(2) if the pharmacy is located in another state, has reimbursed the board for all expenses, including travel, incurred by the board in inspecting the pharmacy during the term of the expiring license.

(b) The board may accept, as satisfying the inspection requirement in Subsection (a) for a pharmacy located in another state, an inspection report issued by the pharmacy licensing board in the state in which the pharmacy is located if:

(1) the board determines that the other state has comparable standards and regulations applicable to pharmacies, including standards and regulations related to health and safety; and

CHAPTER 562. PRACTICE BY LICENSE HOLDER

SUBCHAPTER A. PRESCRIPTION AND SUBSTITUTION REQUIREMENTS

Sec. 562.001. DEFINITIONS. In this subchapter:

(1) "Generically equivalent" means a drug that is pharmaceutically equivalent and therapeutically equivalent to the drug prescribed.

(2) "Pharmacetically equivalent" means drug products that have identical amounts of the same active chemical ingredients in the same dosage form and that meet the identical compendial or other applicable standards of strength, quality, and purity according to the United States Pharmacopoeia or another nationally recognized compendium.

(3) "Therapeutically equivalent" means pharmaceutically equivalent drug products that, if administered in the same amounts, will provide the same therapeutic effect, identical in duration and intensity.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.002. LEGISLATIVE INTENT. It is the intent of the legislature to save consumers money by allowing the substitution of lower-priced generically equivalent drug products for certain brand name drug products and for pharmacies and pharmacists to pass on the net benefit of the lower costs of the generically equivalent drug product to the purchaser.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.003. DISCLOSURE OF PRICE; PATIENT'S OPTION. If the price of a drug to a patient is lower than the amount of the patient's copayment under the patient's prescription drug insurance plan, the pharmacist shall offer the patient the option of paying for the drug at the lower price instead of paying the amount of the copayment.
Sec. 562.004. PRESCRIPTION TRANSMITTED ORALLY BY PRACTITIONER. A pharmacist to whom a prescription is transmitted orally shall:
(1) note on the file copy of the prescription the dispensing instructions of the practitioner or the practitioner's agent; and
(2) retain the prescription for the period specified by law.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.005. RECORD OF DISPENSED DRUG. A pharmacist shall record on the prescription form the name, strength, and manufacturer or distributor of a drug dispensed as authorized by this subchapter.

Sec. 562.006. LABEL. (a) Unless otherwise directed by the practitioner, the label on the dispensing container must indicate the actual drug dispensed, indicated by either:
(1) the brand name; or
(2) if there is not a brand name, the generic name, the strength of the drug, and the name of the manufacturer or distributor of the drug.

(a-1) In addition to the information required by Subsection (a), the label on the dispensing container of a drug dispensed by a Class A or Class E pharmacy must indicate:
(1) the name, address, and telephone number of the pharmacy;
(2) the date the prescription is dispensed;
(3) the name of the prescribing practitioner;
(4) the name of the patient or, if the drug was prescribed for an animal, the species of the animal and the name of the owner;
(5) instructions for use;
(6) the quantity dispensed;
(7) if the drug is dispensed in a container other than the
manufacturer's original container, the date after which the prescription should not be used, determined according to criteria established by board rule based on standards in the United States Pharmacopeia-National Formulary; and

(8) any other information required by board rule.

(a-2) The information required by Subsection (a-1)(7) may be recorded on any label affixed to the dispensing container.

(a-3) Subsection (a-1) does not apply to a prescription dispensed to a person at the time of release from prison or jail if the prescription is for not more than a 10-day supply of medication.

(b) If a drug has been selected other than the one prescribed, the pharmacist shall place on the container the words "Substituted for brand prescribed" or "Substituted for 'brand name'" where "brand name" is the name of the brand name drug prescribed.

(c) The board shall adopt rules requiring the label on a dispensing container to be in plain language and printed in an easily readable font size for the consumer.

Sec. 562.0061. OTHER PRESCRIPTION INFORMATION. The board shall adopt rules specifying the information a pharmacist must provide to a consumer when dispensing a prescription to the consumer for self-administration. The information must be:

(1) written in plain language;
(2) relevant to the prescription; and
(3) printed in an easily readable font size.

Added by Acts 2007, 80th Leg., R.S., Ch. 457 (H.B. 948), Sec. 2, eff. September 1, 2007.

Sec. 562.0062. REQUIRED STATEMENT REGARDING MEDICATION DISPOSAL. The board by rule shall require pharmacists, when dispensing certain drugs, to include on the dispensing container

Sec. 562.008. GENERIC EQUIVALENT AUTHORIZED. (a) If a practitioner certifies on the prescription form that a specific prescribed brand is medically necessary, the pharmacist shall dispense the drug as written by the practitioner. The certification must be made as required by the dispensing directive adopted under Section 562.015. This subchapter does not permit a pharmacist to substitute a generically equivalent drug unless the substitution is made as provided by this subchapter.

(b) Except as otherwise provided by this subchapter, a pharmacist who receives a prescription for a drug for which there is one or more generic equivalents may dispense any of the generic equivalents.

Sec. 562.009. REQUIREMENTS CONCERNING SELECTION OF GENERICALLY EQUIVALENT DRUG. (a) Before delivery of a prescription for a generically equivalent drug, a pharmacist must personally, or through the pharmacist's agent or employee:

(1) inform the patient or the patient's agent that a less...
expensive generically equivalent drug is available for the brand prescribed; and

(2) ask the patient or the patient's agent to choose between the generically equivalent drug and the brand prescribed.

(a-1) In addition to the requirements of Subsection (a), a pharmacist must display, in a prominent place that is in clear public view where prescription drugs are dispensed, a sign in block letters not less than one inch in height that reads, in both English and Spanish:

"TEXAS LAW REQUIRES A PHARMACIST TO INFORM YOU IF A LESS EXPENSIVE GENERICALLY EQUIVALENT DRUG IS AVAILABLE FOR CERTAIN BRAND NAME DRUGS AND TO ASK YOU TO CHOOSE BETWEEN THE GENERIC AND THE BRAND NAME DRUG. YOU HAVE A RIGHT TO ACCEPT OR REFUSE THE GENERICALLY EQUIVALENT DRUG."

(b) A pharmacy is not required to comply with the provisions of Subsection (a):

(1) in the case of the refill of a prescription for which the pharmacy previously complied with Subsection (a) with respect to the same patient or patient's agent; or

(2) if the patient's physician or physician's agent advises the pharmacy that:

(A) the physician has informed the patient or the patient's agent that a less expensive generically equivalent drug is available for the brand prescribed; and

(B) the patient or the patient's agent has chosen either the brand prescribed or the less expensive generically equivalent drug.

(c) A pharmacy that supplies a prescription by mail is considered to have complied with the provisions of Subsection (a) if the pharmacy includes on the prescription order form completed by the patient or the patient's agent language that clearly and conspicuously:

(1) states that if a less expensive generically equivalent drug is available for the brand prescribed, the patient or the patient's agent may choose between the generically equivalent drug and the brand prescribed; and

(2) allows the patient or the patient's agent to indicate the choice of the generically equivalent drug or the brand prescribed.

