicate that the continued practice of nursing by the nurse poses a risk of harm to a client or other person, the board, with the written consent of the nurse and the person making the report, may elect not to proceed with an investigation or to file formal charges. The board shall:
   (1) maintain a record of the report; and
   (2) investigate the report if it receives two or more reports involving separate incidents regarding the nurse in any five-year period.

(c) The board is not required to investigate a report filed by an insurer under Section 301.408, but shall:
   (1) maintain a record of the report; and
   (2) investigate the report if it receives two or more
reports involving separate incidents regarding the nurse in any five-year period.

Sec. 301.417. CONFIDENTIALITY REQUIREMENTS; DISCLOSURE OF INFORMATION. (a) A report required or authorized under this subchapter and the identity of the person making the report are confidential and may not be disclosed except as provided by this section and Section 301.414.

(b) The board may disclose the information to the same extent that the board may disclose information relating to a complaint under Section 301.466.

(c) Repealed by Acts 2005, 79th Leg., Ch. 113, Sec. 18, eff. May 20, 2005.

(d) In addition to the other authorizations of this section, the information may be disclosed in:

(1) a civil action in which a reporting person is named as a defendant as a result of making the report; or

(2) the prosecution of a cause of action based on a claim that the reporting person was subject to retaliatory action as a result of making the report.

(a) This subchapter does not prevent disclosure under Section 301.466 of formal charges filed by the board or a final disciplinary action taken by the board as a result, in whole or in part, of submission of a report under this subchapter.

(b) A report or information submitted as required or authorized by this subchapter arising out of the provision or failure to provide nursing services may not be made available in a liability action for:
(1) discovery;
(2) court subpoena; or
(3) introduction into evidence.

(c) A person is not prevented from taking disciplinary action against a nurse by:
(1) the filing of a report under this subchapter with the board;
(2) an investigation by the board; or
(3) the disposition of a matter by the board.

(d) The board shall inform, in the manner the board determines appropriate, nurses, facilities, agencies, and other persons of their duty to report under this subchapter.

(e) The reporting required under this subchapter does not constitute state action on behalf of the person reporting.

(f) The duty to report or any other requirement of this subchapter may not be nullified by a contract.

SUBCHAPTER J. PROHIBITED PRACTICES AND DISCIPLINARY ACTIONS

Sec. 301.451. CERTAIN PROHIBITED PRACTICES. A person may not:
(1) sell, fraudulently obtain, or fraudulently furnish a nursing diploma, license, renewal license, or record;
(2) assist another person in selling, fraudulently obtaining, or fraudulently furnishing a nursing diploma, license, renewal license, or record;
(3) practice nursing under a diploma, license, or record that was:
   (A) obtained unlawfully or fraudulently; or
   (B) signed or issued unlawfully or under false representation; or
(4) practice nursing in a period in which the person's license is suspended or revoked.

Sec. 301.4515. USE OF CERTAIN NURSING TITLES. Unless the person is practicing under the delegated authority of a registered nurse or is otherwise authorized by state or federal law, a person may not use, in connection with the person's name:
(1) the title "nurse aide," "nurse assistant," or "nurse technician"; or
(2) any other similar title.

Added by Acts 2003, 78th Leg., ch. 876, Sec. 8, eff. June 20, 2003.

Sec. 301.452. GROUNDS FOR DISCIPLINARY ACTION. (a) In this section, "intemperate use" includes practicing nursing or being on duty or on call while under the influence of alcohol or drugs.
(b) A person is subject to denial of a license or to disciplinary action under this subchapter for:
(1) a violation of this chapter, a rule or regulation not inconsistent with this chapter, or an order issued under this chapter;
(2) fraud or deceit in procuring or attempting to procure a license to practice professional nursing or vocational nursing;
(3) a conviction for, or placement on deferred adjudication community supervision or deferred disposition for, a felony or for a misdemeanor involving moral turpitude;
(4) conduct that results in the revocation of probation imposed because of conviction for a felony or for a misdemeanor involving moral turpitude;

(5) use of a nursing license, diploma, or permit, or the transcript of such a document, that has been fraudulently purchased, issued, counterfeited, or materially altered;

(6) impersonating or acting as a proxy for another person in the licensing examination required under Section 301.253 or 301.255;

(7) directly or indirectly aiding or abetting an unlicensed person in connection with the unauthorized practice of nursing;

(8) revocation, suspension, or denial of, or any other action relating to, the person's license or privilege to practice nursing in another jurisdiction or under federal law;

(9) intemperate use of alcohol or drugs that the board determines endangers or could endanger a patient;

(10) unprofessional or dishonorable conduct that, in the board's opinion, is likely to deceive, defraud, or injure a patient or the public;

(11) adjudication of mental incompetency;

(12) lack of fitness to practice because of a mental or physical health condition that could result in injury to a patient or the public; or

(13) failure to care adequately for a patient or to conform to the minimum standards of acceptable nursing practice in a manner that, in the board's opinion, exposes a patient or other person unnecessarily to risk of harm.

(c) The board may refuse to admit a person to a licensing examination for a ground described under Subsection (b).

(d) The board by rule shall establish guidelines to ensure that any arrest information, in particular information on arrests in which criminal action was not proven or charges were not filed or adjudicated, that is received by the board under this section is used consistently, fairly, and only to the extent the underlying conduct relates to the practice of nursing.

Sec. 301.4521. PHYSICAL AND PSYCHOLOGICAL EVALUATION. (a) In this section:

(1) "Applicant" means:
   (A) a petitioner for a declaratory order of eligibility for a license; or
   (B) an applicant for an initial license or renewal of a license.

(2) "Evaluation" means a physical or psychological evaluation conducted to determine a person's fitness to practice nursing.

(b) The board may require a nurse or applicant to submit to an evaluation only if the board has probable cause to believe that the nurse or applicant is unable to practice nursing with reasonable skill and safety to patients because of:

(1) physical impairment;
(2) mental impairment; or
(3) chemical dependency or abuse of drugs or alcohol.

(c) A demand for an evaluation under Subsection (b) must be in writing and state:

(1) the reasons probable cause exists to require the evaluation; and
(2) that refusal by the nurse or applicant to submit to the evaluation will result in an administrative hearing to be held to make a final determination of whether probable cause for the evaluation exists.

(d) If the nurse or applicant refuses to submit to the evaluation, the board shall schedule a hearing on the issue of probable cause to be conducted by the State Office of Administrative Hearings. The nurse or applicant must be notified of the hearing by personal service or certified mail. The hearing is limited to the issue of whether the board had probable cause to require an evaluation. The nurse or applicant may present testimony and other
evidence at the hearing to show why the nurse or applicant should not be required to submit to the evaluation. The board has the burden of proving that probable cause exists. At the conclusion of the hearing, the hearing officer shall enter an order requiring the nurse or applicant to submit to the evaluation or an order rescinding the board's demand for an evaluation. The order may not be vacated or modified under Section 2001.058, Government Code.

(e) If a nurse or applicant refuses to submit to an evaluation after an order requiring the evaluation is entered under Subsection (d), the board may:

(1) refuse to issue or renew a license;

(2) suspend a license; or

(3) issue an order limiting the license.

(f) The board may request a nurse or applicant to consent to an evaluation by a practitioner approved by the board for a reason other than a reason listed in Subsection (b). A request for an evaluation under this subsection must be in writing and state:

(1) the reasons for the request;

(2) the type of evaluation requested;

(3) how the board may use the evaluation;

(4) that the nurse or applicant may refuse to submit to an evaluation; and

(5) the procedures for submitting an evaluation as evidence in any hearing regarding the issuance or renewal of the nurse's or applicant's license.

(g) If a nurse or applicant refuses to consent to an evaluation under Subsection (f), the nurse or applicant may not introduce an evaluation into evidence at a hearing to determine the nurse's or applicant's right to be issued or retain a nursing license unless the nurse or applicant:

(1) not later than the 30th day before the date of the hearing, notifies the board that an evaluation will be introduced into evidence at the hearing;

(2) provides the board the results of that evaluation;

(3) informs the board of any other evaluations by any other practitioners; and

(4) consents to an evaluation by a practitioner that meets board standards established under Subsection (h).

(h) The board shall establish by rule the qualifications for a licensed practitioner to conduct an evaluation under this section.
The board shall maintain a list of qualified practitioners. The board may solicit qualified practitioners located throughout the state to be on the list.

(i) A nurse or applicant shall pay the costs of an evaluation conducted under this section.