(d) If the patient or the patient's agent fails to indicate
otherwise to a pharmacy on the prescription order form under Subsection (c), the pharmacy may dispense a generically equivalent drug.

(e) If the prescription is for an immunosuppressant drug, as defined by Section 562.0141(a)(1), the pharmacist must comply with the provisions of Section 562.0141. This subsection expires if Section 562.0141 expires under the requirements of Section 562.0142.

Sec. 562.010. RESPONSIBILITY CONCERNING GENERICALLY EQUIVALENT DRUG; LIABILITY. (a) A pharmacist who selects a generically equivalent drug to be dispensed under this subchapter assumes the same responsibility for selecting the generically equivalent drug as the pharmacist does in filling a prescription for a drug prescribed by generic name.

(b) The prescribing practitioner is not liable for a pharmacist's act or omission in selecting, preparing, or dispensing a drug under this subchapter.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.011. RESTRICTION ON SELECTION OF AND CHARGING FOR GENERICALLY EQUIVALENT DRUG. (a) A pharmacist may not select a generically equivalent drug unless the generically equivalent drug selected costs the patient less than the prescribed drug.

(b) A pharmacist may not charge for dispensing a generically equivalent drug a professional fee higher than the fee the pharmacist
customarily charges for dispensing the brand name drug prescribed.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.012. SUBSTITUTION OF DOSAGE FORM PERMITTED. With the patient's consent, a pharmacist may dispense a dosage form of a drug different from that prescribed, such as a tablet instead of a capsule or a liquid instead of a tablet, if the dosage form dispensed:

(1) contains the identical amount of the active ingredients as the dosage prescribed for the patient;
(2) is not an enteric-coated or timed release product; and
(3) does not alter desired clinical outcomes.

Amended by:
Acts 2013, 83rd Leg., R.S., Ch. 583 (S.B. 869), Sec. 12, eff. June 14, 2013.

Sec. 562.013. APPLICABILITY OF SUBCHAPTER. Unless a drug is determined to be generically equivalent to the brand prescribed, drug selection as authorized by this subchapter does not apply to:

(1) an enteric-coated tablet;
(2) a controlled release product;
(3) an injectable suspension, other than an antibiotic;
(4) a suppository containing active ingredients for which systemic absorption is necessary for therapeutic activity; or
(5) a different delivery system for aerosol or nebulizer drugs.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 562.014. NARROW THERAPEUTIC INDEX DRUGS. (a) Except as provided by this section, drug selection as authorized by this subchapter does not apply to the refill of a prescription for a narrow therapeutic index drug. The board, in consultation with the Texas Medical Board, shall by rule establish a list of narrow therapeutic index drugs to which this subsection applies. A prescription for a narrow therapeutic index drug may be refilled only
by using the same drug product by the same manufacturer that the pharmacist last dispensed under the prescription, unless otherwise agreed to by the prescribing practitioner. If a pharmacist does not have the same drug product by the same manufacturer in stock to refill the prescription, the pharmacist may dispense a drug product that is generically equivalent if the pharmacist, before dispensing the generically equivalent drug product, notifies:

(1) the patient, at the time the prescription is dispensed, that a substitution of the prescribed drug product has been made; and

(2) the prescribing practitioner of the drug product substitution by telephone, facsimile, or mail, at the earliest reasonable time, but not later than 72 hours after dispensing the prescription.

(b) The board and the Texas Medical Board shall establish a joint committee to recommend to the board a list of narrow therapeutic index drugs and the rules, if any, by which this section applies to those drugs. The committee must consist of an equal number of members from each board. The committee members shall select a member of the committee to serve as presiding officer for a one year term. The presiding officer may not represent the same board as the presiding officer's predecessor.

For contingent effect of this section, see Subsection (e).
Sec. 562.0141. TRANSPLANT IMMUNOSUPPRESSANT DRUG PRODUCT SELECTION PROHIBITED. (a) In this section:

(1) "Immunosuppressant drug" means any drug prescribed for immunosuppressant therapy following a transplant.

(2) "Interchange" means the substitution of one version of the same immunosuppressant drug, including a generic version for the prescribed brand, a brand version for the prescribed generic version, a generic version by one manufacturer for a generic version by a different manufacturer, a different formulation of the prescribed immunosuppressant drug, or a different immunosuppressant drug for the immunosuppressant drug originally prescribed.
(b) A pharmacist may not interchange an immunosuppressant drug or formulation of an immunosuppressant drug, brand or generic, for the treatment of a patient following a transplant without prior consent to the interchange from the prescribing practitioner.

(c) To comply with Subsection (b), a pharmacist shall notify a prescribing practitioner orally or electronically to secure permission to interchange an immunosuppressant drug or formulation of an immunosuppressant drug, brand or generic. The practitioner's authorization or denial of authorization must be documented by the pharmacist and by the practitioner.

(d) If a pharmacist does not have the same drug product by the same manufacturer in stock to refill the prescription, or if the practitioner is unavailable to give authorization, the pharmacist may dispense a drug product that is generically equivalent if the pharmacist, before dispensing the generally equivalent drug product:

(1) notifies and receives consent from the patient, at the time the prescription is dispensed, to substitute the prescribed drug product; and

(2) notifies the prescribing practitioner of the drug product substitution orally or electronically at the earliest reasonable time, but not later than 24 hours after dispensing the prescription.

(e) This section is only effective subject to the conditions established by Section 562.0142.

Added by Acts 2007, 80th Leg., R.S., Ch. 385 (S.B. 625), Sec. 2, eff. June 15, 2007.

Sec. 562.0142. ADOPTION OF RULES. (a) If, not later than October 1, 2007, a drug manufacturer requests that the joint committee under Section 562.014 conduct a hearing and make a recommendation to include a drug listed in Section 562.014(c) on the list of narrow therapeutic index drugs, the joint committee shall make a recommendation to the board to enable the board to adopt a rule and issue findings not later than July 1, 2008.

(b) If, not later than October 1, 2007, no drug manufacturer requests that the joint committee conduct a hearing and make recommendations to the board to include a drug listed in Section 562.014(c) on the list of narrow therapeutic index drugs, Section
562.0141 expires October 1, 2007.

(c) If all drug manufacturers that request, before October 1, 2007, the joint committee to conduct a hearing and make a recommendation to the board to include a drug listed in Section 562.014(c) on the list of narrow therapeutic index drugs subsequently withdraw those requests before the date the joint committee makes a recommendation to include the drug on that list, Section 562.0141 expires effective on the date of the manufacturers' withdrawal of those requests.

(d) If the joint committee receives a request under Subsection (a), the recommendation of the joint committee under that subsection may include the drugs listed in Section 562.014(c) or the joint committee may recommend that no drug should be added to the list of narrow therapeutic index drugs following the review by the joint committee.

(e) If the joint committee receives a request under Subsection (a) and, not later than July 1, 2008, the board adopts a rule to include any drug listed in Section 562.014(c) on the list of narrow therapeutic index drugs or determines by rule that no drug should be added to the list of narrow therapeutic index drugs, Section 562.0141 expires on July 1, 2008.

(f) If the joint committee receives a request under Subsection (a) and the board does not before July 1, 2008, adopt a rule to include any drug listed in Section 562.014(c) on the list of narrow therapeutic index drugs or determine by rule that no drug should be added to the list of narrow therapeutic index drugs, Section 562.0141 takes effect July 1, 2008.

(g) If the joint committee receives a request under Subsection (a) and litigation or a request for an attorney general's opinion regarding this section, Section 562.014, or Section 562.0141 is filed by a drug manufacturer between the effective date of this section and July 1, 2008, the time limits established by Subsections (e) and (f) are tolled until the litigation is resolved or the attorney general renders an opinion.

(h) For purposes of this section, notice of the following must be published in the Texas Register not later than the third business day after the date of occurrence:

(1) a request by a drug manufacturer for inclusion of a drug on the list of narrow therapeutic index drugs;

(2) withdrawal of a request described by Subdivision (1);
Sec. 562.015. DISPENSING DIRECTIVE; COMPLIANCE WITH FEDERAL LAW. (a) The board shall adopt rules to provide a dispensing directive to instruct pharmacists on the manner in which to dispense a drug according to the contents of a prescription. The rules adopted under this section must:

(1) require the use of the phrase "brand necessary" or "brand medically necessary" on a prescription form to prohibit the substitution of a generically equivalent drug for a brand name drug;

(2) be in a format that protects confidentiality as required by the Health Insurance Portability and Accountability Act of 1996 (29 U.S.C. Section 1181 et seq.) and its subsequent amendments;

(3) comply with federal and state law, including rules, with regard to formatting and security requirements;

Sec. 562.052. RELEASE OF CONFIDENTIAL RECORDS. A confidential record is privileged and a pharmacist may release a confidential record only to:

(1) the patient or the patient's agent;
(2) a practitioner or another pharmacist if, in the pharmacist's professional judgment, the release is necessary to protect the patient's health and well-being;
(3) the board or to a person or another state or federal agency authorized by law to receive the confidential record;

(a) A pharmacist may exercise the pharmacist's professional judgment in refilling a prescription for a prescription drug, other than a controlled substance listed in Schedule II as established by the commissioner of state health services under Chapter 481, Health and Safety Code, without the authorization of the prescribing practitioner if:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;
(2) either:
(A) a natural or manmade disaster has occurred that prohibits the pharmacist from being able to contact the practitioner; or

(B) the pharmacist is unable to contact the practitioner after reasonable effort;

(3) the quantity of prescription drug dispensed does not exceed a 72-hour supply;

(4) the pharmacist informs the patient or the patient's agent at the time of dispensing that the refill is being provided without the practitioner's authorization and that authorization of the practitioner is required for a future refill; and

(5) the pharmacist informs the practitioner of the emergency refill at the earliest reasonable time.

(b) Notwithstanding Subsection (a), in the event of a natural or manmade disaster, a pharmacist may dispense not more than a 30-day supply of a prescription drug, other than a controlled substance listed in Schedule II as established by the commissioner of state health services under Chapter 481, Health and Safety Code, without the authorization of the prescribing practitioner if:

(1) failure to refill the prescription might result in an interruption of a therapeutic regimen or create patient suffering;

(2) the natural or manmade disaster prohibits the pharmacist from being able to contact the practitioner;

(3) the governor has declared a state of disaster under Chapter 418, Government Code; and

(4) the board, through the executive director, has notified pharmacies in this state that pharmacists may dispense up to a 30-day supply of a prescription drug.

Sec. 562.0545. 90-DAY SUPPLY AND ACCELERATED REFILLS. A pharmacist may dispense up to a 90-day supply of a dangerous drug
pursuant to a valid prescription that specifies the dispensing of a lesser amount followed by periodic refills of that amount if:

(1) the total quantity of dosage units dispensed does not exceed the total quantity of dosage units authorized by the prescriber on the original prescription, including refills;

(2) the patient consents to the dispensing of up to a 90-day supply and the physician has been notified electronically or by telephone;

Prescription-related events that require a report include:

(1) an unusual increase in the number of:
   (A) prescriptions to treat respiratory or gastrointestinal complaints or fever;
   (B) prescriptions for antibiotics; and
   (C) requests for information on over-the-counter pharmaceuticals to treat respiratory or gastrointestinal complaints or fever; and

Sec. 562.056. PRACTITIONER-PATIENT RELATIONSHIP REQUIRED. (a)
Before dispensing a prescription, a pharmacist shall determine, in the exercise of sound professional judgment, that the prescription is a valid prescription. A pharmacist may not dispense a prescription drug if the pharmacist knows or should know that the prescription was issued on the basis of an Internet-based or telephonic consultation without a valid practitioner-patient relationship.

(a-1) To be a valid prescription, a prescription for a controlled substance must be issued for a legitimate medical purpose by a practitioner acting in the usual course of the practitioner's professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is on the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription.

(b) This section does not prohibit a pharmacist from dispensing a prescription when a valid practitioner-patient relationship is not present in an emergency.

(1) "Nurse" has the meaning assigned by Section 301.002. The term includes a nurse who is also registered as a pharmacy technician.

(2) "Rural hospital" means a licensed hospital with 75 beds or fewer that:

(A) is located in a county with a population of 50,000 or less; or

(B) has been designated by the Centers for Medicare and Medicaid Services as a critical access hospital, rural referral center, or sole community hospital.

(b) If a practitioner orders a prescription drug or device for a patient in a rural hospital when the hospital pharmacist is not on
duty or when the institutional pharmacy is closed, a nurse or practitioner may withdraw the drug or device from the pharmacy in sufficient quantity to fill the order.

(c) The hospital pharmacist shall verify the withdrawal of a drug or device under Subsection (b) and perform a drug regimen review not later than the seventh day after the date of the withdrawal.

(d) In a rural hospital that uses a floor stock method of drug distribution, a nurse or practitioner may withdraw a prescription drug or device from the institutional pharmacy in the original manufacturer's container or a prepackaged container.

(e) The hospital pharmacist shall verify the withdrawal of a drug or device under Subsection (d) and perform a drug regimen review not later than the seventh day after the date of the withdrawal.

(f) A rural hospital may allow a pharmacy technician to perform the duties specified in Subsection (g) if:
   (1) the pharmacy technician is registered and meets the training requirements specified by the board;
   (2) a pharmacist is accessible at all times to respond to any questions and needs of the pharmacy technician or other hospital employees, by telephone, answering or paging service, e-mail, or any other system that makes a pharmacist accessible; and
   (3) a nurse or practitioner or a pharmacist by remote access verifies the accuracy of the actions of the pharmacy technician.