(j) The results of an evaluation under this section are:

(1) confidential and not subject to disclosure under Chapter 552, Government Code; and

(2) not subject to disclosure by discovery, subpoena, or other means of legal compulsion for release to anyone, except that the results may be:

(A) introduced as evidence in a proceeding before the board or a hearing conducted by the State Office of Administrative Hearings under this chapter;

(B) included in the findings of fact and conclusions of law in a final board order; and

(C) disclosed to a peer assistance program approved by the board under Chapter 467, Health and Safety Code, and to which the board has referred the nurse.

(k) If the board determines there is insufficient evidence to bring action against a person based on the results of any evaluation under this section, the evaluation must be expunged from the board's records.

(l) The board shall adopt guidelines for requiring or requesting a nurse or applicant to submit to an evaluation under this section.

(m) The authority granted to the board under this section is in addition to the board's authority to make licensing decisions under this chapter.

Sec. 301.453. DISCIPLINARY AUTHORITY OF BOARD; METHODS OF DISCIPLINE. (a) If the board determines that a person has committed an act listed in Section 301.452(b), the board shall enter an order
imposing one or more of the following:

(1) denial of the person's application for a license, license renewal, or temporary permit;
(2) issuance of a written warning;
(3) administration of a public reprimand;
(4) limitation or restriction of the person's license, including:
   (A) limiting to or excluding from the person's practice one or more specified activities of nursing; or
   (B) stipulating periodic board review;
(5) suspension of the person's license;
(6) revocation of the person's license; or
(7) assessment of a fine.

(b) In addition to or instead of an action under Subsection (a), the board, by order, may require the person to:

(1) submit to care, counseling, or treatment by a health provider designated by the board as a condition for the issuance or renewal of a license;
(2) participate in a program of education or counseling prescribed by the board, including a program of remedial education;
(3) practice for a specified period under the direction of a registered nurse or vocational nurse designated by the board;
(4) perform public service the board considers appropriate; or

(5) abstain from the consumption of alcohol or the use of drugs and submit to random periodic screening for alcohol or drug use.

(c) The board may probate any penalty imposed on a nurse and may accept the voluntary surrender of a license. The board may not reinstate a surrendered license unless it determines that the person is competent to resume practice.

(d) If the board suspends, revokes, or accepts surrender of a license, the board may impose conditions for reinstatement that the person must satisfy before the board may issue an unrestricted license.

Sec. 301.4531. SCHEDULE OF SANCTIONS. (a) The board by rule shall adopt a schedule of the disciplinary sanctions that the board may impose under this chapter. In adopting the schedule of sanctions, the board shall ensure that the severity of the sanction imposed is appropriate to the type of violation or conduct that is the basis for disciplinary action.

(b) In determining the appropriate disciplinary action, including the amount of any administrative penalty to assess, the board shall consider:

(1) whether the person:
   (A) is being disciplined for multiple violations of either this chapter or a rule or order adopted under this chapter; or
   (B) has previously been the subject of disciplinary action by the board and has previously complied with board rules and this chapter;

(2) the seriousness of the violation;

(3) the threat to public safety; and

(4) any mitigating factors.

(c) In the case of a person described by:

(1) Subsection (b)(1)(A), the board shall consider taking a more severe disciplinary action, including revocation of the person's license, than the disciplinary action that would be taken for a single violation; and

(2) Subsection (b)(1)(B), the board shall consider taking a more severe disciplinary action, including revocation of the person's license, than the disciplinary action that would be taken for a person who has not previously been the subject of disciplinary action by the board.

Subsection (a) is not eligible for a probationary, stipulated, or otherwise encumbered license unless the board establishes by rule criteria that would permit the issuance or renewal of the license.

(b) On final conviction or a plea of guilty or nolo contendere for an offense listed in Subsection (a), the board, as appropriate, may not issue a license to an applicant, shall refuse to renew a license, or shall revoke a license.

(1) the board has served notice to the license holder of the facts or conduct alleged to warrant the intended action; and

(2) the license holder has been given an opportunity, in writing or through an informal meeting, to show compliance with all requirements of law for the retention of the license.

(b) If an informal meeting is held, a board member, staff member, or board representative who attends the meeting is considered to have participated in the hearing of the case for the purposes of ex parte communications under Section 2001.061, Government Code.

(a) The license of a nurse shall be temporarily suspended or restricted on a determination by a majority of the board or a three-member committee of board members designated by the board that, from the evidence or information presented, the continued practice of the nurse would constitute a continuing and imminent threat to the public welfare.

(b) A license may be temporarily suspended or restricted under this section without notice or hearing on the complaint if:
(1) institution of proceedings for a hearing before the State Office of Administrative Hearings is initiated simultaneously with the temporary suspension or determination to restrict; and
(2) a hearing is held as soon as possible under this chapter and Chapter 2001, Government Code.

(c) The State Office of Administrative Hearings shall hold a preliminary hearing not later than the 17th day after the date of the temporary suspension or restriction to determine whether probable cause exists that a continuing and imminent threat to the public
welfare exists. The probable cause hearing shall be conducted as a de novo hearing.

(d) A final hearing on the matter shall be held not later than the 61st day after the date of the temporary suspension or restriction.

Sec. 301.4551. TEMPORARY LICENSE SUSPENSION FOR DRUG OR ALCOHOL USE. (a) The board shall temporarily suspend the license of a nurse as provided by Section 301.455 if the nurse is under a board order prohibiting the use of alcohol or a drug or requiring the nurse to participate in a peer assistance program, and the nurse:

(1) tests positive for alcohol or a prohibited drug;
(2) refuses to comply with a board order to submit to a drug or alcohol test; or
(3) fails to participate in the peer assistance program and the program issues a letter of dismissal and referral to the board for noncompliance.

(b) For the purposes of Section 301.455(c), proof of the elements required for the board to suspend a license under this section is proof that probable cause of a continuing and imminent threat to the public welfare exists.

Sec. 301.456. EVIDENCE. A certified copy of the order of the denial, suspension, or revocation or other action under Section 301.452(b)(8) is conclusive evidence of that action.
Sec. 301.457. COMPLAINT AND INVESTIGATION. (a) The board or any person may initiate a proceeding under this subchapter by filing with the board a complaint against a nurse. The complaint must be in writing and signed by the complainant.

(b) Except as otherwise provided by this section, the board or a person authorized by the board shall conduct each investigation. Each complaint against a nurse that requires a determination of nursing competency shall be reviewed by a board member, consultant, or employee with a nursing background the board considers sufficient.

(c) On the filing of a complaint, the board:

(1) may conduct a preliminary investigation into the identity of the nurse named or described in the complaint;

(2) shall make a timely and appropriate preliminary investigation of the complaint; and

(3) may issue a warning or reprimand to the nurse.

(d) After any preliminary investigation to determine the identity of the subject of the complaint, unless it would jeopardize an investigation, the board shall notify the nurse that a complaint has been filed and the nature of the complaint. If the investigation reveals probable cause to take further disciplinary action, the board shall either attempt an informal disposition of the complaint or file a formal charge against the nurse stating the provision of this chapter or board rule that is alleged to have been violated and a brief description of each act or omission that constitutes the violation.

(e) The board shall conduct an investigation of the complaint to determine:

(1) whether the nurse's continued practice of nursing poses a risk of harm to clients or other persons; and

(2) whether probable cause exists that a nurse committed an act listed in Section 301.452(b) or that violates other law.

(f) In making a determination under Subsection (e), the board shall review the evidence to determine the extent to which a deficiency in care by the registered nurse was the result of deficiencies in the registered nurse's judgment, knowledge, training,
or skill rather than other factors beyond the nurse's control. A determination that a deficiency in care is attributable to a registered nurse must be based on the extent to which the registered nurse's conduct was the result of a deficiency in the registered nurse's judgment, knowledge, training, or skill.

(g) If the board determines after investigating a complaint under Subsection (e) that there is reason to believe that a nurse's deficiency in care was the result of a factor beyond the nurse's control, the board shall report that determination to the patient safety committee at the facility where the nurse's deficiency in care occurred, or if the facility does not have a patient safety committee, to the chief nursing officer.

(b) A formal charge must:

(1) be written;

(2) be specific enough to enable a person of common understanding to know what is meant by the formal charge; and

(3) contain a degree of certainty that gives the person who is the subject of the formal charge notice of each particular act alleged to violate a specific statute, board rule, or board order.

(c) A copy of the formal charge shall be served on the nurse or the nurse's counsel of record.

(d) The board shall adopt reasonable rules to promote discovery by each party to a contested case.

Sec. 301.459. FORMAL HEARING. (a) The board by rule shall adopt procedures under Chapter 2001, Government Code, governing formal disposition of a contested case. The State Office of Administrative Hearings shall conduct a formal hearing.

(b) In any hearing under this section, a nurse is entitled to appear in person or by counsel.

Sec. 301.460. ACCESS TO INFORMATION. (a) Except for good cause shown for delay and subject to any other privilege or restriction set forth by statute, rule, or legal precedent, the board shall, not later than the 30th day after the date the board receives a written request from a license holder who is the subject of a formal charge filed under Section 301.458 or from the license holder's counsel of record, provide the license holder with access to:

(1) all known exculpatory information in the board's possession; and

(2) information in the board's possession that the board intends to offer into evidence in presenting its case in chief at the contested hearing on the complaint.

(b) The board is not required to provide:

(1) board investigative reports or investigative memoranda;
(2) the identity of nontestifying complainants;
(3) attorney-client communications;
(4) attorney work product; or
(5) other materials covered by a privilege as recognized by the Texas Rules of Civil Procedure or the Texas Rules of Evidence.

(c) The provision of information under Subsection (a) does not constitute a waiver of privilege or confidentiality under this chapter or other applicable law.

Sec. 301.462. VOLUNTARY SURRENDER OF LICENSE. The board may revoke a nurse's license without formal charges, notice, or opportunity of hearing if the nurse voluntarily surrenders the nurse's license to the board and executes a sworn statement that the nurse does not desire to be licensed.

Sec. 301.463. AGREED DISPOSITION. (a) Unless precluded by this chapter or other law, the board may dispose of a complaint by:

(1) stipulation;
(2) agreed settlement;
(3) agreed order; or
(4) dismissal.

(b) An agreed disposition of a complaint is considered to be a disciplinary order for purposes of reporting under this chapter and an administrative hearing and proceeding by a state or federal regulatory agency regarding the practice of nursing.

(c) An agreed order is a public record.

(d) In civil or criminal litigation an agreed disposition is a settlement agreement under Rule 408, Texas Rules of Evidence.

Sec. 301.464. INFORMAL PROCEEDINGS. (a) The board by rule shall adopt procedures governing:

(1) informal disposition of a contested case under Section 2001.056, Government Code; and

(2) an informal proceeding held in compliance with Section 2001.054, Government Code.
(b) Rules adopted under this section must:
  (1) provide the complainant and the license holder an opportunity to be heard; and
  (2) require the presence of a representative of the board's legal staff or of the attorney general to advise the board or the board's employees.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

(b) Each person shall respond promptly and fully to a request for information by the board or to a subpoena issued by the board. A request or subpoena may not be refused, denied, or resisted unless the request or subpoena calls for information within the attorney-client privilege. No other privilege applies to a board proceeding.

(c) The board may pay a reasonable fee for photocopies subpoenaed at the board's request. The amount paid may not exceed the amount the board charges for copies of its records.

(d) The board shall protect, to the extent possible, the identity of each patient named in information received by the board.

Sec. 301.466. CONFIDENTIALITY. (a) A complaint and investigation concerning a nurse under this subchapter, all information and material compiled by the board in connection with the complaint and investigation, and the information described by Subsection (d) are:

  (1) confidential and not subject to disclosure under Chapter 552, Government Code; and
  (2) not subject to disclosure, discovery, subpoena, or other means of legal compulsion for release to anyone other than the
board or a board employee or agent involved in license holder discipline.

(b) Notwithstanding Subsection (a), information regarding a complaint and an investigation may be disclosed to:

(1) a person involved with the board in a disciplinary action against the nurse;
(2) a nursing licensing or disciplinary board in another jurisdiction;
(3) a peer assistance program approved by the board under Chapter 467, Health and Safety Code;
(4) a law enforcement agency; or

(d) Notwithstanding Subsection (c), if the board orders a nurse to participate in a peer assistance program approved by the board under Section 467.003, Health and Safety Code, the complaint, filing of formal charges, nature of those charges, final board order, and disciplinary proceedings are subject to disclosure:

(1) only to the same extent as information regarding a complaint is subject to disclosure under Subsection (b); or
(2) in a subsequent matter relating to the board order or a subsequent violation of this chapter or a board rule.

Sec. 301.467. REINSTATEMENT. (a) On application, the board may reinstate a license to practice professional nursing or vocational nursing to a person whose license has been revoked, suspended, or surrendered.

(b) An application to reinstate a revoked license:
(1) may not be made before the first anniversary of the date of the revocation; and

(2) must be made in the manner and form the board requires.

(c) If the board denies an application for reinstatement, it may set a reasonable waiting period before the applicant may reapply for reinstatement.

Sec. 301.468. PROBATION. (a) The board may determine that an order denying a license application or suspending a license be probated. A person subject to a probation order shall conform to each condition the board sets as the terms of probation, including a condition:

(1) limiting the practice of the person to, or excluding, one or more specified activities of professional nursing or vocational nursing;

(2) requiring the person to submit to supervision, care, counseling, or treatment by a practitioner designated by the board; or

(3) requiring the person to submit to random drug or alcohol tests in the manner prescribed by the board.

(b) At the time the probation is granted, the board shall establish the term of the probationary period.

(c) At any time while the person remains subject to the probation order, the board may hold a hearing and rescind the probation and enforce the board's original action in denying or suspending the license. The hearing shall be called by the presiding officer of the board, who shall issue a notice to be served on the person or the person's counsel not later than the 20th day before the date scheduled for the hearing that:

(1) sets the time and place for the hearing; and

(2) contains the charges or complaints against the probationer.

(d) Notice under Subsection (c) is sufficient if sent by registered or certified mail to the affected person at the person's most recent address as shown in the board's records.

(e) A hearing under this section is limited to a determination
of whether the person violated the terms of the probation order under Subsection (a) and whether the board should:

(1) continue, rescind, or modify the terms of probation, including imposing an administrative penalty; or

(2) enter an order denying, suspending, or revoking the person's license.

(f) If one of the conditions of probation is the prohibition of using alcohol or a drug or participation in a peer assistance program, violation of that condition is established by:

(1) a positive drug or alcohol test result;

(2) refusal to submit to a drug or alcohol test as required by the board; or

(3) a letter of noncompliance from the peer assistance program.

Acts 2009, 81st Leg., R.S., Ch. 999 (H.B. 3961), Sec. 14, eff. June 19, 2009.

Sec. 301.470. REFUND. (a) Subject to Subsection (b), the board may order a license holder to pay a refund to a consumer as provided in an agreement resulting from an informal settlement conference instead of or in addition to imposing an administrative penalty under this chapter.

(b) The amount of a refund ordered as provided in an agreement resulting from an informal settlement conference may not exceed the amount the consumer paid to a nurse for a service regulated by this chapter or the actual amount stolen or defrauded from a patient by
the nurse. The board may not require payment of other damages or estimate harm in a refund order.

Sec. 301.471. EMERGENCY CEASE AND DESIST ORDER. (a) If it appears to the board that a person who is not licensed under this chapter is violating this chapter, a rule adopted under this chapter, or another state statute or rule relating to the practice of professional nursing or vocational nursing and the board determines that the unauthorized activity constitutes a clear, imminent, or continuing threat to the public health and safety, the board may:

(1) issue an emergency cease and desist order prohibiting the person from engaging in the activity; and

(2) report the activity to a local law enforcement agency or the attorney general for prosecution.

(b) An order issued under Subsection (a) must:

(1) be delivered on issuance to the person affected by the order by personal delivery or registered or certified mail, return receipt requested, to the person's last known address;

(2) state the acts or practices alleged to be an unauthorized activity and require the person immediately to cease and desist from the unauthorized activity; and

(3) contain a notice that a request for hearing may be filed under this section.

(c) Unless the person against whom the emergency cease and desist order is directed requests a board hearing in writing before the 11th day after the date it is served on the person, the order is final and nonappealable as to that person. A request for a board hearing must:

(1) be in writing and directed to the board; and

(2) state the grounds for the request to set aside or modify the order.

(d) On receiving a request for a hearing, the board shall serve notice of the time and place of the hearing by personal delivery or registered or certified mail, return receipt requested. The hearing must be held not later than the 10th day after the date the board receives the request for a hearing unless the parties agree to a
later hearing date. A hearing under this subsection is subject to Chapter 2001, Government Code.