(g) If the requirements of Subsection (f) are met, the pharmacy technician may, during the hours that the institutional pharmacy in the hospital is open, perform the following duties in the pharmacy without the direct supervision of a pharmacist:

(h) The pharmacist-in-charge of an institutional pharmacy in a rural hospital shall develop and implement policies and procedures for the operation of the pharmacy when a pharmacist is not on-site.

(i) On or after September 1, 2011, the board may establish, by rule, a requirement for prospective and retrospective drug use review by a pharmacist for each new drug order. A drug use review is not required when a delay in administration of the drug would harm the patient in an urgent or emergency situation, including sudden changes in a patient's clinical status.

(j) Rural hospitals may establish standing orders and protocols, to be developed jointly by the pharmacist and medical staff, that may include additional exceptions to instances in which prospective drug use review is required.

(k) This section does not restrict or prohibit the board from adopting a rule related to authorizing the withdrawal of a drug or device by a nurse or practitioner from, or the supervision of a pharmacy technician in, an institutional pharmacy not located in a rural hospital. As part of the rulemaking process, the board shall consider the effect that a proposed rule, if adopted, would have on access to pharmacy services in hospitals that are not rural hospitals.

(l) The board shall adopt rules to implement this section, including rules specifying:

1. the records that must be maintained under this section;
2. the requirements for policies and procedures for operation of a pharmacy when a pharmacist is not on-site; and

SUBCHAPTER C. PHARMACY PEER REVIEW

Sec. 564.101. DEFINITIONS. In this subchapter:
   (1) "Pharmacy peer review committee" means:
      (A) a pharmacy peer review, judicial, or grievance committee of a pharmacy society or association that is authorized to
evaluate the quality of pharmacy services or the competence of pharmacists and suggest improvements in pharmacy systems to enhance patient care; or

(B) a pharmacy peer review committee established by a person who owns a pharmacy or employs pharmacists that is authorized to evaluate the quality of pharmacy services or the competence of pharmacists and suggest improvements in pharmacy systems to enhance patient care.

(2) "Pharmacy society or association" means a membership organization of pharmacists that is incorporated under the Texas Non-Profit Corporation Act (Article 1396-1.01 et seq., Vernon's Texas Civil Statutes) or that is exempt from the payment of federal income taxes under Section 501(c) of the Internal Revenue Code of 1986.

Sec. 564.102. PHARMACY PEER REVIEW COMMITTEE. (a) A pharmacy peer review committee may be established to evaluate the quality of pharmacy services or the competence of pharmacists and suggest improvements in pharmacy systems to enhance patient care.

(b) The committee may review documentation of quality-related activities in a pharmacy, assess system failures and personnel deficiencies, determine facts, and make recommendations or issue decisions in a written report that can be used for continuous quality improvement purposes.

(c) A pharmacy peer review committee includes the members, employees, and agents of the committee, including assistants, investigators, attorneys, and any other agent that serves the committee in any capacity.

Sec. 564.103. CONFIDENTIALITY. (a) Except as otherwise provided by this subchapter, all proceedings and records of a pharmacy peer review committee are confidential and all communications made to a pharmacy peer review committee are privileged.
(b) If a court makes a preliminary finding that a proceeding, record, or communication described by Subsection (a) is relevant to an anticompetitive action or an action brought under federal civil rights provisions under 42 U.S.C. Section 1983, then the proceeding, record, or communication is not confidential to the extent it is considered to be relevant.

(c) The final report of, and any written or oral communication made to, a pharmacy peer review committee and the records and proceedings of the committee may be disclosed to another pharmacy peer review committee, appropriate state or federal agencies, national accreditation bodies, or the state board of registration or licensure of this or any other state.

(d) Disclosure to the affected pharmacist of confidential pharmacy peer review committee information pertinent to the matter under review does not constitute waiver of the confidentiality provisions provided by this section.

(e) If a pharmacy peer review committee takes action that could result in censure, license suspension, restriction, limitation, or revocation by the board or denial of membership or privileges in a health care entity, the affected pharmacist must be provided a written copy of the recommendation of the pharmacy peer review committee and a copy of the pharmacy peer review committee's final decision, including a statement of the basis for the decision.

(f) Unless disclosure is required or authorized by law, records or determinations of, or communications to, a pharmacy peer review committee are not subject to subpoena or discovery and are not admissible as evidence in any civil, judicial, or administrative proceeding without waiver of the privilege of confidentiality executed in writing by the committee. The evidentiary privilege created by this section may be invoked by any person or organization in any civil, judicial, or administrative proceeding unless the person or organization has secured a waiver of the privilege executed in writing by the presiding officer, assistant presiding officer, or secretary of the affected pharmacy peer review committee.

(g) Reports, information, or records received and maintained by the board under this subchapter are considered investigative files and are confidential and may only be released as specified in Section 565.055.

Sec. 564.104. USE OF INFORMATION IN CIVIL AND CRIMINAL ACTIONS. (a) If a pharmacy peer review committee, a person participating in peer review, or any organization named as a defendant in any civil action filed as a result of participation in peer review may use otherwise confidential information in the committee's, person's, or organization's own defense or in a claim or suit under Section 564.106(b), a plaintiff in the proceeding may disclose records or determinations of, or communications to, a peer review committee in rebuttal to information supplied by the defendant. 

(b) Any person seeking access to privileged information must plead and prove waiver of the privilege.

(c) A member, employee, or agent of a pharmacy peer review committee who provides access to otherwise privileged communications or records in cooperation with a law enforcement authority in a criminal investigation is not considered to have waived any privilege established under this subchapter.

Sec. 564.105. COMPLIANCE WITH SUBPOENA. All persons, including governing bodies and medical staffs of health care entities, shall comply fully with a subpoena issued by the board for documents or information as otherwise authorized by law. The disclosure of documents or information under the subpoena does not constitute a waiver of the privilege associated with a pharmacy peer review committee proceeding. Failure to comply with the subpoena is grounds for disciplinary action against the facility or individual by the appropriate licensing board.

Sec. 564.106. IMMUNITY. (a) A cause of action does not accrue against the members, agents, or employees of a pharmacy peer review committee from any act, statement, determination, or recommendation
made or act reported, without malice, in the course of peer review according to this subchapter.

(b) A pharmacy peer review committee, a person participating in peer review, or a health care entity named as a defendant in any civil action filed as a result of participation in peer review may use otherwise confidential information obtained for legitimate internal business and professional purposes, including use in the committee's, person's, or entity's own defense. The use of the information does not waive the confidential and privileged nature of pharmacy peer review committee proceedings.

The total amount of the penalty assessed for a violation continuing or occurring on separate days under this subsection may not exceed $2,500.

(d) The amount shall be based on:
(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the violation;

(2) contrary to the instructions of the funeral establishment.

Acts 1999, 76th Leg., ch. 388, Sec. 1, eff. Sept. 1, 1999.