(e) After the hearing, the board shall affirm, modify, or set aside wholly or partly the emergency cease and desist order. An order affirming or modifying the emergency cease and desist order is immediately final for purposes of enforcement and appeal.

(f) An order under this section continues in effect unless the order is stayed by the board. The board may impose any condition before granting a stay of the order.

(g) The board may release to the public a final cease and desist order issued under this section or information regarding the existence of the order if the board determines that the release would enhance the effective enforcement of the order or will serve the public interest.

(h) A violation of an order issued under this section constitutes grounds for imposing an administrative penalty under this chapter.

Sec. 301.602. RULES. (a) The board by rule shall establish minimum standards for anesthesia services provided in an outpatient setting by a person licensed by the board.

(b) The rules adopted under this section must be designed to protect the health, safety, and welfare of the public and include requirements relating to:

(1) general anesthesia, regional anesthesia, and monitored anesthesia care;

(2) patient assessment, counseling, and preparation;

(3) patient monitoring to be performed and equipment to be used during a procedure and during post-procedure monitoring;

(4) emergency procedures, drugs, and equipment, including
education, training, and certification of personnel, as appropriate, and including protocols for transfers to a hospital;

(5) the documentation necessary to demonstrate compliance with this subchapter; and

(6) the period in which protocols or procedures covered by rules of the board shall be reviewed, updated, or amended.

(c) The board shall cooperate with the Texas State Board of Medical Examiners in adopting rules under this subchapter to eliminate, to the extent possible, conflicts between the rules adopted by each board.

Sec. 301.603. APPLICABILITY. Rules adopted by the board under Section 301.602 do not apply to:

(1) an outpatient setting in which only local anesthesia, peripheral nerve blocks, or both are used;

(2) a licensed hospital, including an outpatient facility of the hospital that is located separate from the hospital;

(3) a licensed ambulatory surgical center;

(4) a clinic located on land recognized as tribal land by the federal government and maintained or operated by a federally recognized Indian tribe or tribal organization as listed by the United States secretary of the interior under 25 U.S.C. Section 479a-1 or as listed under a successor federal statute or regulation;

Sec. 301.604. REGISTRATION REQUIRED. (a) The board shall require each certified registered nurse anesthetist who provides anesthesia services in an outpatient setting to register biennially by applying to the board on a form prescribed by the board and paying to the board a fee in an amount established by the board.

(b) The board shall coordinate the registration required under this section with the license renewal requirements of Subchapter G so that the times of registration, payment, notice, and imposition of penalties for late payment are similar and provide a minimal administrative burden for the board and certified registered nurse anesthetists.

Sec. 301.605. COMPLIANCE WITH RULES. (a) A certified registered nurse anesthetist providing anesthesia services in an outpatient setting shall comply with the rules adopted by the board under Section 301.602.

(b) The board may require a certified registered nurse anesthetist to submit and comply with a corrective action plan to remedy or address any current or potential deficiencies with the nurse anesthetist's provision of anesthesia in an outpatient setting in accordance with this chapter or board rule.

Sec. 301.606. INSPECTIONS. (a) The board may conduct inspections to enforce this subchapter, including inspections of the equipment owned or leased by a certified registered nurse anesthetist and of documents of a certified registered nurse anesthetist's practice that relate to providing anesthesia in an outpatient setting. The board may contract with another state agency or
qualified person to conduct these inspections.

(b) Unless it would jeopardize an ongoing investigation, the board must provide notice at least five business days before the date of conducting an on-site inspection under this section.

(c) This section does not require the board to make an on-site inspection of an outpatient setting in which a certified registered nurse anesthetist provides anesthesia.

Sec. 301.607. REQUESTS FOR INSPECTION AND ADVISORY OPINIONS. 
(a) The board may consider a request by a certified registered nurse anesthetist for an inspection of equipment owned or leased by the nurse anesthetist and of documents of the nurse anesthetist's practice that relate to the provision of anesthesia in an outpatient setting. The board, on payment of a fee set by the board, may conduct the requested inspection and issue an advisory opinion.

(b) An advisory opinion issued by the board under this section is not binding on the board. Except as provided by Subsection (c), the board may take any action under this chapter relating to the situation addressed by the advisory opinion as the board considers appropriate.

(c) A certified registered nurse anesthetist who requests and relies on a board advisory opinion may use the opinion as mitigating evidence in an action or proceeding by the board to impose an administrative penalty or to assess a fine under this chapter. On receipt of proof of reliance on an advisory opinion, the board shall consider the reliance and mitigate imposition of an administrative penalty or assessment of a fine accordingly.

proposed or as modified by the board or fails to respond in a timely
manner to the executive director's notice as provided by Section
301.654, the executive director shall:

(1) defer the final action the board has proposed if the
person conforms to conditions imposed by the board, including any
condition the board could impose as a condition of probation under
Section 301.468; and
(2) if the person successfully meets the imposed conditions, dismiss the complaint.

(b) Except as provided by this subsection, a deferred action by the board is not confidential and is subject to disclosure in accordance with Chapter 552, Government Code. If the person successfully meets the conditions imposed by the board in deferring final action and the board dismisses the action or complaint, the deferred action of the board is confidential to the same extent as a complaint is confidential under Section 301.466.

(b) The board may treat a person's acceptance of corrective or deferred action as an admission of a violation if the board imposes a sanction on the person for a subsequent violation of this chapter or a rule or order adopted under this chapter.

(c) The board may consider a corrective or deferred action taken against a person to be a prior disciplinary action under this chapter when imposing a sanction on the person for a subsequent violation of this chapter or a rule or order adopted under this chapter.

committee to conduct nursing peer review under this chapter and
Chapter 301:
(1) for vocational nurses, if the person regularly employs,
hires, or contracts for the services of 10 or more nurses; and
(2) for professional nurses, if the person regularly
employs, hires, or contracts for the services of 10 or more nurses,
at least five of whom are registered nurses.
(b) A person required to establish a nursing peer review
committee under this section may contract with another entity to

(b) The board shall enter into a memorandum of understanding with each state agency that licenses, registers, or certifies a facility required by law to have a nursing peer review committee. The memorandum of understanding must:

1. state the actions the board and agency are to take to encourage compliance with the requirement to have a nursing peer review committee; and

2. be adopted as a rule of the board and the agency.

(c) A court may not enjoin the activities of a nursing peer review committee under this chapter.

(d) This chapter may not be nullified by a contract.

(e) The committee shall give the nurse being reviewed at least minimum due process, including notice and opportunity for a hearing.

Sec. 303.003. COMMITTEE MEMBERSHIP. (a) A nursing peer review committee must have nurses as three-fourths of its members.

(b) A nursing peer review committee that conducts a peer review that involves the practice of vocational nursing, to the extent feasible, must include vocational nurses as members and may have only registered nurses and vocational nurses as voting members.

(c) A nursing peer review committee that conducts a peer review that involves the practice of professional nursing must have registered nurses as two-thirds of its members and may have only registered nurses as voting members.

(d) The committee shall include to the extent feasible at least one nurse who has a working familiarity with the area of nursing practice in which the nurse being reviewed practices.

Sec. 303.004. PEER REVIEW BY TWO ENTITIES. (a) A nurse who, as a temporary agency nurse, faculty member, or similar staff member, practices nursing for an educational institution, health care facility, agency, or entity, or a person other than the person who employs or directly compensates the nurse is subject to peer review by both the employer and the other person.

(b) For the purposes of exchanging information, the peer review committee reviewing the nurse's conduct is considered to be established under the authority of both entities.

(c) The two entities may contract as to which entity will conduct peer review of the nurse.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 303.005. REQUEST FOR PEER REVIEW COMMITTEE DETERMINATION. (a) In this section, "duty to a patient" means conduct required by standards of practice or professional conduct adopted by the board for nurses. The term includes administrative decisions directly affecting a nurse's ability to comply with that duty.

(a-1) For purposes of this section, a nurse or nurse administrator acts in good faith in connection with a request made or an action taken by the nurse or nurse administrator if there is a reasonable factual or legal basis for the request or action.

(b) If a person who is required to establish a nursing peer review committee under Section 303.0015 requests a nurse to engage in conduct that the nurse believes violates a nurse's duty to a patient, the nurse may request, on a form developed or approved by the board, a determination by a nursing peer review committee under this chapter of whether the conduct violates a nurse's duty to a patient.

(c) A nurse who in good faith requests a peer review determination under Subsection (b):

(1) may not be disciplined or discriminated against for making the request;

(2) may engage in the requested conduct pending the peer
review;

(3) is not subject to the reporting requirement under Subchapter I, Chapter 301; and

(4) may not be disciplined by the board for engaging in that conduct while the peer review is pending.

(d) If a nurse requests a peer review determination under Subsection (b) and refuses to engage in the requested conduct pending the peer review, the determination of the peer review committee shall be considered in any decision by the nurse's employer to discipline the nurse for the refusal to engage in the requested conduct, but the determination is not binding if a nurse administrator believes in good faith that the peer review committee has incorrectly determined a nurse's duty. This subsection does not affect the protections provided by Subsection (c)(1) or Section 301.352.

(e) If the conduct for which the peer review is requested under Subsection (b) involves the medical reasonableness of a physician's order, the medical staff or medical director shall be requested to make a determination as to the medical reasonableness of the physician's order, and that determination is determinative of that issue.

(f) A nurse's rights under this section may not be nullified by a contract.

(g) An appropriate licensing agency may take action against a person who violates this section.

(h) A person may not suspend or terminate the employment of, or otherwise discipline or discriminate against, a nurse who in good faith requests a peer review determination under this section or a person who advises a nurse of the nurse's right to request a determination or of the procedures for requesting a determination. A violation of this subsection is subject to Section 301.413.

(i) A person who is required to provide, on request, a nursing peer review committee determination under Subsection (b) shall adopt and implement a policy to inform nurses of the right to request a nursing peer review committee determination and the procedure for making a request.

Sec. 303.006. CONFIDENTIALITY OF PEER REVIEW PROCEEDINGS. (a) Except as otherwise provided by this chapter, a nursing peer review committee proceeding is confidential and any communication made to a nursing peer review committee is privileged.

(b) A member, agent, or employee of a nursing peer review committee or a participant in a proceeding before the committee may not disclose or be required to disclose a communication made to the committee or a record or proceeding of the committee.

(c) A person who attends a nursing peer review committee proceeding may not disclose or be required to disclose:

(1) information acquired in connection with the proceeding; or

(2) an opinion, recommendation, or evaluation of the committee or a committee member.

(d) A nursing peer review committee member and a person who provides information to the committee may not be questioned about:

(1) the person's testimony before the committee; or

(1) is not subject to subpoena or discovery in any civil matter;

(2) is not admissible as evidence in a judicial or administrative proceeding; and

(3) may not be introduced into evidence in a nursing liability suit arising out of the provision of or a failure to provide nursing services.
(f) If a peer review committee determines that a nurse has not engaged in conduct required to be reported to the nurse's licensing board, a member of the peer review committee whose knowledge of the nurse's conduct was acquired only through the peer review may not report that nurse to the licensing board for that conduct. A committee member is not prohibited from reporting:

(1) the nurse, if the member has knowledge of the nurse's conduct independently of peer review; or

(2) the peer review committee to the licensing board, if the member believes the committee made its determination in bad faith.

Sec. 303.007. DISCLOSURE OF INFORMATION. (a) A nursing peer review committee on request shall disclose written or oral communications made to the committee and the records and proceedings of the committee to:

(6) an appropriate state or federal agency or accrediting organization that accredits a health care facility or school of nursing or surveys a facility for quality of care; or

(7) a person engaged in bona fide research, if all information that identifies a specific individual is deleted.

(c) If a committee discloses information under this section,
the committee does not by that action waive the privilege of nondisclosure of committee information and proceedings.

(d) A peer review committee that discloses information under this section and each person who receives the information shall protect, to the extent possible, the identity of each patient.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 303.0075. SHARING OF INFORMATION. (a) A nursing peer review committee and a patient safety committee established by the same entity may share information.

(b) A record or determination of a patient safety committee, or a communication made to a patient safety committee, is not subject to subpoena or discovery and is not admissible in any civil or administrative proceeding, regardless of whether the information has been provided to a nursing peer review committee. The privileges under this subsection may be waived only through a written waiver signed by the chair, vice chair, or secretary of the patient safety committee. This subsection does not affect the application of Section 303.007 to a nursing peer review committee.

(c) A committee that receives information from another committee shall forward any request to disclose the information to the committee that provided the information.

Added by Acts 2007, 80th Leg., R.S., Ch. 803 (S.B. 993), Sec. 19, eff. September 1, 2007.

Amended by:
Sec. 303.009. RETALIATORY ACTIONS. (a) A nursing peer review committee, a person participating in peer review, or an organization named as a defendant in a civil action or subjected to other retaliatory action as a result of participation in peer review may file a counterclaim in a pending action or prove a cause of action in a subsequent suit to recover defense costs, including court costs, reasonable attorney's fees, and actual and punitive damages if the suit or retaliatory action is determined to be frivolous, unreasonable, without foundation, or taken in bad faith.

(b) A nursing peer review committee member or a person participating in peer review under this chapter named as a defendant in a civil action or subjected to other retaliatory action as a result of participation in peer review may use information that is otherwise confidential under this chapter to defend the civil action or a civil action that alleges retaliation for the person's participation in peer review.

(c) A person who discloses information under Subsection (b) does not by that action waive the privilege of nondisclosure of all other information privileged under this chapter.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 303.010. CIVIL LIABILITY. (a) A cause of action does not accrue for an act, statement, determination, or recommendation made, or act reported, without malice, in the course of peer review against:

(1) a member, agent, or employee of a nursing peer review committee; or

(2) a school of nursing, hospital, nursing home, home health agency, health science center, or other health care facility, the nursing staff of such a facility, or a nursing association or other organization.

(b) A person who, without malice, provides records, information, or assistance to a nursing peer review committee:

(1) is not liable in a civil action based on the person's
participation or assistance in peer review; and

(2) may not be subjected to retaliatory action as a result of that act.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 303.011. EVALUATION BY COMMITTEE. (a) In evaluating a nurse's conduct, the nursing peer review committee shall review the evidence to determine the extent to which a deficiency in care by the nurse was the result of deficiencies in the nurse's judgment, knowledge, training, or skill rather than other factors beyond the nurse's control. A determination that a deficiency in care is attributable to a nurse must be based on the extent to which the nurse's conduct was the result of a deficiency in the nurse's judgment, knowledge, training, or skill.

(b) The nursing peer review committee shall report a deficiency in care that the committee determines was the result of a factor beyond the nurse's control to a patient safety committee for evaluation. The patient safety committee shall evaluate the influence of the factors on the conduct of the nurse being evaluated and on the practice of other nurses within the entity that established the committee. The committee shall report its findings to the nursing peer review committee.

(b) Information collected as part of an error classification system is a record of the nursing peer review committee and is confidential under Section 303.006.

(c) A nursing peer review committee may report the information collected using the error classification system to the board. The
committee may not report to the board under this section information that includes the identity of an individual nurse or patient.

(d) Information the board receives under this section that contains information identifying a specific patient, nurse, or health care facility, the committee, or the sponsoring organization of the committee is confidential and is not subject to disclosure under Chapter 552, Government Code. The board must remove the identifying information from the information before making the remaining information available to the public.

(e) This section does not affect the obligation or authority of a nursing peer review committee to disclose information under Section 303.007.

CHAPTER 304. NURSE LICENSURE COMPACT

Sec. 304.001. NURSE LICENSURE COMPACT. The Nurse Licensure Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which is as follows:

NURSE LICENSURE COMPACT

ARTICLE 1. FINDINGS AND DECLARATION OF PURPOSE

(a) The party states find that:

(1) the health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensing laws;

(2) violations of nurse licensing and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensing and regulation;

(4) new practice modalities and technology make compliance with each state nurse licensing laws difficult and complex; and

(5) the current system of the duplicative licensing of nurses practicing in multiple states is cumbersome and redundant to both nurses and the states.

(b) The general purposes of this compact are to:

(1) facilitate the states' responsibilities to protect the
public's health and safety;

(2) ensure and encourage the cooperation of party states in the areas of nurse licensing and regulation;

(3) facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse action;

(4) promote compliance with the laws governing the practice of nursing in each jurisdiction; and

(5) invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is provided through the mutual recognition of party state licenses.

ARTICLE 2. DEFINITIONS

In this compact:

(a) "Adverse action" means a home or remote state action.

(b) "Alternative program" means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.