Sec. 651.5011. CHARGING FUNERAL DIRECTOR IN CHARGE WITH VIOLATION. In determining whether to charge a funeral director in charge with a violation based on conduct for which a licensed employee of the funeral establishment was directly responsible, the commission may consider:

(1) the nature and seriousness of the violation;

(2) the extent to which the licensed employee of the funeral establishment whose conduct is the basis of the violation was under the direct supervision of the funeral director in charge or
another person at the time the licensed employee engaged in the conduct; and

(3) the causal connection between the supervision of the licensed employee of the funeral establishment by the funeral director in charge and the conduct engaged in by the licensed employee that is the basis of the violation.

(A) has violated this chapter or a rule adopted under this chapter;

(B) previously held an establishment license that was suspended or revoked; or

(C) attempts to avoid a revocation, suspension, or license refusal by subterfuge or other evasive means.

(b) A person to whom the commission refuses to issue a license under Subsection (a) may appeal the decision by submitting a written request for a hearing in accordance with Chapter 2001, Government Code, not later than the 30th day after the date of the refusal.

(c) The commission and the person to whom the commission refuses to issue a license may agree to the issuance of a probationary license, or the commission may, after a hearing, order that a license be issued on a probationary basis.

(d) A person applying for a funeral director's or embalmer's license who has a criminal conviction described by Section 651.452 may request a hearing on whether the conviction prevents the commission from issuing a license or a provisional license. A hearing under this subsection must be requested before the person enters mortuary school and shall be conducted as required by Section 651.506. A decision made in a hearing under this subsection, unless
modified on appeal, is binding on the commission and on the person who requests the hearing when the person applies to the commission for the license or provisional license.

Sec. 651.5025. IMMEDIATE LICENSE REVOCATION; EFFECT OF CERTAIN FELONY CONVICTIONS. (a) The commission may revoke the license of a license holder without a hearing if the commission determines from the information presented to it that the license holder has been convicted of a felony related to the practice of embalming, funeral directing, or another activity regulated by the commission under this chapter. The commission shall notify the license holder if it decides to revoke the license.

(b) The license holder may appeal the decision by submitting a written request for a hearing in accordance with this chapter and Chapter 2001, Government Code, not later than the 30th day after the date of the revocation.

(b) Chapter 551, Government Code, does not prohibit the disciplinary panel from holding a meeting by telephone conference call if convening the panel at one location is inconvenient for any member of the panel.

(c) The disciplinary panel shall temporarily suspend or restrict the license if the panel determines from the information presented to it with or without a hearing, that the license holder has violated this chapter or a rule adopted under this chapter and would, by the license holder's continued unrestricted activity,
constitute a continuing threat to the public welfare.

(d) The suspension or restriction may be without notice or hearing if:

(1) the commission immediately provides notice of the suspension or restriction to the funeral director or embalmer;
(2) proceedings for a hearing under Section 651.506 are initiated simultaneously with the suspension or restriction; and
(3) the hearing is held as required by Chapter 2001, Government Code, and this chapter not later than 48 hours after the suspension or restriction.

(e) If the disciplinary panel affirms the temporary suspension or restriction at a hearing, the commission shall schedule an informal compliance meeting that meets the requirements of Section 2001.054(c), Government Code, and this chapter to be held as soon as practicable unless:

(1) it is evident from the determination of the panel that the funeral director or embalmer would be unable to show compliance at the informal meeting regarding the issues that are the basis for the temporary suspension or restriction; or
(2) an informal meeting has already been held regarding the issues that are the basis for the temporary suspension or restriction.

(f) If the funeral director or embalmer is unable to show compliance at the informal meeting under Subsection (e), the commission shall file a formal complaint under this chapter as soon as practicable.

(g) If the disciplinary panel does not temporarily suspend or restrict the license after considering the information presented to it at a hearing under Subsection (c), the facts that were the basis for the temporary suspension or restriction may not be the sole basis of another proceeding to temporarily suspend or restrict the funeral director's or embalmer's license. The commission may use those same facts in a later investigation to obtain new information that may be the basis for the temporary suspension or restriction of a funeral director's or embalmer's license, including facts presented to the disciplinary panel and facts known to the commission at the time evidence was presented to the disciplinary panel.

Added by Acts 2003, 78th Leg., ch. 562, Sec. 29, eff. Sept. 1, 2003.

(b) The warning must:

(1) describe the identified violation; and

If the commission orders probation, the commission may require the license holder to:

(1) report regularly to the commission on matters that are the basis of the probation;

(2) limit practice to the areas prescribed by the commission; or
(3) continue or renew professional education until the license holder attains a degree of skill satisfactory to the commission in those areas that are the basis of the probation.

(b) The commission shall notify in writing a license holder placed on probation of the probation. The commission shall furnish the license holder with written probationary orders that detail the actions required by the commission of the license holder during the probation period.

The commission may also review a transcript of the proceeding before making its final ruling. The commission shall adopt the ruling of the administrative law judge as its ruling unless it finds good cause to issue a different ruling. The commission shall explain in writing the reasons for adopting a ruling other than the one issued by the administrative law judge.

(g) The commission shall inform each interested person, including a person filing the complaint, of the right to obtain at that person's cost a tape or transcript of a hearing or proceeding under this section.

(h) A member or agent of the commission who carries out the functions of the commission and is assigned to make a decision, finding of fact, or conclusion of law in a proceeding pending before the commission may not communicate directly or indirectly with a party to the proceeding or a party's representative unless notice and an opportunity to participate is given to all parties to the proceeding.

Sec. 651.507. EFFECT OF MULTIPLE VIOLATIONS. (a) The
commission or an administrative law judge employed by the State Office of Administrative Hearings shall review each disciplinary proceeding to determine whether the license holder has previously violated the same provision of this chapter or rule adopted under this chapter. If it is determined that the license holder has previously violated the same provision of this chapter or rule adopted under this chapter, the commission or administrative law judge shall impose a disciplinary action that is more severe than that imposed on the previous occasion.

(b) In a disciplinary proceeding involving multiple violations of this chapter, the commission or the administrative law judge shall impose a disciplinary action that is more severe than the disciplinary action that would be imposed cumulatively for each of the individual violations.

executed by the client; or

(2) an appropriate court order or subpoena.

(c) A veterinarian who releases information as required under Subsection (b) is not liable to any person, including the client, for an action resulting from the disclosure.

(d) The privilege provided by this section is waived by the client or the owner of an animal treated by the veterinarian to the extent the client or owner places at issue in a civil or criminal proceeding:

(1) the nature and extent of the animal's injuries; or
(2) the care and treatment of the animal provided by the veterinarian.

(d-1) The privilege provided by this section is waived by the client or the owner of the animal treated by the veterinarian in a proceeding to substantiate and collect on a claim for the provision of or a debt incurred for veterinary services.

(e) This section does not apply to an inspection or investigation conducted by the board or an agent of the board.

(f) A veterinarian does not violate this section by providing the name or address of a client, or the rabies vaccination status of a specific client's specific animal, to a public health authority, veterinarian, physician, or other licensed health care professional who requests the identity of the client to obtain information for:

(1) the verification of a rabies vaccination;
(2) other treatment involving a life-threatening situation; or
(3) a public health purpose.