(c) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensing and enforcement activities related to nurse licensing laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards.

(d) "Current significant investigative information" means:

   (1) investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

   (2) investigative information that indicates that a nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(e) "Home state" means the party state that is the nurse's primary state of residence.

(f) "Home state action" means any administrative, civil, equitable, or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority, including actions against an individual's license such as revocation, suspension, probation, or any other action that affects a
nurse's authorization to practice.

(g) "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.

(h) "Multistate licensing privilege" means current, official authority from a remote state permitting the practice of nursing as a registered nurse, licensed practical nurse, or licensed vocational nurse in the party state. All party states have the authority, in accordance with existing state due process laws, to take actions against the nurse's privilege, including revocation, suspension, probation, or any other action that affects a nurse's authorization to practice.

(i) "Nurse" means a registered nurse, licensed practical nurse, or licensed vocational nurse as those terms are defined by each party state's practice laws.

(j) "Party state" means any state that has enacted this compact.

(k) "Remote state" means a party state, other than the home state, in which:

1. a patient is located at the time nursing care is provided; or
2. in the case of the practice of nursing not involving a patient, the recipient of nursing practice is located.

(l) "Remote state action" means:

1. an administrative, civil, equitable, or criminal action permitted by a remote state's laws that are imposed on a nurse by the remote state's licensing board or other authority, including an action against an individual's multistate licensing privilege to practice in the remote state; and

2. a cease and desist order and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

(m) "State" means a state, territory, possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(n) "State practice laws" means a party state's laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. The term does not include the initial qualifications for licensing or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.
ARTICLE 3. GENERAL PROVISIONS AND JURISDICTION

(a) A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensing privilege to practice as a registered nurse in the party state. A license to practice licensed practical nursing or licensed vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensing privilege to practice as a licensed practical nurse or vocational nurse in the party state. To obtain or retain a license, an applicant must meet the home state's qualifications for a license and license renewal as well as all other applicable state laws.

(b) A party state may, in accordance with state due process laws, limit or revoke the multistate licensing privilege of any nurse to practice in the party state and may take any other necessary actions under the party state's applicable laws to protect the health and safety of the party state's citizens. If a party state takes this action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(c) A nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. The practice of nursing includes patient care and all nursing practice defined by the party state's practice laws. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board, the courts, and the laws of the party state.

(d) This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensing privilege to practice registered nursing granted by a party state shall be recognized by another party state as a license to practice registered nursing if the state's law requires the license as a precondition for qualifying for advanced practice registered nurse authorization.

(e) Individuals not residing in a party state may apply for a nurse license under the laws of a party state. However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.
ARTICLE 4. APPLICATION FOR LICENSE IN A PARTY STATE

(a) Once an application for a license is submitted, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether:

(1) the applicant has held or is the holder of a license issued by another state;

(2) a restriction exists on the multistate licensing privilege; and

(3) any other adverse action by any state has been taken against the license.

(b) A nurse in a party state shall hold a license that is issued by the home state in only one party state at a time.

(c) A nurse who intends to change the nurse's primary state of residence may apply for a license in the new home state in advance of the change. However, a new license will not be issued by a party state until a nurse provides satisfactory evidence to the new home state's licensing board of a change in the nurse's primary state of residence.

(d) When a nurse changes the nurse's primary state of residence by moving from:

(1) a party state to another party state and obtains a license from the new home state, the license from the former home state is no longer valid;

(2) a non-party state to a party state and obtains a license from the new home state, the individual state license issued by the non-party state is not affected and remains in full force if provided by the laws of the non-party state; and

(3) a party state to a non-party state, the license issued by the prior home state converts to a state license valid only in the former home state and does not entitle the nurse to the multistate licensing privilege to practice in other party states.

ARTICLE 5. ADVERSE ACTIONS

(a) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system a remote state action and the factual and legal basis for the action, if known. The licensing board of a remote state shall promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of these reports.
(b) The licensing board of a party state shall have the authority to complete a pending investigation of a nurse who changes the nurse's primary state of residence during the course of the investigation and to take appropriate action. The licensing board shall promptly report the conclusions of the investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any action.

(c) A remote state may take adverse action affecting the multistate licensing privilege to practice in that party state. However, only the home state has the power to impose adverse action against the license issued by the home state.

(d) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would to conduct occurring in the home state. In so doing, the licensing board shall apply its state laws to determine appropriate action.

(e) The home state may take adverse action based on the factual findings of the remote state only if each state follows its own procedures for imposing the adverse action.

(f) This compact does not affect a party state's decision that participation in an alternative program may be used instead of licensing action and that the participation shall remain non-public if required by the party state's laws. Party states must require a nurse who enters an alternative program to agree not to practice in any other party state during the term of the alternative program without prior authorization from the other party state.

ARTICLE 6. ADDITIONAL AUTHORITIES OF PARTY STATE NURSE LICENSING BOARDS

(a) Notwithstanding any other powers, party state nurse licensing boards have the authority to:

(1) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against the nurse;

(2) issue subpoenas for hearings and investigations that require the attendance and testimony of witnesses and the production of evidence;

(3) issue a cease and desist order to limit or revoke a nurse's authority to practice in the state; and

(4) adopt uniform rules as provided under Article 8(c) of
this compact.

(b) A subpoena issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the non-issuing party state by a court of competent jurisdiction in accordance with the practice and procedure applicable to subpoenas issued in proceedings pending before the court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which a witness or evidence is located.

ARTICLE 7. COORDINATED LICENSURE INFORMATION SYSTEM

(a) All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses, licensed practical nurses, and licensed vocational nurses. This system will include information on the licensing and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensing and enforcement efforts.

(b) Notwithstanding any other provision of law, all party states' licensing boards shall promptly report to the coordinated licensure information system adverse actions, actions against multistate licensing privileges, any current significant investigative information yet to result in adverse action, and denials of applications and the reasons for the denials.

(c) Current significant investigative information shall be transmitted only to party state licensing boards through the coordinated licensure information system.

(d) Notwithstanding any other provision of law, all party states' licensing boards that contribute information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(e) Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system may not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(f) Information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall be
expunged from the coordinated licensure information system.

(g) Each compact administrator shall act jointly and in consultation with the administrator of the coordinated licensure information system to formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE 8. COMPACT ADMINISTRATION AND EXCHANGE OF INFORMATION

(a) The presiding officer of the nurse licensing board of a party state or the presiding officer's designee shall be the administrator of this compact for the state.

(b) The compact administrator of each party state shall furnish to the compact administrator of each other party state information and documents including a uniform data set of investigations, identifying information, licensing data, and disclosable alternative program participation information to facilitate the administration of this compact.

(c) Compact administrators have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. The uniform rules shall be adopted by party states under Article 6(a)(4) of this compact.

ARTICLE 9. IMMUNITY

A party state or an officer, employee, or agent of a party state's nurse licensing board who acts in accordance with the provisions of this compact is not liable for any good faith act or omission that occurs while the person is performing the person's duties under this compact. Good faith in this article does not include wilful misconduct, gross negligence, or recklessness.

ARTICLE 10. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

(a) This compact enters into force and takes effect for a state when the state enacts this compact as law. A party state may withdraw from the compact by enacting a statute repealing the compact, but a withdrawal takes effect six months after the date the withdrawing state gives notice of the withdrawal to the executive heads of all other party states.

(b) No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

(c) This compact does not invalidate or prevent any nurse licensing agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other
provisions of this compact.

(d) This compact may be amended by the party states. An amendment to this compact is not effective or binding on the party states unless and until all party states enact the amendment into the law of each state.

ARTICLE 11. CONSTRUCTION AND SEVERABILITY

(a) This compact shall be liberally construed to effectuate the compact's purposes.

(b) This compact is severable. If a phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of a party state or the United States or the applicability of this compact to a government, agency, person, or circumstance is held invalid, the validity and applicability of the remainder of the compact to a government, agency, person, or circumstance is not affected. If this compact is held to be contrary to the constitution of a party state, the compact remains in full force and effect for the other party states and in full force and effect for the party state affected for all severable matters.

(c) If the party states need to settle a dispute under the compact the party states may submit the issues in dispute to an arbitration panel comprised of:

(A) an individual appointed by the compact administrator in the home state;

(B) an individual appointed by the compact administrator in each remote state involved; and

(C) an individual mutually agreed upon by the compact administrators of each party state involved in the dispute.

(d) The decision of a majority of the arbitrators shall be final and binding.

(c) The Texas Board of Nursing has the authority to determine whether a right or obligation imposed on license holders applies to nurses practicing in this state under a license issued by a state that is a party to the Nurse Licensure Compact unless that determination is inconsistent with the Nurse Licensure Compact.

Sec. 304.008. DISCLOSURE OF PERSONAL INFORMATION. (a) In reporting information to the coordinated licensure information system under Article 7 of the Nurse Licensure Compact, the Texas Board of Nursing may disclose personally identifiable information about the nurse, including social security number.

CHAPTER 305. NCSBN ADVANCED PRACTICE REGISTERED NURSE COMPACT

Sec. 305.001. NCSBN ADVANCED PRACTICE REGISTERED NURSE COMPACT.
The NCSBN Advanced Practice Registered Nurse Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which is as follows:

NCSBN ADVANCED PRACTICE REGISTERED NURSE COMPACT
ARTICLE 1. FINDINGS AND DECLARATION OF PURPOSE
(a) The party states find that:
(1) the health and safety of the public are affected by the degree of compliance with APRN licensure/authority to practice requirements and the effectiveness of enforcement activities related to state APRN licensure/authority to practice laws;
(2) violations of APRN licensure/authority to practice and other laws regulating the practice of nursing may result in injury or harm to the public;
(3) the expanded mobility of APRNs and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of APRN licensure/authority to practice and regulation;
(4) new practice modalities and technology make compliance with individual state APRN licensure/authority to practice laws difficult and complex;
(5) the current system of duplicative APRN licensure/authority to practice for APRNs practicing in multiple states is cumbersome and redundant to both APRNs and states;
(6) uniformity of APRN requirements throughout the states promotes public safety and public health benefits; and
(7) access to APRN services increases the public's access to health care, particularly in rural and underserved areas.
(b) The general purposes of this compact are to:
(1) facilitate the states' responsibilities to protect the public's health and safety;
(2) ensure and encourage the cooperation of party states in the areas of APRN licensure/authority to practice and regulation,
including promotion of uniform licensure requirements;
(3) facilitate the exchange of information between party states in the areas of APRN regulation, investigation, and adverse actions;
(4) promote compliance with the laws governing APRN practice in each jurisdiction; and
(5) invest all party states with the authority to hold an APRN accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

ARTICLE 2. DEFINITIONS
(a) "Advanced practice registered nurse" or "APRN" means a nurse anesthetist, nurse practitioner, nurse midwife, or clinical nurse specialist to the extent a party state licenses or grants authority to practice in that APRN role and title.
(b) "Adverse action" means a home or remote state disciplinary action.
(c) "Alternative program" means a voluntary, non-disciplinary monitoring program approved by a licensing board.
(d) "APRN licensure/authority to practice" means the regulatory mechanism used by a party state to grant legal authority to practice as an APRN.
(e) "APRN uniform licensure/authority to practice requirements" means those minimum uniform licensure, education, and examination requirements as agreed to by the compact administrators and adopted by licensing boards for the recognized APRN role and title.
(f) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on APRN licensure/authority to practice and enforcement activities related to APRN licensure/authority to practice laws, which is administered by a nonprofit organization composed of and controlled by state licensing boards.
(g) "Current significant investigative information" means:
(1) investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the APRN to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or
(2) investigative information that indicates that the APRN represents an immediate threat to public health and safety regardless
of whether the APRN has been notified and had an opportunity to respond.

(h) "Home state" means the party state that is the APRN's primary state of residence.

(i) "Home state action" means any administrative, civil, equitable, or criminal action permitted by the home state's laws which are imposed on an APRN by the home state's licensing board or other authority, including actions against an individual's license/authority to practice such as: revocation, suspension, probation, or any other action which affects an APRN's authorization to practice.

(j) "Licensing board" means a party state's regulatory body responsible for issuing APRN licensure/authority to practice.

(k) "Multistate advanced practice privilege" means current authority from a remote state permitting an APRN to practice in that state in the same role and title as the APRN is licensed/authorized to practice in the home state to the extent that the remote state laws recognize such APRN role and title. A remote state has the authority, in accordance with existing state due process laws, to take actions against the APRN's privilege, including revocation, suspension, probation, or any other action that affects an APRN's multistate privilege to practice.

(l) "Party state" means any state that has adopted this compact.

(m) "Prescriptive authority" means the legal authority to prescribe medications and devices as defined by party state laws.

(n) "Remote state" means a party state, other than the home state:

(1) where the patient is located at the time APRN care is provided; or

(2) in the case of APRN practice not involving a patient, in such party state where the recipient of APRN practice is located.

(o) "Remote state action" means:

(1) any administrative, civil, equitable, or criminal action permitted by a remote state's laws which are imposed on an APRN by the remote state's licensing board or other authority, including actions against an individual's multistate advanced practice privilege in the remote state; and

(2) cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards thereof.
(p) "State" means a state, territory, or possession of the United States.

(q) "State practice laws" means a party state's laws and regulations that govern APRN practice, define the scope of advanced nursing practice, including prescriptive authority, and create the methods and grounds for imposing discipline. State practice laws do not include the requirements necessary to obtain and retain APRN licensure/authority to practice as an APRN, except for qualifications or requirements of the home state.

(r) "Unencumbered" means that a state has no current disciplinary action against an APRN's license/authority to practice.

ARTICLE 3. GENERAL PROVISIONS AND JURISDICTION

(a) All party states shall participate in the nurse licensure compact for registered nurses and licensed practical/vocational nurses in order to enter into the APRN compact.

(b) No state shall enter the APRN compact until the state adopts, at a minimum, the APRN uniform licensure/authority to practice requirements for each APRN role and title recognized by the state seeking to enter the APRN compact.

(c) APRN licensure/authority to practice issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain APRN licensure/authority to practice as an APRN, an applicant must meet the home state's qualifications for authority or renewal of authority as well as all other applicable state laws.

(d) The APRN multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an APRN initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws.

(e) A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state's applicable laws to protect the health and safety of the party state's citizens. If a party state takes action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated
licensure information system shall promptly notify the home state of any such actions by remote states.

(f) An APRN practicing in a party state must comply with the state practice laws and licensing board rules of the state in which the patient is located at the time care is provided. The APRN practice includes patient care and all advanced nursing practice defined by the party state's practice laws. The APRN practice will subject an APRN to the jurisdiction of the licensing board, the courts, and the laws of the party state.

(g) Individuals not residing in a party state may apply for APRN licensure/authority to practice as an APRN under the laws of a party state. However, the authority to practice granted to these individuals will not be recognized as granting the privilege to practice as an APRN in any other party state unless explicitly agreed to by that party state.

ARTICLE 4. APPLICATIONS FOR APRN LICENSURE/AUTHORITY TO PRACTICE IN A PARTY STATE

(a) Once an application for APRN licensure/authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether:

1. the applicant has held or is the holder of a nursing license/authority to practice issued by another state;
2. the applicant has had a history of previous disciplinary action by any state;
3. an encumbrance exists on any license/authority to practice; and
4. any other adverse action by any other state has been taken against a license/authority to practice.

This information may be used in approving or denying an application for APRN licensure/authority to practice.

(b) An APRN in a party state shall hold APRN licensure/authority to practice in only one party state at a time, issued by the home state.

(c) An APRN who intends to change the APRN's primary state of residence may apply for APRN licensure/authority to practice in the new home state in advance of such change. However, new licensure/authority to practice will not be issued by a party state until after an APRN provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

(d) When an APRN changes primary state of residence by:
(1) moving between two party states, and obtains APRN licensure/authority to practice from the new home state, the APRN licensure/authority to practice from the former home state is no longer valid;

(2) moving from a nonparty state to a party state, and obtains APRN licensure/authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and will remain in full force if so provided by the laws of the nonparty state; and

(3) moving from a party state to a nonparty state, the APRN licensure/authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE 5. ADVERSE ACTIONS

(a) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

(b) The licensing board of a party state shall have the authority to complete any pending investigations for an APRN who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(c) A remote state may take adverse action affecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the APRN licensure/authority to practice issued by the home state.

(d) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such
conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

(e) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

(f) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require APRNs who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

(g) All home state licensing board disciplinary orders, agreed or otherwise, which limit the scope of the APRN's practice or require monitoring of the APRN as a condition of the order shall include the requirements that the APRN will limit her or his practice to the home state during the pendency of the order. This requirement may allow the APRN to practice in other party states with prior written authorization from both the home state and party state licensing boards.