(g) A public health authority that receives information under Subsection (f) shall maintain the confidentiality of the information, may not disclose the information under Chapter 552, Government Code, and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

(b) The leased space must be definite and apart from the space occupied by other occupants of the premises. The leased space must be separated from the space used by other occupants by solid and opaque partitions or walls that extend from the floor to the ceiling. The requirement of this subsection is not satisfied by the use of railings, curtains, or other similar arrangements.
(c) The leased space must have a patient's entrance that:
   (1) opens to a public street, hall, lobby, corridor, or other public thoroughfare other than the aisle of a mercantile establishment; and
   (2) is actually used as an entrance by the veterinarian's patients.

(d) The leased space may have an additional patient's entrance, that may be nonopaque, that opens from the inside of the mercantile establishment directly into the leased space.

(e) The practice of the veterinarian may not be conducted in any part as a department or concession of the mercantile establishment. A legend or sign that states "Veterinary Department," or that contains other words implying that the practice is not an independent veterinary practice, may not be displayed on the premises or in an advertisement for the premises. The use of the veterinarian's name must clearly indicate that the practice is independent and not under the ownership or control of the mercantile establishment.

(f) The patient and business records of the practice of the veterinarian are the sole property of the veterinarian. The mercantile establishment or a person who is not a veterinarian may not control the records, except that:
   (1) business records that are essential to the initiation or continuation of a percentage of gross receipts lease of space may be inspected by the lessor; and
   (2) a veterinarian may enter into a management agreement that permits an employee or agent of the management company to access or copy patient records as necessary to perform management functions.

(b) Section 801.355 does not prohibit the delivery of temporary limited-service veterinary activities, including preventive
veterinary services such as vaccinations and testing, at a mercantile establishment that is not owned or under the exclusive control of a veterinarian if the services are periodic and delivered by a veterinarian. The board by rule may establish the conditions under which a veterinarian may provide the services described by this subsection.

(2) after notice is given under Subsection (a), the veterinarian and client agree to extend the veterinarian's care of the animal.
(c) The client's contact of the veterinarian by mail, telephone, or personal communication does not extend the veterinarian's obligation to treat, board, or care for an animal unless the veterinarian and client agree to extend the veterinarian's care of the animal.
(d) An animal is considered abandoned on the 11th day after the date the veterinarian mails the notice under Subsection (a) unless an agreement is made to extend the care for the animal.
(e) Notice given by a veterinarian under Subsection (a) does not relieve a client of liability to pay for treatment, boarding, or care provided by the veterinarian.

Sec. 1001.003. PRACTICE OF ENGINEERING. (a) In this section:
(1) "Design coordination" includes the review and coordination of technical submissions prepared by others, including the work of other professionals working with or under the direction of an engineer with professional regard for the ability of each professional involved in a multidisciplinary effort.
(2) "Engineering survey" includes any survey activity required to support the sound conception, planning, design, construction, maintenance, or operation of an engineered project. The term does not include the surveying of real property or other activity regulated under Chapter 1071.

(b) In this chapter, "practice of engineering" means the performance of or an offer or attempt to perform any public or private service or creative work, the adequate performance of which requires engineering education, training, and experience in applying special knowledge or judgment of the mathematical, physical, or engineering sciences to that service or creative work.

(c) The practice of engineering includes:
(1) consultation, investigation, evaluation, analysis, planning, engineering for program management, providing an expert engineering opinion or testimony, engineering for testing or evaluating materials for construction or other engineering use, and mapping;
(2) design, conceptual design, or conceptual design coordination of engineering works or systems;
(3) development or optimization of plans and specifications for engineering works or systems;
(4) planning the use or alteration of land or water or the design or analysis of works or systems for the use or alteration of land or water;
(5) responsible charge of engineering teaching or the teaching of engineering;

and to each person who is a subject of the complaint a copy of the
board's policies and procedures relating to complaint investigation
and resolution.

(d) The board, at least quarterly and until final disposition

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.556. DISCLOSURE OF CERTAIN INFORMATION RELATING TO OCCUPANTS. Notwithstanding other law, a license holder is not required to inquire about, disclose, or release information relating
to whether:

(1) a previous or current occupant of real property had, may have had, has, or may have AIDS, an HIV-related illness, or an HIV infection as defined by the Centers for Disease Control and Prevention of the United States Public Health Service; or

(2) a death occurred on a property by natural causes, suicide, or accident unrelated to the condition of the property.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.557. ACTING AS AGENT; REGULATION OF CERTAIN TRANSACTIONS. (a) A broker who represents a party in a real estate transaction or who lists real estate for sale under an exclusive agreement for a party is that party's agent.

(b) A broker described by Subsection (a):

(1) may not instruct another broker to directly or indirectly violate Section 1101.652(b)(22);

(2) must inform the party if the broker receives material information related to a transaction to list, buy, sell, or lease the party's real estate, including the receipt of an offer by the broker; and

(3) shall, at a minimum, answer the party's questions and present any offer to or from the party.

(c) For the purposes of this section:

(1) a license holder who has the authority to bind a party to a lease or sale under a power of attorney or a property management agreement is also a party to the lease or sale;

(2) an inquiry to a person described by Section 1101.005(6) about contract terms or forms required by the person's employer does not violate Section 1101.652(b)(22) if the person does not have the authority to bind the employer to the contract; and

(3) the sole delivery of an offer to a party does not violate Section 1101.652(b)(22) if:

(A) the party's broker consents to the delivery;

(B) a copy of the offer is sent to the party's broker, unless a governmental agency using a sealed bid process does not allow a copy to be sent; and

(C) the person delivering the offer does not engage in another activity that directly or indirectly violates Section
1101.652(b)(22).

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003. Amended by:
Accepted 2005, 79th Leg., Ch. 825 (S.B. 810), Sec. 7, eff. September 1, 2005.

Sec. 1101.558. REPRESENTATION DISCLOSURE. (a) In this section, "substantive dialogue" means a meeting or written communication that involves a substantive discussion relating to specific real property. The term does not include:

(1) a meeting that occurs at a property that is held open for any prospective buyer or tenant; or

(2) a meeting or written communication that occurs after the parties to a real estate transaction have signed a contract to sell, buy, or lease the real property concerned.

(b) A license holder who represents a party in a proposed real estate transaction shall disclose, orally or in writing, that representation at the time of the license holder's first contact with:

(1) another party to the transaction; or

(2) another license holder who represents another party to the transaction.

(c) A license holder shall provide to a party to the real estate transaction at the time of the first substantive dialogue with the party the written statement prescribed by Subsection (d) unless:

(1) the proposed transaction is for a residential lease for not more than one year and a sale is not being considered; or

(2) the license holder meets with a party who is represented by another license holder.

(d) The written statement required by Subsection (c) must be printed in a format that uses at least 10-point type and read as follows:

"Before working with a real estate broker, you should know that the duties of a broker depend on whom the broker represents. If you are a prospective seller or landlord (owner) or a prospective buyer or tenant (buyer), you should know that the broker who lists the property for sale or lease is the owner's agent. A broker who acts as a subagent represents the owner in cooperation with the listing
broker. A broker who acts as a buyer's agent represents the buyer. A broker may act as an intermediary between the parties if the parties consent in writing. A broker can assist you in locating a property, preparing a contract or lease, or obtaining financing without representing you. A broker is obligated by law to treat you honestly.

"IF THE BROKER REPRESENTS THE OWNER: The broker becomes the owner's agent by entering into an agreement with the owner, usually through a written listing agreement, or by agreeing to act as a subagent by accepting an offer of subagency from the listing broker. A subagent may work in a different real estate office. A listing broker or subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first. The buyer should not tell the owner's agent anything the buyer would not want the owner to know because an owner's agent must disclose to the owner any material information known to the agent.

"IF THE BROKER REPRESENTS THE BUYER: The broker becomes the buyer's agent by entering into an agreement to represent the buyer, usually through a written buyer representation agreement. A buyer's agent can assist the owner but does not represent the owner and must place the interests of the buyer first. The owner should not tell a buyer's agent anything the owner would not want the buyer to know because a buyer's agent must disclose to the buyer any material information known to the agent.

"IF THE BROKER ACTS AS AN INTERMEDIARY: A broker may act as an intermediary between the parties if the broker complies with The Texas Real Estate License Act. The broker must obtain the written consent of each party to the transaction to act as an intermediary. The written consent must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. The broker is required to treat each party honestly and fairly and to comply with The Texas Real Estate License Act. A broker who acts as an intermediary in a transaction: (1) shall treat all parties honestly; (2) may not disclose that the owner will accept a price less than the asking price unless authorized in writing to do so by the owner; (3) may not disclose that the buyer will pay a price greater than the price submitted in a written offer unless authorized in writing to do so by the buyer; and (4) may not disclose any confidential information or any information that a party specifically instructs the broker in writing.
not to disclose unless authorized in writing to disclose the information or required to do so by The Texas Real Estate License Act or a court order or if the information materially relates to the condition of the property. With the parties' consent, a broker acting as an intermediary between the parties may appoint a person who is licensed under The Texas Real Estate License Act and associated with the broker to communicate with and carry out instructions of one party and another person who is licensed under that Act and associated with the broker to communicate with and carry out instructions of the other party.

"If you choose to have a broker represent you, you should enter into a written agreement with the broker that clearly establishes the broker's obligations and your obligations. The agreement should state how and by whom the broker will be paid. You have the right to choose the type of representation, if any, you wish to receive. Your payment of a fee to a broker does not necessarily establish that the broker represents you. If you have any questions regarding the duties and responsibilities of the broker, you should resolve those questions before proceeding."

(e) The license holder may substitute "buyer" for "tenant" and "seller" for "landlord" as appropriate in the written statement prescribed by Subsection (d).

**Sec. 1101.559. BROKER ACTING AS INTERMEDIARY.** (a) A broker may act as an intermediary between parties to a real estate transaction if:

1. the broker obtains written consent from each party for the broker to act as an intermediary in the transaction; and
2. the written consent of the parties states the source of any expected compensation to the broker.

(b) A written listing agreement to represent a seller or landlord or a written agreement to represent a buyer or tenant that authorizes a broker to act as an intermediary in a real estate transaction is sufficient to establish written consent of the party to the transaction if the written agreement specifies in conspicuous bold or underlined print the conduct that is prohibited under Section
1101.651(d).

(c) An intermediary shall act fairly and impartially.
Appointment by a broker acting as an intermediary of an associated license holder under Section 1101.560 to communicate with, carry out the instructions of, and provide opinions and advice to the parties to whom that associated license holder is appointed is a fair and impartial act.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.560. ASSOCIATED LICENSE HOLDER ACTING AS INTERMEDIARY. (a) A broker who complies with the written consent requirements of Section 1101.559 may appoint:

(1) a license holder associated with the broker to communicate with and carry out instructions of one party to a real estate transaction; and

(2) another license holder associated with the broker to communicate with and carry out instructions of any other party to the transaction.

(b) A license holder may be appointed under this section only if:

(1) the written consent of the parties under Section 1101.559 authorizes the broker to make the appointment; and

(2) the broker provides written notice of the appointment to all parties involved in the real estate transaction.

(c) A license holder appointed under this section may provide opinions and advice during negotiations to the party to whom the license holder is appointed.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.561. DUTIES OF INTERMEDIARY PREVAIL. (a) The duties of a license holder acting as an intermediary under this subchapter supersede the duties of a license holder established under any other law, including common law.

(b) A broker must agree to act as an intermediary under this subchapter if the broker agrees to represent in a transaction:

(1) a buyer or tenant; and

(2) a seller or landlord.
SUBCHAPTER M. REAL ESTATE RECOVERY TRUST ACCOUNT

Sec. 1101.601. REAL ESTATE RECOVERY TRUST ACCOUNT. (a) The commission shall maintain a real estate recovery trust account to reimburse aggrieved persons who suffer actual damages caused by an act described by Section 1101.602 committed by:

(b) The license or certificate holder must have held the license or certificate at the time the act was committed.

Sec. 1101.602. ENTITLEMENT TO REIMBURSEMENT. An aggrieved person is entitled to reimbursement from the trust account if a person described by Section 1101.601 engages in conduct described by Section 1101.652(a)(3) or (b) or 1101.653(1), (2), (3), or (4).

Sec. 1101.603. PAYMENTS INTO TRUST ACCOUNT. (a) In addition to other fees required by this chapter, an applicant for an original license must pay a fee of $10.
(b) In addition to other fees required by this chapter, an applicant for an original certificate of registration or renewal certificate must pay a fee of $50.
(c) The commission shall deposit to the credit of the trust account:
(1) fees collected under Subsections (a) and (b); and
(2) an administrative penalty collected under Subchapter O for a violation by a person licensed as a broker or salesperson.
(d) An administrative penalty collected under Subchapter O for...
a violation by a person who is not licensed under this chapter or
Chapter 1102 shall be deposited to the credit of the trust account or
the real estate inspection recovery fund, as determined by the
commission.

(e) On a determination by the commission at any time that the
balance in the trust account is less than $1 million, each license
holder at the next license renewal must pay, in addition to the
renewal fee, a fee that is equal to the lesser of $10 or a pro rata
share of the amount necessary to obtain a balance in the trust
account of $1.7 million. The commission shall deposit the additional
fee to the credit of the trust account.

(f) To ensure the availability of a sufficient amount to pay
anticipated claims on the trust account, the commission by rule may
provide for the collection of assessments at different times and
under conditions other than those specified by this chapter.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.
Amended by Acts 2003, 78th Leg., ch. 1276, Sec. 14A.160(a), eff.

Sec. 1101.604. MANAGEMENT OF TRUST ACCOUNT. (a) The
commission shall hold money credited to the trust account in trust to
carry out the purpose of the trust account.

(b) Money credited to the trust account may be invested in the
same manner as money of the Employees Retirement System of Texas,
except that an investment may not be made that would impair the
liquidity necessary to make payments from the trust account as
required by this subchapter.