ARTICLE 6. ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING BOARDS

(a) Notwithstanding any other powers, party state licensing boards shall have the authority to:

(1) if otherwise permitted by state law, recover from the affected APRN the costs of investigations and disposition of cases resulting from any adverse action taken against that APRN;

**SUBCHAPTER K. DISCIPLINARY PROCEDURES**

Sec. 351.501. DENIAL OF LICENSE AND DISCIPLINARY ACTION BY BOARD. (a) On the vote of five or more members, the board may refuse to issue a license to an applicant, revoke or suspend a license, place on probation a person whose license has been suspended, impose a fine, impose a stipulation, limitation, or condition relating to continued practice, including conditioning continued practice on counseling or additional education, or reprimand a license holder if the board determines that:

(1) the applicant or license holder is guilty of fraud, deceit, dishonesty, or misrepresentation in the practice of optometry or therapeutic optometry or in seeking admission to that practice;

(2) the applicant or license holder is unfit or incompetent by reason of negligence;

(3) the applicant or license holder has been convicted of a misdemeanor involving moral turpitude or a felony;

(4) the applicant or license holder:

(A) is a habitual drunkard;
(B) is addicted to the use of morphine, cocaine, or other drugs having similar effect;

(C) has become insane; or

(D) has been found by a court to be of unsound mind;

(5) the license holder has directly or indirectly employed, hired, procured, or induced a person to practice optometry or therapeutic optometry in this state without a license;

(6) the license holder has directly or indirectly aided or abetted an unlicensed person in the practice of optometry or therapeutic optometry;

(7) the license holder has placed the holder's license at the disposal or service of, including lending, leasing, or renting to, a person not licensed to practice optometry or therapeutic optometry in this state;

(8) the applicant or license holder has wilfully or repeatedly violated this chapter or a board rule adopted under this chapter;

(9) the license holder has wilfully or repeatedly represented to a member of the public that the license holder is authorized or competent to cure or treat an eye disease beyond the authorization granted by this chapter;

(10) the license holder has had the right to practice optometry or therapeutic optometry suspended or revoked by a federal agency for a cause that the board believes warrants that action;

(11) the applicant or license holder has acted to deceive, defraud, or harm the public;

(12) the applicant or license holder is guilty of gross incompetence in the practice of optometry or therapeutic optometry;

(13) the applicant or license holder has engaged in a pattern of practice or other behavior demonstrating a wilful provision of substandard care;

(14) the applicant or license holder has committed an act of sexual abuse, misconduct, or exploitation with a patient or has otherwise unethically or immorally abused the doctor-patient relationship;

(15) the applicant or license holder has prescribed, sold, administered, distributed, or given a drug legally classified as a controlled substance or as an addictive or dangerous drug for other than an accepted diagnostic or therapeutic purpose;

(16) the applicant or license holder has failed to report

(17) the license holder has practiced or attempted to practice optometry while the license holder's license was suspended.

(b) A violation of this chapter is not a violation for purposes of disciplinary action under Subsections (a)(8) and (9) if the violation occurs at least four years before the date a complaint is filed that results in a disciplinary hearing before the board on that complaint.

(c) Notwithstanding Subsection (a), the board may not, as part of a disciplinary action, order a license holder to acquire a license or certificate of a different or higher class or type than the license holder holds at the time of the disciplinary action.

Acts 2005, 79th Leg., Ch. 101 (H.B. 1025), Sec. 1.018, eff. September 1, 2005.

Sec. 351.5015. TEMPORARY SUSPENSION OR RESTRICTION OF LICENSE. (a) The board shall appoint a three-member disciplinary panel consisting of board members to determine whether a license issued to a person under this chapter should be temporarily suspended or restricted.

(b) If the disciplinary panel determines from the evidence presented to the panel that a license holder would, by the person's continuation in the practice of optometry or therapeutic optometry, constitute a continuing threat to the public welfare, the disciplinary panel shall temporarily suspend or restrict the license holder's license.

(c) The disciplinary panel may temporarily suspend or restrict a license under this section without notice or hearing if:

(1) the board immediately provides notice of the suspension or restriction to the license holder; and

(2) a hearing before the disciplinary panel concerning the temporary suspension or restriction is scheduled for the earliest possible date following the suspension or restriction.

(d) Notwithstanding Chapter 551, Government Code, the
disciplinary panel may hold a meeting by telephone conference call if immediate action is required and convening of the panel at one location is inconvenient for any member of the disciplinary panel.

(e) After the hearing described by Subsection (c)(2), if the disciplinary panel affirms the temporary suspension or restriction of the license holder's license, the board shall schedule an informal settlement conference that meets the requirements of Section 2001.054(c), Government Code, to be held as soon as practicable, unless the license holder waives the informal settlement conference or an informal settlement conference has already been held with regard to the issues that are the basis for the temporary suspension or restriction.

(f) If the license holder is unable to show compliance at the informal settlement conference regarding the issues that are the basis for the temporary suspension or restriction, a board representative shall file a charge under Section 351.503 as soon as practicable.

(g) If after the hearing described by Subsection (c)(2) the disciplinary panel does not temporarily suspend or restrict the license holder's license, the facts that were the basis for the temporary suspension or restriction may not be the sole basis for another proceeding to temporarily suspend or restrict the license holder's license. The board may use those same facts in a subsequent investigation to obtain new information that may be the basis for the temporary suspension or restriction of the license holder's license. For purposes of this subsection, facts that are the basis for the temporary suspension or restriction of a license holder's license include facts presented to the disciplinary panel and facts presented by the board or a representative of the board at the time evidence was presented to the disciplinary panel.

Sec. 351.502. WILFUL OR REPEATED NONCOMPLIANCE. (a) The board shall consider the wilful or repeated failure or refusal of an optometrist or therapeutic optometrist to comply with the requirements of Sections 351.353, 351.359, and 351.405 as prima facie evidence that the optometrist or therapeutic optometrist is unfit or
incompetent by reason of negligence within the meaning of Section 351.501(a)(2) and as sufficient ground for the filing of charges to revoke or suspend a license.

(b) The board shall consider the wilful or repeated failure or refusal of an optometrist or therapeutic optometrist to comply with the requirements of Sections 351.361, 351.362, 351.457, and 351.458 as prima facie evidence that the optometrist or therapeutic optometrist has violated this chapter and as sufficient ground for the filing of charges to revoke or suspend a license.

(b) A person is entitled to a hearing conducted by the State Office of Administrative Hearings if:

(1) a charge is filed against the person; or
(2) the board proposes to:
   (A) refuse the person's application for a license; or
   (B) suspend or revoke the person's license.

(c) Disciplinary proceedings are governed by Chapter 2001, Government Code.

(d) A charge filed under Section 351.502(a) must state each specific instance of alleged noncompliance. At a hearing on the charge, the person charged has the burden of establishing, in each instance in which proof of noncompliance is adduced, that compliance was not necessary to a proper examination of the patient in that particular case.

(e) A charge filed under Section 351.502(b) must state each specific instance of alleged noncompliance.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

(c) Procedures established under Subsection (b) must:
   (1) require that at least one board member who represents the public be included in the panel conducting the conference;
(2) require that the two board members who reviewed and investigated a complaint under Section 351.2036(c) be included in the panel conducting the conference;

(3) require the panel conducting the conference to use the standardized penalty schedule adopted by the board under Section 351.552(c) to determine the appropriate disciplinary action, if any, to recommend to the board;

(4) require a complaint settlement recommended by the panel to be approved by the board; and

(5) require the panel conducting the conference to:
   (A) recommend settlement of the complaint to the board; or

(d) The board may order a person licensed under this chapter to issue a refund to a patient as provided in an agreement resulting from an informal settlement conference instead of or in addition to assessing an administrative penalty against the person under Subchapter L. The amount of a refund ordered under this subsection may not exceed the amount the patient paid to the license holder for an examination. The board may not require payment of other damages or estimate harm in a restitution order.

(e) Rules adopted under this section must:
   (1) provide the complainant and the license holder with an opportunity to be heard; and
   (2) require the presence of the attorney general to advise the board or the board's employees.

(f) The board may assess a fee against a license holder participating in a remedial plan in an amount necessary to recover the costs of administering the plan.

(g) The board shall adopt rules necessary to implement this section.

The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty or to give a supersedeas bond.