(c) Interest from the investments shall be deposited to the
credit of the trust account.

(d) If the balance in the trust account on December 31 of a
year is more than the greater of $3.5 million or the total amount of
claims paid from the trust account during the preceding four fiscal
years, the commission shall transfer the excess amount of money in
the trust account to the credit of the general revenue fund.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.605. DEADLINE FOR ACTION; NOTICE TO COMMISSION. (a)

the trust account may not be brought after the second anniversary of
the date the cause of action accrues.

(b) When an aggrieved person brings an action for a judgment
that may result in an order for payment from the trust account, the
license or certificate holder against whom the action is brought
shall notify the commission in writing of the action.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.606. CLAIM FOR PAYMENT FROM TRUST ACCOUNT. (a)
Except as provided by Subsection (c), an aggrieved person who obtains
a court judgment against a license or certificate holder for an act
described by Section 1101.602 may, after final judgment is entered,
execution returned nulla bona, and a judgment lien perfected, file a
verified claim in the court that entered the judgment.

(b) After the 20th day after the date the aggrieved person
gives written notice of the claim to the commission and judgment
debtor, the person may apply to the court that entered the judgment
for an order for payment from the trust account of the amount unpaid
on the judgment. The court shall proceed promptly on the
application.

(c) If an aggrieved person is precluded by action of a
bankruptcy court from executing a judgment or perfecting a judgment
lien as required by Subsection (a), the person shall verify to the
commission that the person has made a good faith effort to protect
the judgment from being discharged in bankruptcy.

(d) The commission by rule may prescribe the actions necessary
for an aggrieved person to demonstrate that the person has made a
good faith effort under Subsection (c) to protect a judgment from
being discharged in bankruptcy.

Sec. 1101.607. ISSUES AT HEARING. At the hearing on the
application for payment from the trust account, the aggrieved person
must show:

(1) that the judgment is based on facts allowing recovery under this subchapter;
(2) that the person is not:
   (A) the spouse of the judgment debtor or the personal representative of the spouse; or
   (B) a license or certificate holder who is seeking to recover compensation, including a commission, in the real estate transaction that is the subject of the application for payment;
(3) that, according to the best information available, the judgment debtor does not have sufficient attachable assets in this or another state to satisfy the judgment;
(4) the amount that may be realized from the sale of assets liable to be sold or applied to satisfy the judgment; and

Sec. 1101.608. COMMISSION RESPONSE. (a) On receipt of notice under Section 1101.606 and the scheduling of a hearing, the commission may notify the attorney general of the commission's desire to enter an appearance, file a response, appear at the hearing, defend the action, or take any other action the commission considers appropriate.

(b) The commission and the attorney general may act under Subsection (a) only to:
   (1) protect the trust account from spurious or unjust claims; or

(1) of the truth of each matter the aggrieved person is required by Section 1101.607 to show; and

(2) that the aggrieved person has satisfied each requirement of Sections 1101.606 and 1101.607.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.610. PAYMENT LIMITS; ATTORNEY'S FEES. (a) Payments from the trust account for claims, including attorney's fees, interest, and court costs, arising out of a single transaction may not exceed a total of $50,000, regardless of the number of claimants.

(b) Payments from the trust account for claims based on judgments against a single license or certificate holder may not exceed a total of $100,000 until the license or certificate holder has reimbursed the trust account for all amounts paid.

(c) If the court finds that the total amount of claims against a license or certificate holder exceeds the limitations in this section, the court shall proportionately reduce the amount payable on each claim.

(d) A person receiving payment from the trust account is entitled to receive reasonable attorney's fees in the amount determined by the court, subject to the limitations prescribed by this section.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.612. SUBROGATION. (a) The commission is subrogated

(b) The commission has priority for repayment from any subsequent recovery on the judgment.

(c) The commission shall deposit any amount recovered on the judgment to the credit of the trust account.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

(b) A license or certificate holder's repayment of all amounts owed to the trust account does not affect another disciplinary proceeding brought under this chapter.

Added by Acts 2001, 77th Leg., ch. 1421, Sec. 2, eff. June 1, 2003.

Sec. 1101.614. WAIVER OF RIGHTS. An aggrieved person who does not comply with this subchapter waives the person's rights under this subchapter.

(d) Except as approved by the department, a local governmental unit may not require a permit, a fee, a bond, or insurance for the transportation and installation of manufactured housing by a licensed retailer or installer. This subsection does not prohibit the collection of actual costs incurred by a local governmental unit that result from the transportation of a manufactured home.

(e) Notwithstanding any zoning or other law, in the event that a manufactured home occupies a lot in a municipality, the owner of the manufactured home may remove the manufactured home from its location and place another manufactured home on the same property, provided that the replacement is a newer manufactured home and is at least as large in living space as the prior manufactured home.

(f) An owner's ability to replace the home as a result of a fire or natural disaster cannot be restricted. Other than in the case of a fire or natural disaster, a general-rule or home-rule municipality by an ordinance or charter may limit the ability of the owner to replace his home to a single replacement.

The applicant is required to submit a set of fingerprints only once under this section unless a replacement set is otherwise needed to complete the criminal history check required by this section.

(b) Except in the case of an applicant for a salesperson's license, successful completion of the course of instruction is a prerequisite to obtaining the license.

(c) An applicant for a salesperson's license may apply for a license without having completed the course of instruction if the person successfully completes the course not later than the 90th day after the date of the person's licensure. If the person fails to complete such course successfully and in a timely manner, the person's license is automatically suspended until the person successfully completes the course.

(d) The course of instruction must be offered at least quarterly.

(e) The board shall adopt rules relating to course content and approval.

(f) An applicant for an initial installer's license shall receive a license on a provisional basis. The board, with the advice of the advisory committee to be established under Section 1201.251, shall adopt rules to establish what constitutes a sufficient number of installations under this subsection.

(g) Subsections (a), (a-2), (a-3), and (a-4) do not apply to a license holder who applies:

(1) for a license for an additional business location; or
(2) to renew or reinstate a license.

(b) To ensure the availability of prompt and satisfactory warranty service, a manufacturer that does not have a licensed manufacturing plant or other facility in this state from which warranty service and repairs can be provided shall file a bond or other security in the additional amount of $100,000.

by being listed as an exempt organization under Section 501(c) of that code does not require a bond.

(d) If a retailer or broker offers for sale or participates in any way in the sale of a manufactured home at a location other than an undivided parcel of real property where more than one manufactured home is located and offered for sale, exchange, or lease-purchase by a retailer or broker to the public, the retailer or broker must:

director before the 60th day preceding the effective date of cancellation.

(b) If a surety files for liquidation or reorganization in bankruptcy or is placed in receivership, the license holder shall obtain other security not later than the 60th day after the date that notice of the filing or receivership is received.

(c) If the required face amount of a security is impaired by the payment of a claim, the license holder shall restore the security to the required face amount not later than the 60th day after the date of impairment.
